Business Law I Essentials - MIRANDE. DE ASSIS VALBRUNE (RENEE. CARDELL, SUZANNE.) 2019-09-27

A less-expensive grayscale paperback version is available. Search for ISBN 9781680923018. Business Law I Essentials is a brief introductory textbook designed to meet the scope and sequence requirements of courses on Business Law or the Legal Environment of Business. The concepts are presented in a streamlined manner, and cover the key concepts necessary to establish a strong foundation in the subject. The textbook follows a traditional approach to the study of business law. Each chapter contains learning objectives, explanatory narrative and concepts, references for further reading, and end-of-chapter questions. Business Law I Essentials may need to be supplemented with additional content, cases, or related materials, and is offered as a foundational resource that focuses on the baseline concepts, issues, and approaches.

Research Design and Methods - Kenneth S. Bordens 2010-09-01

Research Design and Methods: A Process Approach guides students through the research process, from conceiving of and developing a research idea, to designing and conducting a study, to analyzing and reporting data. The authors present students with information on the numerous decisions they must make when designing and conducting research and indicate how their early decisions affect how data are collected, analyzed, and interpreted later in the research process. A focus on the importance of ethical conduct, both in the treatment of research subjects and in the reporting of research results, directs the text. The Entrepreneur's Guide to Law and Strategy - Constance E. Bagley 2017-02-21

Business Insider calls The ENTREPRENEUR'S GUIDE "perhaps the most useful business book you can ever read" and lists it among twenty-five must-read books for entrepreneurs. THE ENTREPRENEUR'S GUIDE TO LAW AND STRATEGY, 5E examines stages of starting a business -- from start-up and growth to public offering, while highlighting legal preparations and pitfalls. Cutting-edge examples show how legally astute entrepreneurs can strategically increase realizable value, deploy resources, and manage risk. The book discusses leaving a job, hiring former coworkers, competing with a former employer, workplace legislation, product liability, and bankruptcy. You examine current issues including today's workforce in the "gig" economy, "crowdsourcing" capital and social media, computer hacking and identity theft. Legal discussion integrates with core strategic concepts, such as Porter's Five Forces, the resource-based view of the firm, the value proposition, activities in the value chain and more. On Nineteen Eighty-Four - Abbott Gleason 2010-07-28

George Orwell's Nineteen Eighty-Four is among the most widely read books in the world. For more than 50 years, it has been regarded as a morality tale for the possible future of modern society, a future involving nothing less than extinction of humanity itself. Does Nineteen Eighty-Four remain relevant in our new century? The editors of this book assembled a distinguished group of philosophers, literary specialists, political commentators, historians, and lawyers and asked them to take a wide-ranging and uninhibited look at that question. The editors deliberately avoided Orwell scholars in an effort to call forth a fresh and diverse range of responses to the major work of one of the most durable literary figures among twentieth-century English writers. As Nineteen Eighty-Four protagonist Winston Smith has admirers on the right, in the center, and on the left, the contributors similarly represent a wide range of political, literary, and moral viewpoints. The Cold War that has so often been linked to Orwell's novel ended with more of a whimper than a bang, but most of the issues of concern to him remain alive in some form today: censorship, scientific surveillance, power worship, the autonomy of art, the meaning of democracy, relations between men and women, and many others. The contributors bring a variety of insightful and contemporary perspectives to bear on these questions.

The Law of Self Defense, 2nd Edition - Andrew F. Branca 2013-02-01

You arm yourself so you're hard to kill. Know the law so you're hard to convict. Let's face it, the world isn't always nice. That's why you take steps to protect yourself and your family. Whether it be that shotgun in the corner, the sidearm on your hip, or the pepper spray you gave your daughter, you meet that fundamental responsibility. But if you're like most people, your preparations still lack a critical element. You still need to know how to survive the critical fight that looms after any defensive encounter: the legal battle. The Law of Self Defense provides precisely that critical, missing knowledge. This book includes not just the laws of all fifty states, but how the courts apply those laws. It's a plain-talk analysis that makes the law easy to understand for anyone, not just lawyers. Bestselling author, Andrew F. Branca, is not only a lawyer and internationally recognized legal consultant, but also

a life-long member of the gun community--more than 20 years as an NRA Life Member and Instructor, an IDPA Master-class competitor, and a 2nd Amendment absolutist. Learn how to make fast, effective decisions and confidently handle life-and-death situations both tactically and legally. Read This Book And Learn the Powerful Legal Truth That Can Save Your Life, Wealth And Personal Freedom

