Modern Indian Theatre - Nandi Bhatia 2009
India has witnessed a steady increase in dramatic activity since the late nineteenth century through multiple forms and practices. Modern Indian Theatre: An Anthology brings together writings that speak to the historical contexts from which such

practices emerged- colonization, cultural suppression and appropriation, intercultural transformations brought about by the impact of the colonial forces, and acute critical engagement with socio-political issues brought about by the hopes and failures of

Independence. The volume addresses pertinent questions like how drama influences social change, the response of drama to the emergence and domination of mass media and the proliferation and influence of western media in India, and how mediations of gender, class, and caste influence drama, its language, forms, and aesthetics.

Premeditated Murder - Slobodan Selenić 1996
Jelena is a young drama student and photographer in contemporary

Belgrade. Lively, intelligent and complex, she hides a big heart behind a surly look, and uses highly-coloured, provocative language as an act of revolt against her society. Jelena comes across some old belongings of her grandmother and begins to reconstruct the story of her life. The life uncovered was one of passion and terror and crossed romance. This was a young woman caught between loyalties - to her step-brother, true friend and fellow explorer of sex; to her ideologies and principles; to an officer of the formidable secret police. Was she to resign herself to a disinherited life at the mercy of those running the country? And who was the father of her child? The grandfather of her grandchild? Selenic deftly links two lives

considered to be a masterpiece and features a series of newly written fairy tales heavily inspired by motifs taken from ancient Slavic mythology of pre-Christian Croatia. R. R. Tolkien due to the way it combines original fantasy plots with folk mythology.

The City of Women - Ruth

Landes 1994

"The City of Women, first published in 1947, is anthropologist Ruth Landes's study of candomble religious society in Brazil just before World War II.

Afro-Brazilian candomble is a woman-centered, spirit possession religion developed by West African slaves in colonial plantation societies. Abandoning the scientific concept of culture that

dominated anthropology in her time, Landes lets Brazil speak to her on its own terms. In *The City of Women*, she draws portraits of the priestesses and other women she visited in private homes and

observed in candomble temples, all nuanced by her awareness of gender, race, and sexuality. Marketed as an exotic travelogue and dismissed by anthropologists when it appeared in 1947, *The*

Omar Khayyam Poems - Omar Khayyam 2021-07-23

The poems attributed to Omar Khayyam have a universal and timeless philosophical theme: life is a meaningful journey even if brief and uncertain. They inspire an unconstrained free-thinking mindset and a wise realization that guides thinking persons: it is impossible to see the absolute truth, as the universe has its own reality that remains largely hidden, and that one must think and act accordingly. This book presents a selection of Khayyam's poems in their original Persian language along with their English translations in a faithful and modern

version. By relying only on the original Persian version of Khayyam's poems, and using the author's own body of literary and linguistic knowledge, this book presents a modern translation of Omar Khayyam's poems since Edward Fitzgerald's Rubaiyat in 1859.

accounts of the difficulties this involves. Raised in Serbia their son, Mihajlo, is ashamed of his mixed parentage and rebels against his non-Serbian ancestry. On the eve of the war, Steven's loyalties are challenged when his counsel is sought by both the Serbian king and the opposition. He resolves to keep his distance from the conflict, but Mihajlo's more radical response forces him to become involved, and tragedy engulfs the family.

Common Sense - Marion Ledwig 2007
This book stands in the tradition of past and current common sense philosophers, like Reid, Berkeley, Sidgwick, Moore, Conant, Slote, Bogdan, and Lemos, who defend common sense, yet it goes beyond their accounts by not only defending common sense but also considering what common sense means. Besides giving a historical exegesis of common sense in Thomas Reid and showing

parallels in Austin, Searle, Moore, and Wittgenstein, common sense is also discovered in Hume's *An Enquiry Concerning the Principles of Morals* and in Kant's *Critique of Pure Reason*. It is made clear how far common sense generalizes, whether proverbs are a form of common sense, and whether common sense can be found in the common knowledge assumption in game theory. Also, folk psychology as a common sense psychology is discussed. In its account of common sense, this book draws on research from history of philosophy, philosophy of mind, and science, linguistics, and game theory to substantiate its position.

The Other Venice -
Predrag Matvejević 2007
To know a city is to become intimately intertwined with its nooks, crevices, secret passageways, and dark places where its lifeblood flows--and what city has more of those than Venice? In *The Other Venice*, Predrag Matvejevic ventures past the infamous canals and cobblestone streets of the tourist's Venice to find the heart of the ancient Italian metropolis. A lyric re-imagining of the City of Romance, *The Other Venice* utterly reconfigures the Venetian landscape, as Matvejevic follows both real and imaginary maps, contemporary and historical, to trace out the details of this sensuous city. He probes into what the ancient metropolis means to its people, the nation, and

global culture. But he also finds hints of life in the smallest and most mundane details--ancient bridges, rust-flecked boats, wall sculptures, rivers, and piazzas scattered throughout the city. Each has a little-known story and with Matvejevic as our guide, he reveals the stories behind them all. The book carries readers to a Venice that has escaped the eyes of writers, artists, and photographers through the centuries, and Matejevic by turns plays a historian, cartographer, anthropologist, and philologist as he unravels elusive artifacts of time past. Arresting black-and-white photographs by renowned photographer Sarah Quill accompany the text, offering a silent testament to Matvejevic's pilgrimage. A fascinating and
