work.' D.Clayton James,  
Mississippi State  
University

'...MacDonald's powerful  
and richly detailed  
account of the Korean  
War renders all the  
painful details of  
American involvement. A  
masterful account that  
should be widely read.'

M.Cantor, University of  
Massachusetts, Amherst.

**Running with the Dogs** -  
Frederick P. Frankville  
2013-05

The US Marines fighting  
in Korea between 1950  
and 1953 were often  
outflanked and almost  
always outnumbered-but  
they were never  
outwitted. The marines  
of Dog Company, Second  
Battalion, Seventh  
Regiment (D-2-7) and  
their comrades learned  
quickly how to fight the  
erratic enemy's  
unfamiliar tactics and  
strategies and the harsh  
weather conditions in  
which they operated.

Author Frederick P.

Frankville, who fought  
up and down Korea with  
D-2-7 for nine months in  
1950 and 1951, narrates  
in detail how the  
regiment succeeded in  
its mission and helped  
create a free South  
Korea. As he  
demonstrates, the "Dogs"  
adopted new tactics as  
they fought to  
accomplish what marines  
in every war are trained  
to do: inflict more pain  
and suffering on the  
enemy than they receive  
in return. In this  
gripping, graphic,  
heartbreaking, and  
sometimes humorous  
memoir, Frankville  
shares his experiences  
and those of his fellow  
marines in wartime  
conditions and, more  
importantly, explores  
the true meaning of the  
Marine Corps' motto,  
Semper Fi-always  
faithful.

## Presidents of War -

Michael Beschloss

2018-10-09

NEW YORK TIMES

BESTSELLER • From a preeminent presidential historian comes a “superb and important” (The New York Times Book Review) saga of America’s wartime chief executives “Fascinating and heartbreaking . . . timely . . . Beschloss’s broad scope lets you draw important crosscutting lessons about presidential leadership.”—Bill Gates Widely acclaimed and ten years in the making, Michael Beschloss’s *Presidents of War* is an intimate and irresistibly readable chronicle of the Chief Executives who took the United States into conflict and mobilized it for victory. From the War of 1812 to Vietnam, we see these leaders considering the difficult decision to

send hundreds of thousands of Americans to their deaths; struggling with Congress, the courts, the press, and antiwar protesters; seeking comfort from their spouses and friends; and dropping to their knees in prayer. Through Beschloss’s interviews with surviving participants and findings in original letters and once-classified national security documents, we come to understand how these Presidents were able to withstand the pressures of war—or were broken by them. *Presidents of War* combines this sense of immediacy with the overarching context of two centuries of American history, traveling from the time of our Founders, who tried to constrain presidential power, to our modern day, when a

on by @guest

single leader has the potential to launch nuclear weapons that can destroy much of the human race. Praise for Presidents of War "A marvelous narrative. . . . As Beschloss explains, the greatest wartime presidents successfully leaven military action with moral concerns. . . . Beschloss's writing is clean and concise, and he admirably draws upon new documents. Some of the more titillating tidbits in the book are in the footnotes. . . . There are fascinating nuggets on virtually every page of Presidents of War. It is a superb and important book, superbly rendered."—Jay Winik, The New York Times Book Review "Sparkle and bite. . . . Valuable and engrossing study of how our chief executives have discharged the most significant of all their duties. . . . Excellent.

. . . A fluent narrative that covers two centuries of national conflict." —Richard Snow, The Wall Street Journal

**Analogies at War** - Yuen Foong Khong 1992  
From World War I to Operation Desert Storm, American policymakers have repeatedly invoked the "lessons of history" as they contemplated taking their nation to war. Do these historical analogies actually shape policy, or are they primarily tools of political justification?  
Yuen Foong Khong argues that leaders use analogies not merely to justify policies but also to perform specific cognitive and information-processing tasks essential to political decision-making. Khong identifies what these tasks are and shows how they can be used to explain the U.S.

decision to intervene in Vietnam. Relying on interviews with senior officials and on recently declassified documents, the author demonstrates with a precision not attained by previous studies that the three most important analogies of the Vietnam era--Korea, Munich, and Dien Bien Phu--can account for America's Vietnam choices. A special contribution is the author's use of cognitive social psychology to support his argument about how humans analogize and to explain why policymakers often use analogies poorly.

