on by @guest

their diverse and dynamic nature, and the upsurge in research about them all makes this a potentially bewildering field of knowledge to explore. This book provides a clear and timely guide to the management challenges involved in understanding and running social enterprises, and underlines why their unique nature requires something more than just standard business school wisdom' - Ken Peattie, Professor of Marketing and Strategy, Cardiff Business School, and Director of the ESRC Centre for Business Relationships, Accountability, Sustainability and Society` Provides a good introduction to the management of social enterprises touching on a broad range of topics and will help those involved in managing social enterprises and those trying to understand more about the sector. It draws on the experience of those who have worked in the social enterprise sector in a range of countries and are passionate about developing it' - Fergus Lyon, Professor of Enterprise

and Organizations, Middlesex University Overviewing the key business topics required by social entrepreneurs, and managers in social enterprises Management for Social Enterprise covers strategy, finance, ethics, social accounting, marketing and people management. Written in direct, accessible language by a team of authors currently teaching and researching in this sector, each chapter is fully supported with learning resources. Chapters include brief overviews, further reading, suggested web resources and, importantly, international case studies, drawing on real-life business examples. This book is essential reading for students and practitioners of Social Entrepreneurship and Social Enterprise, but will also be of use to anyone with an interest in management, corporate responsibility, ethics or community studies. a stakeholder perspective with an issues - oriented approach so students look at how a business's actions affect not just share price and profit but the well - being of employees, customers, suppliers, the local community, the larger society, other nations, and the environment. Weiss uses a wealth of contemporary examples, including twenty - three customized cases that immerse students directly in recent business ethics dilemmas and ask them to consider how they would resolve them. The recent economic collapse raised ethical issues that have yet to be resolved - there could not be a better time for a fully updated edition of Weiss's classic, accessible blend of theory and practice. New to the Sixth Edition! New Cases! Fourteen of the twenty - three cases in this book are brand new to this edition. They touch on issues such as cyberbullying, fracking, neuromarketing, and for - profit education and involve institutions like Goldman Sachs, Google, Kaiser Permanente,

Walmart, Ford, and Facebook. Updated Throughout! The text has been updated with the latest research, including new national ethics survey data, perspectives on generational differences, and global and international issues. Each chapter includes recent business press stories touching on ethical issues. New Feature! Several chapters now feature a unique Point/Counterpoint exercise that challenges students to argue both sides of a contemporary issue, such as too - big - to - fail institutions, the Boston bomber Rolling Stone cover, student loan debt, online file sharing, and questions raised by social media.

Cosmopolitan Business

Ethics - Jacob Dahl Rendtorff
2017-08-25

In *Cosmopolitan Business Ethics: Towards a Global Ethos of Management*, Jacob Dahl Rendtorff maps the concept of global business ethics, related to sustainability and corporate governance, via an examination of the major theories of business ethics and the

Downloaded from
sixideasapps.pomona.edu
on by @guest

philosophy of management. The book is based on the philosophy of Immanuel Kant and the European tradition, which is applied as the foundation for the analysis of the contemporary European and Anglo-American debate on business ethics in order to formulate an up-to-date theory of global business ethics. The book will compare the different schools of business ethics, corporate citizenship, and the philosophy of management and will address the modern-day issues of sustainability, business and human rights, corporate social responsibility, stakeholder management, and corporate governance, offering insights on how to deal with these international challenges of global economics, the development and protection of human rights, and the environment. This book proposes a decision-making model for cosmopolitan business ethics as the foundation of management and leadership in dealing with the complexities of globalization. The case studies will address

the efforts of businesses to work with global and cosmopolitan business ethics at the levels of maintaining corporate integrity. Both the theoretical argument and case studies presented in the book are based on exchanges with notable business ethicists, philosophers of management, business managers, and public policy-makers.

Ethical Issues in Business - Peg Tittle 2000-04-13

The core of this text comprises chapters on all the key issues of business in Canada today. Each chapter includes a hypothetical case study and an introduction highlighting key ethical points; two academic essays; and a real-life case study. Questions for discussion accompany the essays and case studies. The author has also included a general introduction to ethical issues and an overview of ethical theory; a section on institutionalizing ethics (discussing ethics officers/programs/codes etc.); and appendices providing excerpts from important classic contributions to ethical theory and from relevant Canadian

law.

