## **Know What You're FOR** - Jeff Henderson 2019-10-01

Your organization - business, church, or nonprofit - will experience unprecedented growth when you close the gap between these two game-changing questions: What are we known for? What do we want to be known for? In *Know What You're FOR*, entrepreneur and thought leader Jeff Henderson makes it clear that if we want to change the world with our products or our mission, then we must shift the focus of our messaging and marketing. Rather than self-promoting, we must transform our organizations to be people-centric. This sounds like a no-brainer, but looking closer shows just how little this is true and how impactful the change would be if it were. Whether you're a business leader, a change advocate, or a movement maker, *Know What You're FOR* will help you - and your organization - thrive. It's what happens when you create an organization focused on who it is FOR. This is the future. Thriving organizations will be more concerned with becoming raving fans of their customers than they are trying to convince customers to become raving fans of the organization. This isn't theory. Jeff Henderson has experienced it. Working with companies like Chick-fil-A and the Atlanta Braves, then serving as a pastor for 15 years at one of the country's largest and most influential churches, North Point, Jeff knows what success looks like for healthy organizations and healthy lives. With fascinating stories from a host of entrepreneurs and Jeff's remarkable career, *Know What You're FOR* equips you with a simple strategy and the tools for extraordinary growth. You'll discover how to: Work FOR your current and future customers with a new, effective method Be FOR your team and help your people reach full potential Create a ripple impact by being FOR your community Live and work your best by caring FOR yourself In a hypercritical, cynical world, one that is often known for what it's against, let's be a group of people known for who and what we're FOR. It's a powerful strategy for business. But more importantly, it is a revolutionary way to live.

Could it be that many of us have failed to expand our potential because we have allowed what we perceive as capacity to define us? What if our limits are not really our limits? In his newest book, John Maxwell identifies 17 core capacities. Some of these are abilities we all already possess, such as energy, creativity and leadership. Others are aspects of our lives controlled by our choices, like our attitudes, character, and intentionality. Maxwell examines each of these capacities, and provides clear and actionable advice on how you can increase your potential in each. He will guide you on how to identify, grow, and apply your critical capacities. Once you've blown the "cap" off your capacities, you'll find yourself more successful--and fulfilled--in your daily life.
