Communicating Science -

Toss Gascoigne 2020-09-14
Modern science communication has emerged in the twentieth century as a field of study, a body of practice and a profession—and it is a practice with deep historical roots. We have seen the birth of interactive science centres, the first university actions in teaching and conducting research, and a sharp growth in employment of science communicators. This collection charts the emergence of modern science communication across the world. This is the first volume to map investment

around the globe in science centres, university courses and research, publications and conferences as well as tell the national stories of science communication. How did it all begin? How has development varied from one country to another? What motivated governments, institutions and people to see science communication as an answer to questions of the social place of science? Communicating Science describes the pathways followed by 39 different countries. All continents and many cultures are represented. For some countries, this is the

first time that their science communication story has been told.

Corrupt Illinois - Thomas J. Gradel 2015-02-15

Public funds spent on jets and horses. Shoeboxes stuffed with embezzled cash. Ghost payrolls and incarcerated ex-governors. Illinois' culture of "Where's mine?" and the public apathy it engenders has made our state and local politics a disgrace. In *Corrupt Illinois*, veteran political observers Thomas J. Gradel and Dick Simpson take aim at business-as-usual. Naming names, the authors lead readers through a gallery of rogues and rotten apples to illustrate how generations of chicanery have undermined faith in, and hope for, honest government. From there, they lay out how to implement institutional reforms that provide accountability and eradicate the favoritism, sweetheart deals, and conflicts of interest corroding our civic life. *Corrupt Illinois* lays out a blueprint to transform our politics from a pay-to-play-driven marketplace into

what it should be: an instrument of public good.

Destination Normandy - G. H. Bennett 2009-04-20

A cross-section of the American experience on D-Day Unique perspective from the regimental level that also integrates strategic and tactical considerations Stories of largely forgotten acts of valor G. H. Bennett collects oral histories from the soldiers of three American regiments and weaves them into an intimate account of the D-Day invasion of June 6, 1944. Widely scattered during its drop into Normandy, the 507th Parachute Infantry Regiment (82nd Airborne Division) stopped the advance of an SS division. The untested 116th Infantry Regiment (29th Infantry Division) landed on bloody Omaha Beach, where it suffered more casualties than any other regiment that day. Meanwhile, the 22nd Infantry Regiment (4th Infantry Division) easily waded ashore on Utah Beach but faced savage fighting as it moved inland.

Global Corruption Report: Sport

Downloaded from
sixideasapps.pomona.edu
on by @guest

- Transparency International
2016-02-05

Sport is a global phenomenon engaging billions of people and generating annual revenues of more than US\$ 145 billion. Problems in the governance of sports organisations, fixing of matches and staging of major sporting events have spurred action on many fronts. Yet attempts to stop corruption in sport are still at an early stage. The Global Corruption Report (GCR) on sport is the most comprehensive analysis of sports corruption to date. It consists of more than 60 contributions from leading experts in the fields of corruption and sport, from sports organisations, governments, multilateral institutions, sponsors, athletes, supporters, academia and the wider anti-corruption movement. This GCR provides essential analysis for understanding the corruption risks in sport, focusing on sports governance, the business of sport, planning of major events, and match-fixing. It highlights the significant work

that has already been done and presents new approaches to strengthening integrity in sport. In addition to measuring transparency and accountability, the GCR gives priority to participation, from sponsors to athletes to supporters an essential to restoring trust in sport.

Trampling Out the Vintage -
Frank Bardacke 2012-10-15

A dramatic new history of Cesar Chavez and the rise and fall of the United Farm Workers. In its heyday, the United Farm Workers was an embodiment of its slogan “¡Sí, Se Puede!”—winning many labor victories, securing collective bargaining rights for farm workers, and becoming a major voice for the Latino community. Today, it is a mere shadow of its former self.

Trampling Out the Vintage is the authoritative and award-winning account of the rise and fall of the United Farm Workers and its most famous and controversial leader, Cesar Chavez. Based interviews conducted over many years—with farm workers,

Downloaded from
sixideasapps.pomona.edu
on by @guest

organizers, and the opponents and friends of the UFW—the book tells a story of collective action and empowerment rich in evocative detail and stirring human interest. Beginning with the influence of the ideas of Saul Alinsky and Catholic Social Action at the union’s founding, through the UFW’s thrilling triumphs in the California fields, the drama concludes with the debilitating internal struggles that effectively crippled the union. A vivid rendering of farm work and the world of the farm worker, *Trampling Out the Vintage* is a dramatic reappraisal of the political trajectory of Cesar Chavez and the United Farm Workers and an essential re-evaluation of their most tumultuous years.