Managing for Stakeholders -

R. Edward Freeman 2007-01-01
Managing for Stakeholders: Survival, Reputation, and Success, the culmination of twenty years of research, interviews, and observations in the workplace, makes a major new contribution to management thinking and practice. Current ways of thinking about business and stakeholder management usually ask the Value Allocation Question: How should we distribute the burdens and benefits of corporate activities among stakeholders? Managing for Stakeholders, however, helps leaders develop a mindset that instead asks the Value Creation Question: How can we create as much value as possible for all of our stakeholders? Business is about how customers, suppliers, employees, financiers (stockholders, bondholders, banks, etc.), communities, the media, and managers interact and create value. World-renowned management scholar R. Edward Freeman and his

Downloaded from
sixideasapps.pomona.edu
on by @guest

coauthors outline ten concrete principles and seven practical techniques for managing stakeholder relationships in order to ensure a firm's survival, reputation, and success. Managing for Stakeholders is a revolutionary book that will change not only how managers do business but also how they recognize and evaluate business opportunities that would otherwise be invisible.

A Contemporary Look at Business Ethics - Ronald R. Sims 2017-07-01

A Contemporary Look at Business Ethics provides a 'present day' look at business ethics to include the challenges, opportunities and increased need for ethical leadership in today's and tomorrow's organizations. The book discusses current and future business ethics challenges, issues and opportunities which provides the context leaders and their organizations must navigate. The book includes an in-depth look at lessons learned about the causes of unethical

behavior by examining a number of real-world examples of ethical scandals from around the world that have taken place over the past few decades. The analysis of the various ethical scandals focuses on concepts like ethical versus unethical leadership, received wisdom, the bottom-line mentality, groupthink and moral muteness, all of which contribute to the kind of organizational culture and ethical behavior one finds in an organization. The book discusses ethical decision making in general and the increased role of religion and spirituality, in confronting unethical behavior in contemporary organizations. The book also takes an in-depth look at the impact ethical scandals have on employees and more specifically the psychological contract and person-organization ethical fit with the goal of identifying, along with other things, what leaders can do to restore relationships with employees and rebuild the organization's

reputation in the eyes of various stakeholders.

Applied Business Ethics: Foundations For Study And Daily Practice - Mathias Schuz
2019-06-14

What has ethics got to do with my job? How can I take on ethical responsibility and help to make my company more successful at the same time? Although 'ethical responsibility' has become something of a catchphrase these days, most people only have a vague idea what it means and how it can be demonstrated in actual practice. Disasters like the Volkswagen's emission scandal, the oil spill in the Gulf of Mexico, the nuclear meltdown of Fukushima, the global financial crisis, and countless lesser-known cases of damage to human beings and the environment are the result of unethically irresponsible business practices. Efforts to maximize profits frequently lead to reckless behavior, as those in charge focus on short-term benefits and ignore social and environmental risks. Their actions have negative

consequences, not only for the victims but, in many cases, for the perpetrators themselves too. Aggrieved interest groups or disadvantaged stakeholders may react with strikes, public protests, or boycotts, jeopardizing their reputation and profitability. This textbook, *Applied Business Ethics*, is the result of many years of research work and lecturing, and is an attempt to present the most important principles and the latest approaches in business ethics to students, teachers, and business practitioners alike, and help them to make business decisions that everyone concerned will benefit from, rather than just a few fortunate stakeholders. The author illustrates his theoretical subject matter with practical examples of real-life situations and provides numerous exercises to help the reader grasp complex issues, moral dilemmas, and business risks better. In clear, accessible, and easily understandable terms, he demonstrates how ways of finding satisfactory solutions

Downloaded from
sixideasapps.pomona.edu
on by @guest

can be found in a systematic way thanks to interdisciplinary research and philosophical reflection.

