#### The Dark Side of Alice in Wonderland - Angela Youngman 2021-04-14

The Dark Side of Alice in Wonderland is the first time anyone has investigated the vast range of darker, more threatening aspects of this famous story and the way Alice has been transformed over the years. Although the children's story Alice in Wonderland has been in print for over 150 years, the mysteries and rumors surrounding the story and its creator Lewis Carroll have continued to grow. The Dark Side of Alice in Wonderland is the first time anyone has investigated the vast range of darker, more threatening aspects of this famous story and the

way Alice has been transformed over the years. This is the Alice of horror films, Halloween, murder and mystery, spectral ghosts, political satire, mental illnesses, weird feasts, Lolita, Tarot, pornography and steampunk. The Beatles based famous songs such as Lucy in the Sky with Diamonds and I am the Walrus on Alice in Wonderland, while she has even attracted the attention of world-famous artists including Salvador Dali. Take a look at why the Japanese version of Lolita is so different to that of novelist Vladimir Nabokov - yet both are based on Alice. This is Alice in Wonderland as you have never seen her before: a dark, sometimes menacing, and threatening character. Was Carroll all that he seemed? The stories of his child friends, nude photographs and sketches affect the way modern audiences look at the writer. Was he just a lonely academic, closet pedophile, brilliant puzzle maker or even Jack the Ripper? For a book that began life as a simple children's story, it has resulted in a vast array of dark concepts, ideas and mysteries. So step inside the world of Alice in Wonderland and discover a dark side you never knew existed!

From Hollywood with Love - Scott Meslow  
2022-02-01

An in-depth celebration of the romantic comedy's modern golden era and its role in our culture, tracking the genre from its heyday in the '80s and the '90s, its unfortunate decline in the 2000s, and its explosive reemergence in the age of streaming, featuring exclusive interviews with the directors, writers, and stars of the iconic films that defined the genre. No Hollywood genre has been more misunderstood—or more unfairly under-

appreciated—than the romantic comedy. Funny, charming, and reliably crowd-pleasing, rom-coms were the essential backbone of the Hollywood landscape, launching the careers of many of Hollywood's most talented actors and filmmakers, such as Julia Roberts and Matthew McConaughey, and providing many of the yet limited creative opportunities women had in Hollywood. But despite—or perhaps because of—all that, the rom-com has routinely been overlooked by the Academy Awards or snobbishly dismissed by critics. In *From Hollywood with Love*, culture writer and GQ contributor Scott Meslow seeks to right this wrong, celebrating and analyzing rom-coms with the appreciative, insightful critical lens they've always deserved. Beginning with the golden era of the romantic comedy—spanning from the late '80s to the mid-'00s with the breakthrough of films such as *When Harry Met Sally*—to the rise of streaming and the long-overdue push for diversity setting the course for films such as the groundbreaking, franchise-spawning *Crazy Rich Asians*, Meslow examines the evolution of the genre through its many iterations, from its establishment of new tropes, the Austen and Shakespeare rewrites, the many love triangles, and even the occasional brave decision to do away with the happily ever after. Featuring original black-and-white sketches of iconic movie scenes and exclusive interviews with the actors and filmmakers behind our most beloved rom-coms, *From Hollywood with Love* constructs oral histories of our most celebrated romantic comedies, for an informed and entertaining look at Hollywood's beloved yet most under-appreciated genre.

2008-10-01

Love makes fools of us all, and this book shows you exactly how, from the first misguided glance to the last acrimonious injunction. We all want to know when Mr or Ms Right is going to come along - why else do we read our horoscopes every day? But consider just how much more useful it would be to be able to spot Mr or Ms Wrong and get out of love's kitchen before it gets too hot. That is what this book is for. Of course, no one is actually really compatible with anyone else, we just all get swept away by lust, shut down all critical faculties and leap into the unknown. Darkside Zodiac for Lovers will help you take a cold, hard look at all the shabby tricks, manipulations, lies and cruel intentions each sun sign tries to hide. It won't mend a broken heart, but it may save you from falling for the same old same old all over again; it will also tell you what a conniving, two-timing, icy-hearted little love rat you are, but then nothing comes for free. Stella Hyde is the author of two popular astrology series, who has always felt that zodiac groupies get off too lightly. She thinks everyone should confront their evil twin. Hyde is a grudge-bearing cancer who lives next to the sea in Brighton.

**Moon Signs** - Donna Cunningham 2010-12-08

If you think your astrological fate is sealed by your Sun sign, think again! Your emotions, instincts, intuition, and most private passions are dominated by your Moon sign. In this eye-opening volume, world-famous astrologer and therapist Donna Cunningham unravels the often bewildering effects of lunar influence: a person's potential for intimacy, sense of security, family

ties, susceptibility to indulgence in food or drink, career ambition, as well as how men and women respond differently to the same lunar promptings in love and life. Cunningham provides all the information you need to determine your own and others' Moon signs—and analyze their power. Moon Signs also charts the daily, monthly, and yearly courses of the moon, which create those predictable mood swings—our “emotional weather.” The time-honored tradition of astrology has come into its own as a resource for human development and spiritual insight. For astrological novices and veterans alike, Cunningham's invaluable guide will pave the way to a more profound understanding of the uncharted and sometimes dark side of the soul.