The Death-Bound-Subject -

Abdul R. JanMohamed

2005-03-31

During the 1940s, in response to the charge that his writing was filled with violence, Richard Wright replied that the manner came from the matter, that the “relationship of the American Negro to the American scene [was] essentially violent,” and

that he could deny neither the violence he had witnessed nor his own existence as a product of racial violence. Abdul R. JanMohamed provides extraordinary insight into Wright’s position in this first study to explain the fundamental ideological and political functions of the threat of lynching in Wright’s work and thought. JanMohamed argues that Wright’s oeuvre is a systematic and thorough investigation of what he calls the death-bound-subject, the subject who is formed from infancy onward by the imminent threat of death. He shows that with each successive work, Wright delved further into the question of how living under a constant menace of physical violence affected his protagonists and how they might “free” themselves by overcoming their fear of death and redeploying death as the ground for their struggle. Drawing on psychoanalytic, Marxist, and phenomenological analyses, and on Orlando Patterson’s notion of social death, JanMohamed develops

*Downloaded from
sixideasapps.pomona.edu
on by @guest*

comprehensive, insightful, and original close readings of Wright's major publications: his short-story collection Uncle Tom's Children; his novels Native Son, The Outsider, Savage Holiday, and The Long Dream; and his autobiography Black Boy/American Hunger. The Death-Bound-Subject is a stunning reevaluation of the work of a major twentieth-century American writer, but it is also much more. In demonstrating how deeply the threat of death is involved in the formation of black subjectivity, JanMohamed develops a methodology for understanding the presence of the death-bound-subject in African American literature and culture from the earliest slave narratives forward.

Pluriverse - Ashish Kothari
2019

This is a collection of over a hundred essays on alternatives to the dominant processes of globalized development, including its structural roots in modernity, capitalism, state domination, and masculinist values. The book presents

views and practices from around the world in a collective search for an ecologically and socially just world.

Mental Health Stigma in the Military - Joie D. Acosta 2014

This report assesses the U.S. military's approach to reducing stigma for mental health disorders and their treatment, how well it is working, and how it might be improved. It presents priorities for program and policy development and research and evaluation to get service members the treatment they need as efficiently and effectively as possible.

Freedom in the World 2005 -
Freedom House 2005

Freedom in the World, the Freedom House flagship survey whose findings have been published annually since 1972, is the standard-setting comparative assessment of global political rights and civil liberties. The survey ratings and narrative reports on 192 countries and a group of select territories are used by policy makers, the media, international corporations, and civic activists and human rights

Downloaded from
sixideasapps.pomona.edu
on by @guest

defenders to monitor trends in democracy and track improvements and setbacks in freedom worldwide. Press accounts of the survey findings appear in hundreds of influential newspapers in the United States and abroad and form the basis of numerous radio and television reports. The Freedom in the World political rights and civil liberties ratings are determined through a multi-layered process of research and evaluation by a team of regional analysts and eminent scholars. The analysts used a broad range of sources of information, including foreign and domestic news reports, academic studies, nongovernmental organizations, think tanks, individual professional contacts, and visits to the region, in conducting their research. The methodology of the survey is derived in large measure from the Universal Declaration of Human Rights, and these standards are applied to all countries and territories, irrespective of geographical location, ethnic or religious

composition, or level of economic development. Freedom House is a nonprofit, nonpartisan organization that supports democratic change, monitors freedom, and advocates for democracy and human rights.

Public Safety Dispatcher (California Highway Patrol) - National Learning Corporation 2017

The Public Safety Dispatcher (California Highway Patrol) Passbook(R) prepares you for your test by allowing you to take practice exams in the subjects you need to study. It provides hundreds of questions and answers in the areas that will likely be covered on your upcoming exam, including but not limited to: public-safety situations and procedures; reading comprehension; preparing, understanding and interpreting written material; following directions; evaluating information and evidence; and more.

reports. The World Migration Report 2020, the tenth in the world migration report series, has been produced to contribute to increased understanding of migration throughout the world. This new edition presents key data and information on migration as well as thematic chapters on highly topical migration issues, and is structured to focus on two key contributions for readers: Part I: key information on migration and migrants (including migration-related statistics); and Part II: balanced, evidence-based analysis of complex and emerging migration issues.