Business Ethics - Christian U Becker 2019-05-02

Ethical aspects of business and the economy are of increasing concern in business practice, higher education, and society in general. This concern results from significant business scandals and economic crises, such as the financial crisis of 2008 and the following great recession, as well as from pressing current and future challenges for the economy, such as sustainability and globalization. As a result, there is a growing demand for normative analysis and orientation for business and the economy, where business ethics has become a crucial part of organizational management, risk management, branding, and strategic management. *Business Ethics: Methods and Application* provides a new systematic approach to normative business ethics that covers the complex and various

ethical challenges of modern business. It aims to train analytical thinking skills in the field of business ethics and to approach ethical issues in business in a rational and systematic way. The book develops a number of specific methods for business ethics analysis that are tailored for ethical decision-making in business and for analyzing complex ethical topics in business. The book discusses fundamental ethical questions regarding the meaning of business and the economy for the individual person, society, the environment, and people around the world. As a result, *Business Ethics: Methods and Application* develops normative guidelines for business in the 21st century and its fundamental challenges and will be key reading for undergraduate, postgraduate, and MBA students of business ethics, business strategy, business and society, and related fields.

The Seven Signs of Ethical Collapse - Marianne M. Jennings 2006-08-22

Downloaded from
sixideasapps.pomona.edu
on by @guest

Do you want to make sure you · Don't invest your money in the next Enron? · Don't go to work for the next WorldCom right before the crash? · Identify and solve problems in your organization before they send it crashing to the ground? Marianne Jennings has spent a lifetime studying business ethics---and ethical failures. In demand nationwide as a speaker and analyst on business ethics, she takes her decades of findings and shows us in *The Seven Signs of Ethical Collapse* the reasons that companies and nonprofits undergo ethical collapse, including: · Pressure to maintain numbers · Fear and silence · Young 'uns and a larger-than-life CEO · A weak board · Conflicts · Innovation like no other · Belief that goodness in some areas atones for wrongdoing in others Don't watch the next accounting disaster take your hard-earned savings, or accept the perfect job only to find out your boss is cooking the books. If you're just interested in understanding the (not-so) ethical underpinnings

of business today, *The Seven Signs of Ethical Collapse* is both a must-have tool and a fascinating window into today's business world.

Managing Business Ethics - Linda K. Trevino 2016-09-13 Revised edition of the authors' *Managing business ethics*, [2014]

The SAGE Encyclopedia of Business Ethics and Society

- Robert W. Kolb 2018-03-27 Spans the relationships among business, ethics, and society by including numerous entries that feature broad coverage of corporate social responsibility, the obligation of companies to various stakeholder groups, the contribution of business to society and culture, and the relationship between organizations and the quality of the environment.

sixideasapps.pomona.edu
on by @guest

whether an individual adheres to business ethics and corporate policies, readers need to utilize this book in order to develop moral reasoning by demonstrating the moral entity consideration principle. This is vital in terms of coping with an internationalized business environment where human resources must adhere to multidimensional and demanding policies, while attempting to develop their mindset capacity of ethical thinking. This book is about providing a comprehensive framework for understanding business ethics and corporate governance, by analyzing the moral aspects of a plethora of challenges regarding human resources management, policy making, corporate responsibility, code of conduct, agency theory, workforce planning, information systems, and employment relationship.

Exploring Business - Karen M. Collins 2018

The Critique of Management - Vincent Blok 2021-11-29

This book reflects on the nature of business management to contribute to the development of a philosophy and ethics of management. It engages in conceptual engineering of management to delineate the phenomenon of management and, as a result, to open a new perspective on management beyond its self-evident conceptualization. After questioning the self-evident concept of management, the author develops a philosophy of management with six dimensions of the nature of management: management as participation; management as resistance and responsive action; management as constitution of meaning; management as politico-economic governance; management as non-reductive stakeholder engagement; and management as epistemic insufficient entrepreneurship. These six dimensions of management are taken as points of departure to develop an integrated concept of business ethics, an individual competence for ethical

Downloaded from
sixideasapps.pomona.edu

business management, and a concept of ethical codes for corporate social responsible behavior. This new conception of philosophy of management and business ethics can guide future philosophical and empirical work on the nature of management. The Critique of Management is an excellent resource for researchers, students, and professionals interested in philosophy of management, business ethics, and corporate social responsibility.

Business Ethics - Stephen M. Byars 2018-09-24

Loose Leaf for Business Ethics Now - Andrew W.