### **Korean & Vietnam Wars**

**Big Book Gr. 5-8 -**

Andrew Davis 2008-09-01

Explore the repercussions of post-World War II conflict with our Korean & Vietnam Wars 2-book BUNDLE. Start by introducing students to

the first real conflict of the Cold War period with the Korean War. Learn about the roles President Harry S. Truman, Joseph Stalin and Kim Il-sung played in the war. Travel to South Korea and experience what it was like for U.S. troops during some of the major battles fought against the advancing North Korean army. Find out about some of the weapons used during the war, and why UN forces dominated the North Korean Air Force. Then, experience the longest military conflict in U.S. history with the Vietnam War. Learn about the different tactics Presidents John F. Kennedy, Lyndon B. Johnson and Richard M. Nixon used during the war. Find out what role the introduction of the helicopter took during some of the major battles. Step into the

### **Korean War Gr. 5-8 -**

Andrew Davis 2008-09-01  
The Korean War is often referred to as the Forgotten War. It usually doesn't receive as much attention as World War II or the controversial Vietnam War which followed it. The Korean War was the first real conflict of the Cold War period

where a combined United Nations military force made up of mostly American troops intervened when communist North Korean troops backed by the Soviet Union invaded South Korea. Students will learn about the background and causes of the Korean War, major battles like Inchon and Choisin Reservoir, and major figures like Truman, Stalin, MacArthur, and Kim Il-sung. Our resource provides ready-to-use information and activities for all students in grades five to eight. Packed with reading passages, student activities, test prep, color mini posters and fun exercises, this resource can be used effectively for whole class, small group and independent work. All of our content is aligned to your State Standards and are written to

relevant political factors.

### **Focus On Women in U.S. History -**

*Kill Anything That Moves*

- Nick Turse 2013-01-15

Based on classified documents and first-person interviews, a controversial history of the Vietnam War argues that American acts of violence against millions of Vietnamese civilians were a pervasive and systematic part of the war and that soldiers were deliberately trained and ordered to conduct hate-based slaughter campaigns.

*Hardcore "Iron Mike"* - Gregg Stoner 2015-05-28

When Sergeant Major "Iron Mike" D. Mervosh enters a room, he instantly becomes the center of attention as younger Marines crowd around him to listen to his stories and have their photos taken with

him. He is an icon Marine who served thirty-five years in the Marine Corps and ultimately became the most senior enlisted man in all the armed services. In *Hardcore "Iron Mike,"* author Gregg Stoner tells Iron Mike's story, the story of an Iwo Jima conqueror. A combination of anecdotes gained from interviews of Iron Mike and commentary and background information from Stoner, this memoir tells about Iron Mike's early years growing up in Pittsburgh in the Great Depression and how he decided to join the Marine Corps when the Japanese invaded Pearl Harbor. It shares the highlights of the storied Marine's combat years where he served in three wars. Including a collection of letters and stories by various Marine comrades,

**War: How Conflict Shaped**

**Us** - Margaret MacMillan

2020-10-06

Is peace an aberration?

The New York Times

bestselling author of

Paris 1919 offers a

provocative view of war

as an essential

component of humanity.

NAMED ONE OF THE TEN

BEST BOOKS OF THE YEAR

BY THE NEW YORK TIMES

BOOK REVIEW "Margaret

MacMillan has produced

another seminal work. .

. . She is right that we

must, more than ever,

think about war. And she

has shown us how in this brilliant, elegantly written book."—H.R.

McMaster, author of

Dereliction of Duty and

Battlegrounds: The Fight

to Defend the Free World

The instinct to fight

may be innate in human

nature, but

war—organized

violence—comes with

organized society. War

has shaped humanity's

history, its social and

political institutions,

its values and ideas.