Annual Report - Inter-American Commission on Human Rights 2003

Includes summaries of the proceedings of the sessions held during the year.

Ibrahim & Reenie - David Llewellyn 2013-09-15

Ibrahim is a young Muslim guy walking from Cardiff to London. He has his own reasons, and his own mental and physical struggles to deal with along the way. What he hadn't counted

on was a chance meeting with 75-year-old East Londoner Reenie before he's hardly started. With her life's luggage in a shopping trolley, complete with an orange tent and her pet cockatiel, Reenie is also walking the M4, and not for charity. As they share a journey their paths stretch out before and behind them into the personal and political turns of European history in ways neither could have foreseen. An impressive and daringly human book from novelist David Llewellyn.

The Case for Marriage - Linda Waite 2002-03-05

A groundbreaking look at marriage, one of the most basic and universal of all human institutions, which reveals the emotional, physical, economic, and sexual benefits that marriage brings to individuals and society as a whole. The Case for Marriage is a critically important intervention in the national debate about the future of family. Based on the authoritative research of family sociologist Linda J. Waite, journalist Maggie Gallagher, and a number of other scholars,

Downloaded from
sixideasapps.pomona.edu
on by @guest

this book's findings dramatically contradict the anti-marriage myths that have become the common sense of most Americans. Today a broad consensus holds that marriage is a bad deal for women, that divorce is better for children when parents are unhappy, and that marriage is essentially a private choice, not a public institution. Waite and Gallagher flatly contradict these assumptions, arguing instead that by a broad range of indices, marriage is actually better for you than being single or divorced- physically, materially, and spiritually. They contend that married people live longer, have better health, earn more money, accumulate more wealth, feel more fulfillment in their lives, enjoy more satisfying sexual relationships, and have happier and more successful children than those who remain single, cohabit, or get divorced. The Case for Marriage combines clearheaded analysis, penetrating cultural criticism, and practical advice for strengthening the institution of

marriage, and provides clear, essential guidelines for reestablishing marriage as the foundation for a healthy and happy society. "A compelling defense of a sacred union. The Case for Marriage is well written and well argued, empirically rigorous and learned, practical and commonsensical." -- William J. Bennett, author of The Book of Virtues "Makes the absolutely critical point that marriage has been misrepresented and misunderstood." -- The Wall Street Journal

the story of some of the cases reported to the South African Police Service and how they were dealt with"--Publisher's description.

Racism on Trial - Ian F. Haney Lopez 2009-07-01

In 1968, ten thousand students marched in protest over the terrible conditions prevalent in the high schools of East Los Angeles, the largest Mexican community in the United States. Chanting Chicano Power, the young insurgents not only demanded change but heralded a new racial politics. Frustrated with the previous generation's efforts to win equal treatment by portraying themselves as racially white, the Chicano protesters demanded justice as proud members of a brown race. The legacy of this fundamental shift continues to this day. Ian Haney Lopez tells the compelling story of the Chicano movement in Los Angeles by following two criminal trials, including one arising from the student walkouts. He demonstrates how racial prejudice led to police brutality

and judicial discrimination that in turn spurred Chicano militancy. He also shows that legal violence helped to convince Chicano activists that they were nonwhite, thereby encouraging their use of racial ideas to redefine their aspirations, culture, and selves. In a groundbreaking advance that further connects legal racism and racial politics, Haney Lopez describes how race functions as common sense, a set of ideas that we take for granted in our daily lives. This racial common sense, Haney Lopez argues, largely explains why racism and racial affiliation persist today. By tracing the fluid position of Mexican Americans on the divide between white and nonwhite, describing the role of legal violence in producing racial identities, and detailing the commonsense nature of race, Haney Lopez offers a much needed, potentially liberating way to rethink race in the United States.

Unconventional Warfare (Special Forces, Book 1) - Chris Lynch 2018-11-27

Discover the secret missions behind America's greatest conflicts. Danny Manion has been fighting his entire life. Sometimes with his fists. Sometimes with his words. But when his actions finally land him in real trouble, he can't fight the judge who offers him a choice: jail... or the army. Turns out there's a perfect place for him in the US military: the Studies and Observation Group (SOG), an elite volunteer-only task force comprised of US Air Force Commandos, Army Green Berets, Navy SEALs, and even a CIA agent or two. With the SOG's focus on covert action and psychological warfare, Danny is guaranteed an unusual tour of duty, and a hugely dangerous one.