Ghillyer 2020-04-03

What Should I Do? is the cornerstone question for a multitude of ethical considerations - and the basis for this text. How we function when ethical challenges arrive in our "real" lives is the framework for Andrew Ghillyer's Business Ethics Now. This application-based text takes the theory of business ethics and applies it to the realistic

scenarios that students may encounter at all stages of their careers.

An Introduction to Business Ethics - Joseph R. Desjardins 2023

"The overarching goal in the seventh edition of this text remains what it was for the first edition: "to provide a clear, concise, and reasonably comprehensive introductory survey of the ethical choices available to us in business."

This book arose from the challenges encountered in my own teaching of business ethics. Over the years I have taught business ethics in many settings and with many formats. I sometimes relied on an anthology of readings, other times I emphasized case studies"--

Law and Ethics in the Business Environment - Terry Halbert 2014-02-01

Blending theory with real-life applications, the 8th Edition of LAW AND ETHICS IN THE BUSINESS ENVIRONMENT presents up-to-the-minute issues in business ethics, along with the latest in case law for

*Downloaded from

an exciting and thought-provoking text. Rather than shying away from controversial topics, the text encourages lively classroom debate on everything from privacy and workers' rights to diversity and stereotyping. Its insightful cases, end-of-chapter questions, historical quotes, and chapter projects sharpen your critical thinking skills, while a wealth of interactive assignments like role plays, mock trials, roundtables, and negotiations prepare you for the ethical and legal dilemmas of the business world.

Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Oxford Handbook of Business Ethics - George G. Brenkert 2012-04-19

The Oxford Handbook of Business Ethics is a comprehensive treatment of the field of business ethics as seen from a philosophical approach. The volume consists of 24 essays that survey the field of business ethics in a

broad and accessible manner, covering all major topics about the relationship between ethical theory and business ethics.

How to Market Books - Alison Baverstock 2015-02-11

'Baverstock is to book marketing what Gray is to anatomy; the undisputed champion.' Richard Charkin, Executive Director of Bloomsbury Publishing and President Elect of the International Publishers Association Over four editions, Alison Baverstock's *How to Market Books* has established itself as the industry standard text on marketing for the publishing industry, and the go-to reference guide for professionals and students alike. With the publishing world changing like never before, and the marketing and selling of content venturing into uncharted technological territory, this much needed new edition seeks to highlight the role of the marketer in this rapidly changing landscape. The new edition is thoroughly updated and offers a radical reworking and reorganisation of

Downloaded from
sixideasapps.pomona.edu
on by @guest

the previous edition, suffusing the book with references to online/digital marketing. The book maintains the accessible and supportive style of previous editions but also now offers: a number of new case studies detailed coverage of individual market segments checklists and summaries of key points several new chapters a foreword by Michael J Baker, Professor Emeritus of Marketing, Strathclyde University.

Business Ethics - Patrick O'Sullivan 2012-08-06
Events such as Trafigura's illegal dumping of toxic waste in Côte d'Ivoire and BP's environmentally disastrous oil spill in the Gulf of Mexico have highlighted ethical issues in international business at a time when business leaders, academics and business schools were reflecting on their own responsibilities following the global financial crisis. The scope and scale of the global operations of multinational businesses means that decisions taken in different parts of the world have far

reaching consequences beyond the national settings where employees are located or where firms are registered and as such, an awareness of these responsibilities needs to be integrated into all levels and all subjects. Using four guiding principles – a critical multi-level approach rooted in the tradition of European social theory, a comparative and international perspective, a global rather than just a European or American stand point and engaging with subject-specific issues this book aims to 'mainstream' business ethics into the work of teachers and students in business schools. This comprehensive volume brings together contributions from a range of experts in different areas of business studies thereby facilitating and encouraging a move away from business ethics being a box to be ticked to being an integrated consideration across the business disciplines. This impressive book brings ethical considerations back to the heart of the business curriculum and in doing so,

Downloaded from
sixideasapps.pomona.edu
on by @guest

provides a companion for the progressive business student throughout their university career.