Our very language, our

public spaces, our

private memories, and

some of our greatest

cultural treasures

reflect the glory and

the misery of war. War

is an uncomfortable and

challenging subject not

least because it brings

out both the vilest and

the noblest aspects of

humanity. Margaret

MacMillan looks at the

ways in which war has

influenced human society

and how, in turn,

*Downloaded from  
[sixideasapps.pomona.edu](http://sixideasapps.pomona.edu)*

*on by @guest*

changes in political organization, technology, or ideologies have affected how and why we fight. War: How Conflict Shaped Us explores such much-debated and controversial questions as: When did war first start? Does human nature doom us to fight one another? Why has war been described as the most organized of all human activities? Why are warriors almost always men? Is war ever within our control? Drawing on lessons from wars throughout the past, from classical history to the present day, MacMillan reveals the many faces of war—the way it has determined our past, our future, our views of the world, and our very conception of ourselves.

**History of United States Naval Operations** - James A. Field, Jr. 2001-12-01  
Americans think of the

Korean War as death and hardship in the bitter hills of Korea. It was certainly this, and for those who fought this is what they generally saw. Yet every foot of the struggles forward, every step of the retreats, the overwhelming victories, the withdrawals and last ditch stands had their seagoing support and overtones. The spectacular ones depended wholly on amphibious power -- the capability of the twentieth century scientific Navy to overwhelm land-bound forces at the point of contact. Yet the all pervading influence of the sea was present even when no major landing or reinforcement highlighted its effect. When navies clash in gigantic battle or hurl troops ashore under irresistible

concentration of ship-borne guns and planes, nations understand that sea power is working. It is not so easy to understand that this tremendous force may effect its will silently, steadily, irresistibly even though no battles occur. No clearer example exists of this truth in wars dark record than in Korea. Communist-controlled North Korea had slight power at sea except for Soviet mines. So beyond this strong underwater phase the United States Navy and allies had little opposition on the water. It is, therefore, easy to fail to recognize the decisive role navies played in this war fought without large naval battles.

**Korean War: Remembering the War Gr. 5-8** - Andrew Davis 2016-06-01

\*\*This is the chapter slice "Remembering the

War Gr. 5-8" from the full lesson plan "Korean War"\*\*. Introduce students to the first real conflict of the Cold War period. From 1950 to 1953, our resource explains why we should remember the Forgotten War. Explore the geography of North and South Korea and recognize where the conflict took place. Become familiar with post-World War II tension between the United States and Russia, and how that led to the Cold War. Learn about the roles President Harry S. **Apollo's Warriors** - Michael E. Haas 1998-05 Presenting a fascinating insider's view of U.S.A.F. special operations, this volume brings to life the critical contributions these forces have made to the exercise of air & space power. Focusing in particular on the period between the Korean War & the Indochina wars of 1950-1979, the accounts of numerous missions are profusely illustrated with photos & maps.

Includes a discussion of AF operations in Europe during WWII, as well as profiles of Air Commandos who performed above & beyond the call of duty. Reflects on the need for financial & political support for restoration of the forces. Bibliography. Extensive photos & maps. Charts & tables.

**20th Century Wars** -

Robert W. Smith  
2006-02-28

Encourage students to take an in-depth view of the people and events of specific eras of American history. Nonfiction reading comprehension is emphasized along with research, writing, critical thinking, working with maps, and more. Most titles include a Readers Theater.

test essentials so students are fully prepared for the "100 Questions" & the INS interview. Also gives the opportunity for audio INS practice, sample dictations & other oral exercises

**NORTH KOREA** - Narayan Changder 2023-01-08

This book is primarily designed for students preparing for various competitive examinations. It will also be helpful for those preparing for midterm exams in schools or universities. The aim of this book is twofold: first, to help the students preparing for competitive examinations, seeking admission to universities or schools, or prepare for job interviews. Second, it will also be helpful for those studying GEOGRAPHY, HISTORY, POLITICS, CULTURE, and ECONOMY of NORTH KOREA.

This book contains more than 393 questions from the core areas of NORTH KOREA. The questions are grouped chapter-wise. There are total 1 chapters, 3 sections and 393+ MCQ with answers. This reference book provides a single source for multiple choice questions and answers in NORTH KOREA. It is intended for students as well as for developers and researchers in the field. This book is highly useful for faculties and students. One can use this book as a study guide, knowledge test questions bank, practice test kit, quiz book, trivia questions . . . etc. The strategy used in this book is the same as that which mothers and grandmothers have been using for ages to induce kids in the family to sip more soup (or some other nutritious drink). The

children are told that some cherries (their favourite noodles or cherries ) are hidden somewhere in the bowl, and that serves as an incentive for drinking the soup. In joint families, by the time the children are old enough to know the trick played by their grandma, there is usually another group of kids ready to fall for it! They excite the kids, but the real nutrition lies not in the noodles but in the soup. The problems given in this book are like those noodles/cherries while solving all these problems are nutritious soup. Now it is your choice to drink the nutritious soups or not!!!