Fortunately, the very same qualities that got him in trouble at home make him a natural-born commando in a secret war. Even if almost nobody knows he's there. National Book Award finalist Chris Lynch begins a new, explosive fiction series based on the real-life, top-secret history of US black ops.

Comandante - Rory Carroll 2013-03-07

The inside story of Hugo Chavez's rule and complex legacy. Few leaders in our time have been as divisive and enigmatic as the late Hugo Chavez. In *Comandante*, acclaimed journalist Rory Carroll tells the inside story of Chavez's life, his time as Venezuela's president, and his legacy. Based on interviews with ministers, aides, courtiers, and citizens, this intimate piece of reportage chronicles a unique experiment in power that veers among enlightenment, tyranny, comedy, and farce. Carroll also investigates the almost religious devotion of millions of Venezuelans who regarded

Downloaded from
sixideasapps.pomona.edu
on by @guest

Chavez as a savior and the loathing of those who branded him as a dictator. In beautiful prose that blends the lyricism and strangeness of magical realism with the brutal, ugly truth of authoritarianism, Comandante offers a cautionary tale for our times.

The Area of Freedom, Security and Justice Ten Years on - Elspeth Guild 2010

This book celebrates the tenth anniversary of the Area of Freedom, Security and Justice (AFSJ) by bringing together the views of key practitioners and policy-makers who have played an outstanding role in thinking about and shaping EU policies on freedom, security and justice. Ten years ago, the member states transferred competences to the EU for law and policy-making in the fields of immigration, asylum and border controls, and began the transfer process for criminal justice and policing. This decade of European cooperation on AFSJ policies has experienced very dynamic convergence, the enactment of a large body of European law

and the setting-up of numerous EU agencies working in these domains. Such dynamism in policy-making has not been without challenges and vulnerabilities, however. As this collective volume shows, the main dilemmas that lie ahead relate to an effective (while more plural) institutional framework under the Treaty of Lisbon, stronger judicial scrutiny through a greater role for national courts and the Court of Justice in Luxembourg, better mechanisms for evaluating and monitoring the implementation of EU AFSJ law and a more solid fundamental rights strategy. The contributions in this volume address the progress achieved so far in these policy areas, identify the challenges for future European cooperation in the AFSJ and put forward possible paths for making more progress in the next generation of the EU's AFSJ. Book jacket.

Post-Sustainability and Environmental Education - Bob Jickling 2017-03-17

This book provides a critique of over two decades of sustained

Downloaded from
sixideasapps.pomona.edu
on by @guest

effort to infuse educational systems with education for sustainable development. Taking to heart the idea that deconstruction is a prelude to reconstruction, this critique leads to discussions about how education can be remade, and respond to the educational imperatives of our time, particularly as they relate to ecological crises and human-nature relationships. It will be of great interest to students and researchers of sociology, education, philosophy and environmental issues.

The Cultural Defense - Alison Dundes Renteln 2005

Publisher's description: In a trial in California, Navajo defendants argue that using the hallucinogen peyote to achieve spiritual exaltation is protected by the Constitution's free exercise of religion clause, trumping the states' right to regulate them. An Ibo man from Nigeria sues Pan American World Airways for transporting his mother's corpse in a cloth sack. Her arrival for the funeral face down in a burlap bag signifies death by suicide

according to the customs of her Ibo kin, and brings great shame to the son. In Los Angeles, two Cambodian men are prosecuted for attempting to eat a four month-old puppy. The immigrants' lawyers argue that the men were following their own "national customs" and do not realize their conduct is offensive to "American sensibilities." What is the just decision in each case? When cultural practices come into conflict with the law is it legitimate to take culture into account? Is there room in modern legal systems for a cultural defense? In this remarkable book, Alison Dundes Renteln amasses hundreds of cases from the U.S. and around the world in which cultural issues take center stage—from the mundane to the bizarre, from drugs to death. Though cultural practices vary dramatically, Renteln demonstrates that there are discernible patterns to the cultural arguments used in the courtroom. The regularities she uncovers offer judges a starting point for creating a body of law

Downloaded from
sixideasapps.pomona.edu
on by @guest

that takes culture into account. Renteln contends that a systematic treatment of culture in law is not only possible, but ultimately more equitable. A just pluralistic society requires a legal system that can assess diverse motivations and can recognize the key role that culture plays in influencing human behavior. The inclusion of evidence of cultural background is necessary for the fair hearing of a case.