Managing Business Ethics -

Linda K. Trevino 2021-03-09

The eighth edition of *Managing Business Ethics* shows students how the study of ethics is relevant to real-life business decisions. This highly-regarded text empowers students with the knowledge required to identify, understand, and solve ethical dilemmas while promoting ethical behavior in themselves, in their friends and colleagues, and in their organizations. Authors Linda Trevino and Katherine Nelson offer a pragmatic approach to prepare students for professional roles as managers, compliance officers, human resources managers, senior executives, and others. Focusing on the types of problems that students will most likely encounter in their careers, this new edition includes carefully revised content that incorporates the latest research on ethics and organizational behavior. The

authors integrate theory and practice to provide a balanced presentation of both classic and recent business ethics cases, examples, and approaches.

Accessible and engaging chapters discuss ethics and the individual, managing ethics in an organization, the relation between organizational ethics and social responsibility, and more. Throughout the text, a diverse range of examples and case studies bring key concepts to life, while practical activities enable students to apply the concepts in their own lives and careers.

Managing Business Ethics -

Linda Klebe Treviño 2004

This text stresses the importance of considering ethics as an issue that can be taught and managed. It provides readers with an understanding of how corporations can positively influence the behaviour of employees.

Understanding Business Ethics -

Peter A. Stanwick 2015-09-16

Filled with real-world case studies and examples of ethical dilemmas, *Understanding*

Downloaded from
sixideasapps.pomona.edu
on by @guest

Business Ethics, Third Edition prepares students and managers alike to make ethical decisions in today's complex, global environment. Bestselling authors Peter A. Stanwick and Sarah D. Stanwick explain the fundamental importance of ethical leadership, decision making, and strategic planning while examining emerging trends in business ethics such as the developing world, human rights, environmental sustainability, and technology. In addition to presenting information related to the Association to Advance Collegiate Schools of Business (AACSB), the text's 26 real-world cases profile a variety of industries, countries, and ethical issues in a way that is relevant and meaningful to students' lives. The Third Edition features new cases from well-known companies such as Disney and General Motors, new coverage of emerging topics such as big data and social media, expanded coverage of corporate social responsibility, and more. Using an applied approach, this text

helps students understand why and how business ethics really do matter!

Corporate Social Responsibility

- Mark S. Schwartz 2011-03-22

The term corporate social responsibility (CSR) is often used in the boardroom, classroom, and political platform, but what does it really mean? Do corporations have ethical or philanthropic duties beyond their obligations to comply with the law? How does CSR relate to business ethics, stakeholder management, sustainability, and corporate citizenship? Mark Schwartz provides a concise, cutting-edge introduction to the topic, analyzing many case studies with the help of his innovative "Three Domain Approach" to CSR. Corporate Social Responsibility also provides a chronology of landmark contributions to the concept of CSR and includes CSR resources on organizations, global codes and criteria, corporate CSR reports, and websites and blogs. It is an invaluable resource for students, instructors, and

New Case Studies address the latest

developments in the business environment, such as the sharing economy and sustainability. This title is available as an eBook. Please contact your Learning Resource Consultant for more information.

Corporate Management, Governance, and Ethics Best Practices - S. Rao

Vallabhaneni 2008-05-02

All the best practices a manager and an executive need in a one-stop, comprehensive reference. Praise for Corporate Management, Governance, and Ethics Best Practices "If you want a comprehensive compendium of best practices in corporate governance, risk management, ethical values, quality, process management, credible financial reporting, and related issues like the SOX Act all in one place spanning both breadth and depth, Vallabhaneni's book is the source of insightful thoughts as a reference manual. A must-read and a should-own for all institutions and libraries around the globe; I am pleased I read it

Downloaded from
sixideasapps.pomona.edu

on by @guest

and use it in my classes." - Professor Bala V. Balachandran, Kellogg School of Management, Northwestern University "Mr. Vallabhaneni has an excellent grasp of corporate governance principles. In particular, he shows how these principles can mitigate a broad range of corporate risks." -Steven M. Bragg, author of Accounting Best Practices and Inventory Best Practices "Professor Vallabhaneni provides an excellent analysis of the corporate governance landscape. His discussion and categorization of risks confronting an organization will be very helpful to boards of directors." -Frederick D. Lipman, President of the Association of Audit Committee Members, Inc. and Partner, Blank Rome LLP Representing a single and collective voice for the entire business management profession, Corporate Management, Governance, and Ethics Best Practices provides a cohesive framework for organization-wide implementation of the best practices used by today's

leading companies and is an authoritative source on best practices covering all functions of a business corporation, including governance and ethics.

