Workbook For: Jeff Goins' the Art of Work (Unofficial) - Jan Bananberg 2015-03-22
PLEASE NOTE: This unofficial workbook was created by Jan O. Bananberg to be used as a compliment to Jeff Goins' book: The Art of Work. Imagine 2 scenarios. In the first one you have just finished reading The Art of Work. It was a great book and you remember

that it mentioned a lot of smart things. But you can't remember much of it now as you close the book. In the second scenario you have just finished the same book. The difference now is that you have a plan for how to implement this new knowledge to improve your life. Most people will find themselves in scenario one. We believe that reading is an investment. You spend time with a book because you hope that it will make you happier, healthier, wealthier or smarter. But simply just reading a great book is not enough. You have to take action! In this workbook Jan O Bananberg will help you make real changes from what you have read by turning that knowledge into lasting habits.

of-age story. It's every writer's coming-of-age story. If you're a fan of THE WAR OF ART, Pressfield's new memoir, THE KNOWLEDGE, is the story behind that story and the origin tale between its lines. In the high-crime 1970s in New York, Pressfield was driving a cab and tending bar, incapable of achieving anything literary beyond the completion of his third-in-a-row unpublishable novel. Until fate, in the form of a job tailing his boss's straying wife, propels him into a Big Lebowski-esque underworld saga that ends with him coming to a life-altering crisis involving not just the criminals he has become deeply and emotionally involved with, but with his own inner demons of the blank page.

Tell Me a Story - Scott McClellan 2013-02-18

Do you know what makes a story great? All the best stories have a few things in common. First, we need the voice of a narrator or a storyteller. Then, add interesting characters, throw them into a risky setting, and get ready for a good dose of conflict. Give those characters a purpose or goal, and that's then the real action begins. Story is our calling. It is also the next generation's best chance of identifying with the Church and changing the world. As we become storytellers, we learn to see the world in terms of stories being lived and told. We discover deeper insights into God, ourselves, and others. God's story is happening. We are right in the middle of a page-turner—and God is in it with us. Start seeing your life as a part of God's story and make

The In-Between - Jeff Goins
2013-07-23

We're an "instant gratification" generation—but most change happens gradually. Many of us spend our lives searching and longing for something more than what is in front of us. Whether it's traveling abroad or chasing cheap (or expensive) thrills, we're all looking for the medicine to satisfy

our restlessness. And so often we're looking in the wrong place. The In-Between is a call to accept the importance that waiting plays in our lives. Can we embrace the extraordinary nature of the ordinary and enjoy the daily mundane—what lies in between the “major” moments? Learning to live in this tension, to be content in these moments of waiting, may be our greatest struggle—and our greatest opportunity to grow.

Packing Light - Allison Fallon 2013-08-26

Carrying baggage you don't need? When I was in college, I figured my life would come together around graduation. I'd meet a guy, have a beautiful wedding, and we'd buy a nice little house—not necessarily with a picket fence, but with whatever kind of fence we wanted.

Whatever we decided, I would be happy. When I got out of college and my life didn't look like that, I floundered, trying to get the life I had always dreamed of through career, travel, and relationships. But none of them satisfied me as I hoped. Like many twentysomethings, I tried to discover the life of my dreams, but instead I just kept accumulating baggage—school loans, electronics I couldn't afford, hurt from broken relationships, and unmet expectations for what life was “supposed to be” like. Just when I had given up all hope of finding the “life I'd always dreamed about,” I decided to take a trip to all fifty states . . . because when you go on a trip, you can't take your baggage. What I found was that “packing light” wasn't as easy as I thought it would be.

The Happiness of Pursuit
- Chris Gullebeau
2014-09-09

A remarkable guide to the quests that give our lives meaning—and how to find your own—from the New York Times bestselling author of *The \$100 Startup* and *100 Side Hustles* “If you like complacency and mediocrity, do not read this book. It’s dangerously inspiring.”—A. J. Jacobs, author of *The Know-It-All* When he set out to visit all of the planet’s countries by age thirty-five, compulsive goal-seeker Chris Gullebeau never imagined that his journey’s biggest revelation would be how many people like himself

exist—each pursuing a challenging quest. These quests are as diverse as humanity itself, involving exploration, the pursuit of athletic or artistic excellence, or battling against injustice and poverty. Everywhere that Chris visited he found ordinary people working toward extraordinary goals, making daily down payments on their dreams. These “questers” included a suburban mom pursuing a wildly ambitious culinary project, a DJ producing the world’s largest symphony, a young widower completing the tasks his wife would never accomplish—and scores of others writing themselves into the record books. The more Chris spoke with these strivers, the more he began to appreciate the direct link between questing and long-term happiness, and he was

compelled to complete a comprehensive study of the phenomenon. In *The Happiness of Pursuit*, he draws on interviews with hundreds of questers, revealing their secret motivations, their selection criteria, the role played by friends and family, their tricks for solving logistics, and the importance of documentation. Equally fascinating is Chris's examination of questing's other side. What happens after the summit is climbed, the painting hung, the endurance record broken, the at-risk community saved? A book that challenges each of us to take control—to make our lives be about something while at the same time remaining clear-eyed about the commitment—*The Happiness of Pursuit* will inspire readers of every age and aspiration. It's a playbook for making your

A series of letters from father to daughter, this elegant book is a writer's roadmap, passed down from one who has seen the climb ahead and sends back missives of encouragement, wisdom, caution, and love to any who follow. But more than a memoir of the craft itself, the book is a cartography of life itself and how to live it well, no matter your calling.

be yourself. That's the message from Austin Kleon, a young writer and artist who knows that creativity is everywhere, creativity is for everyone. 2017-06-06

The myth of the starving artist has dominated our culture, seeping into the minds of creative people and stifling their pursuits. The truth is that the world's most successful artists did not starve.

In fact, they capitalized on the power of their creative strength. In Real Artists Don't Starve, bestselling author and creativity expert Jeff Goins debunks the myth of the starving artist by unveiling the ideas that created it and replacing them with 14 rules for artists to thrive, including: Steal from your influences (don't wait for inspiration) Collaborate with others (working alone is a surefire way to starve) Take strategic risks (instead of reckless ones) Make money in order to make more art (it's not selling out) Apprentice under a master (a "lone genius" can never reach full potential) From graphic designers and writers to artists and business professionals, creatives already know that no one is born an artist.