Organisations and the Business Environment - Tom Craig
2012-05-23

This new edition of Organisations and the Business Environment provides a completely revised, extended and updated edition of the original successful text. It provides contemporary and comprehensive coverage of the subject matter which is highly relevant to business and management students at undergraduate, postgraduate and professional levels. The text is written in a clear and concise style, illustrated with topical examples and data. Organisations and the Business Environment (second edition) comprises four sections: * Business Organisations iV discusses the evolution of organisational and managerial theories and concepts with particular emphasis on their relevance in the 21st century. The different types of organisations and their missions, visions, goals and objectives are examined. * The External Business Macro-Environment iV describes and considers the political, economic, socio-cultural, technological, ecological and legal influences on organisations, utilizing the PESTEL framework of analysis. This section includes a review of the internationalization of businesses and examines the role of GATT and the WTO, single markets and trading blocs. * The External Business Micro-Environment iV provides a review of the market system and the nature of supply and demand. Market structures are examined in the light of monopolistic regimes and working for competitive advantage. The impact of government intervention is explored via regulatory bodies, privatization, and nationalization programmes. * Business Management iV explores the major aspects of contemporary business organisations, including corporate governance and business ethics. In particular, this section tackles the areas of structure, culture, change, quality management and the principal functions of organisations. This textbook is a user-friendly resource with end of chapter questions, activities and assignments to consolidate learning. Its strong emphasis on topical examples enables students to understand how theory is applied in business contexts, including, GlaxoSmithKline, BT, Scottish and Newcastle, Hanson plc and a number of not-for-profit organisations. There is additional Tutor Resource material, including presentation slides, data charts, chapter summaries, questions and answers. "An excellent book...good use of learning objectives, questions and potential assignments." Paul Blakely, Lecturer, University College of Warrington.

Mergers, Acquisitions, and Corporate Restructurings - Patrick A. Gaughan 2017-11-27

The essential M&A primer, updated with the latest research and statistics Mergers, Acquisitions, and Corporate Restructurings provides a comprehensive look at the field's growth and development, and places M&As in realistic context amidst changing trends, legislation, and global perspectives. All-inclusive coverage merges expert discussion with extensive graphs, research, and case studies to show how M&As can be used successfully, how each form works, and how they are governed by the laws of major countries. Strategies and motives are carefully analyzed alongside legalities each step of the way, and specific techniques are dissected to provide deep insight into real-world operations. This new seventh edition has been revised to improve clarity and approachability, and features the latest research and data to provide the most accurate assessment of the current M&A landscape. Ancillary materials include PowerPoint slides, a sample syllabus, and a test bank to facilitate training and streamline comprehension. As the global economy slows, merger and acquisition activity is expected to increase. This book provides an M&A primer for business executives and financial managers seeking a deeper understanding of how corporate restructuring can work for their companies. Understand the many forms of M&As, and the laws that govern them Learn the

offensive and defensive techniques used during hostile acquisitions Delve into the strategies and motives that inspire M&As Access the latest data, research, and case studies on private equity, ethics, corporate governance, and more From large megadeals to various forms of downsizing, a full range of restructuring practices are currently being used to revitalize and supercharge companies around the world. Mergers, Acquisitions, and Corporate Restructurings is an essential resource for executives needing to quickly get up to date to plan their own company's next moves.

Occupational Health and Safety in the Care and Use of Nonhuman Primates - National Research Council 2003-07-13
The field of occupational health and safety constantly changes, especially as it pertains to biomedical research. New infectious hazards are of particular importance at nonhuman-primate facilities. For example, the discovery that B virus can be transmitted via a splash on a mucous membrane raises new concerns that must be addressed, as does the discovery of the Reston strain of Ebola virus in import quarantine facilities in the U.S. The risk of such infectious hazards is best managed through a flexible and comprehensive Occupational Health and Safety Program (OHSP) that can identify and mitigate potential hazards. Occupational Health and Safety in the Care and Use of Nonhuman Primates is intended as a reference for vivarium managers, veterinarians, researchers, safety professionals, and others who are involved in developing or implementing an OHSP that deals with nonhuman primates. The book lists the important features of an OHSP and provides the tools necessary for informed decision-making in developing an optimal program that meets all particular institutional needs.

8th International Conference on Engineering, Project, and Product Management (EPPM 2017) - Sümer Şahin 2018-03-14

This book presents the proceedings of the 8th International Conference on Engineering, Project, and Product Management (EPPM 2017), highlighting the importance of engineering, project and product management in a region of the world that is in need of transformation and rebuilding. The aim of the conference was to bring together the greatest minds in engineering and management and offer them a platform to share their innovative, and potentially transformational, findings. The proceedings are comprehensive, multidisciplinary, and advanced in their approach with an appeal not only for academicians and university students but also for professionals in various engineering fields, especially construction, manufacturing and production.