Business and Society - Anne T. Lawrence 2004-04-01
Business and Society: Stakeholder Relations, Ethics and Public Policy by Lawrence/Weber/Post, has continued through several successive author teams to be the market-leader in its field. For over thirty years, Business and Society has been updated and reinvented in response to society's relationship to business. Business and Society, 11e highlights why government regulation is sometimes required as well as new models of business-community collaboration. Business and Society, 11e is a book with a point of view. Lawrence, Weber and Post believe that businesses have social (as well as economic) responsibilities to society; that business and government both have important roles to play in the modern economy; and that

*Downloaded from
sixideasapps.pomona.edu
on by @guest*

ethics and integrity are essential to personal fulfillment and to business success. The book is designed to be easily modularized; an instructor who wishes to focus on a particular portion of the material may select individual chapters or cases to be packaged in a Primis custom product.

Business Ethics - Archie B. Carroll 2013-12-19

These readings grew out of the author's monthly column on business ethics in the business section of the Athens Banner-Herald newspaper. Written in an open and engaging style, the book features topics that are timely, each followed by several thought provoking discussion questions. The book includes readings on the current financial crisis in order to challenge today's students to confront the economic reality in which they will have to live. An excellent addition to any Business Ethics course.

Principles of Management - Openstax 2022-03-25

Principles of Management is designed to meet the scope and sequence requirements of

the introductory course on management. This is a traditional approach to management using the leading, planning, organizing, and controlling approach.

Management is a broad business discipline, and the Principles of Management course covers many management areas such as human resource management and strategic management, as well as behavioral areas such as motivation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters. Contributing Authors David S. Bright, Wright State University Anastasia H. Cortes, Virginia Tech University Eva Hartmann, University of Richmond K. Defining Moments - Joseph L. Badaracco Jr. 2016-08-16

When Business and Personal Values Collide “Defining moments” occur when managers face business decisions that trigger conflicts with their personal values. These moments test a person’s commitment to those values and ultimately shape their character. But these are also the decisions that can make or break a career. Is there a thoughtful, yet pragmatic, way to make the right choice? Bestselling author Joseph Badaracco shows how to approach these dilemmas using three case examples that, when taken together, represent the escalating responsibilities and personal tests managers face

as they advance in their careers. The first story presents a young manager whose choice will affect him only as an individual; the second, a department head whose decision will influence his organization; the third, a corporate executive whose actions will have much larger, societal ramifications. To guide the decision-making process, the book draws on the insights of four philosophers—Aristotle, Machiavelli, Nietzsche, and James—who offer distinctly practical, rather than theoretical, advice. *Defining Moments* is the ultimate manager’s guide for resolving issues of conflicting responsibility in practical ways.

Business Ethics for Better Behavior - Jason Brennan 2021-06-21

A clear and concise roadmap for ethical business behavior using commonsense moral principles *Business Ethics for Better Behavior* concisely answers the three most pressing ethical questions business professionals face:

What makes business practices

right or wrong?; Why do normal, decent businesspeople of good will sometimes do the wrong thing?; and How can we use the answer to these questions to get ourselves, our coworkers, our bosses, and our employees to behave better? Bad behavior in business rarely results from bad will. Most people mean well much of the time. But most of us are vulnerable. We all fall into moral traps, usually without even noticing. *Business Ethics for Better Behavior* teaches business professionals, students, and other readers how to become aware of those

traps, how to avoid them, and how to dig their way out if they fall in. It integrates the best work in psychology, economics, management theory, and normative philosophy into a simple action plan for ensuring the best ethical performance at all levels of business practice. This is a book anyone in business, from an entry-level employee to CEO, can use. **Pocket Dictionary of Ethics** - Stanley J. Grenz 2010-03-17 Stanley J. Grenz and Jay T. Smith define more than 300 terms related to Christian ethics, including ideas, issues, positions, thinkers, schools and specialties.