*U.s. History Binder 2* - Saddleback 2008-01-01  
This two-part binder program offers activities to supplement standard U.S history classroom textbooks.

Lesson can stand-alone or coordinate with any text. Activity pages include basic concepts, graphs, maps, vocabulary comprehension, and a nonfiction informational excerpts that help make meaningful connections with historical concepts, fact, and ideas. "fractured, shattered twentieth century," and this updated edition brings Bruce Cumings's leading history of the modern era into the present. The small country, overshadowed in the imperial era, crammed against great powers during the Cold War, and divided and decimated by the Korean War, has recently seen the first real hints of reunification. But positive movements forward are tempered by frustrating steps backward. In the late 1990s South Korea survived its most severe economic crisis since the Korean War, forcing a successful restructuring of its political economy. Suffering through floods, droughts, and a famine that cost the lives of millions of people, North Korea has been labeled part of an "axis of evil" by the

George W. Bush administration and has renewed its nuclear threats. On both sides Korea seems poised to continue its fractured existence on into the new century, with potential ramifications for the rest of the world.

[sixideasapps.pomona.edu](http://sixideasapps.pomona.edu)  
on by @guest

U.S. political and military difficulties in Iraq have prompted comparisons to the American war in Vietnam. The authors conclude that the military dimensions of the two conflicts bear little comparison. Among other things, the sheer scale of the Vietnam War in terms of forces committed and losses incurred dwarfs that of the Iraq War. They also conclude; however, that failed U.S. state-building in Vietnam and the impact of declining domestic political support for U.S. war aims in Vietnam are issues pertinent to current U.S. policy in Ira

The Korean War - Bruce Cumings 2011-07-12  
A BRACING ACCOUNT OF A WAR THAT IS EITHER MISUNDERSTOOD, FORGOTTEN, OR WILLFULLY IGNORED For Americans, it was a discrete

conflict lasting from 1950 to 1953. But for the Asian world the Korean War was a generations-long struggle that still haunts contemporary events. With access to new evidence and secret materials from both here and abroad, including an archive of captured North Korean documents, Bruce Cumings reveals the war as it was actually fought. He describes its origin as a civil war, preordained long before the first shots were fired in June 1950 by lingering fury over Japan's occupation of Korea from 1910 to 1945. Cumings then shares the neglected history of America's post-World War II occupation of Korea, reveals untold stories of bloody insurgencies and rebellions, and tells of the United States officially entering the action on

*The United States and China in the Twentieth Century* - Michael Schaller 1990

From the nineteenth century opium trade and missionary movements through the establishment of diplomatic relations and

suppression of the Democratization Movement, this book illuminates the sudden, often bizarre shifts in relations between the U.S. and China. Focusing on the period since the 1930s when the U.S. involved itself in a struggle to shape China's destiny and, by extension, to remake Asia, Michael Schaller shows how the policies and perceptions that led to America's wars in Korea and Vietnam were formulated during World War II when the U.S. first confronted the Chinese Communist Revolution. Schaller also explains U.S. policy in terms of America's perception of its own needs in Asia and how the revolution in China challenged our sense of omnipotence in the Pacific. The new second edition is fully revised and brought up to date to reflect the

on by @guest

changes in U.S.-Chinese relations that came with the Carter, Reagan, and early Bush administrations, as well as the "Second Chinese Revolution" initiated by Deng Xiaoping. It includes entirely new chapters on the Nixon years, the process of normalizing relations under Carter, the tensions caused by

Reagan's anti-communist rhetoric, the status of Taiwan, and the impact of the dramatic post-Mao reforms in Chinese society. The new edition also analyzes current Sino-American relations in the context of the emerging economic and strategic significance of the Pacific Basin and China's domestic turmoil.