Systemic Injustice -

Observatoire pour la protection des défenseurs des droits de l'homme 1999

Judicial Reforms in Mexico

Mexico's Disappeared - Nik

Steinberg 2013

"This 176-page report documents nearly 250 "disappearances" during the administration of former President Felipe Calderón, from December 2006 to December 2012. In 149 of those cases, Human Rights Watch found compelling evidence of enforced disappearances, involving the participation of state agents."--Publisher's website.

Disappearances in Mexico -

Silvana Mandolessi 2022-01-28

This volume presents an interdisciplinary analysis of the practice of disappearances in Mexico, from the period of the so-called 'dirty war' to the current crisis of disappearances associated with the country's 'war on drugs', during which more than 80,000 people have disappeared. The volume brings together contributions by distinguished scholars from Mexico, Argentina and Europe, who focus their chapters on four broad axes of enquiry. In Part I, chapters examine the phenomenon of disappearances in its historical and present-day forms, and the struggles for memory around the disappeared in Mexico with reference to Argentina. Part II addresses the political dimensions of disappearances, focusing on the specificities that this practice acquires in the context of the counterinsurgency struggle of the 1970s and the so-called 'war on drugs'. The third section situates the issue within the framework of human rights

Downloaded from
sixideasapps.pomona.edu
on by @guest

law by examining the conceptual and legal aspects of disappearances. The final chapters explore the social movement of the relatives of the disappeared, showing how their search for disappeared loved ones involves bodily and affective experiences as well as knowledge production. The volume thus aims to further our understanding of the crisis of disappearances in Mexico without, however, losing sight of the historic origins of the phenomenon.

The Enemy of the People - Jim Acosta 2020-06-16

Downloaded from
sixideasapps.pomona.edu
on by @guest

A New York Times bestseller. From CNN's veteran Chief White House Correspondent Jim Acosta, an explosive, first-hand account of the dangers he faces reporting on the current White House while fighting on the front lines in President Trump's war on truth, featuring new material exclusive to the paperback edition. In Mr. Trump's campaign against what he calls "Fake News," CNN Chief White House Correspondent, Jim Acosta, is public enemy number one. From the moment Mr. Trump announced his candidacy in 2015, he has attacked the media, calling journalists "the enemy of the people." Acosta presents a damning examination of bureaucratic dysfunction, deception, and the unprecedented threat the rhetoric Mr. Trump is directing has on our democracy. When the leader of the free world incites hate and violence, Acosta doesn't back down, and he urges his fellow citizens to do the same. At Mr. Trump's most hated network, CNN, Acosta offers a never-before-

reported account of what it's like to be the President's most hated correspondent. Acosta goes head-to-head with the White House, even after Trump supporters have threatened his life with words as well as physical violence. From the hazy denials and accusations meant to discredit the Mueller investigation, to the president's scurrilous tweets, Jim Acosta is in the eye of the storm while reporting live to millions of people across the world. After spending hundreds of hours with the revolving door of White House personnel, Acosta paints portraits of the personalities of Sarah Huckabee Sanders, Stephen Miller, Steve Bannon, Sean Spicer, Hope Hicks, Jared Kushner and more. Acosta is tenacious and unyielding in his public battle to preserve the First Amendment and #RealNews.

Black Flag Boricuas - Kirwin R. Shaffer 2013-05-15

This pathbreaking study examines the radical Left in Puerto Rico from the final years of Spanish colonial rule into the 1920s. Positioning Puerto Rico

Downloaded from
sixideasapps.pomona.edu
on by @guest

within the context of a regional anarchist network that stretched from Puerto Rico and Cuba to Tampa, Florida, and New York City, Kirwin R. Shaffer illustrates how anarchists linked their struggle to the broader international anarchist struggles against religion, governments, and industrial capitalism. Their groups, speeches, and press accounts--as well as the newspapers that they published--were central in helping to develop an anarchist vision for Puerto Ricans at a time when the island was a political no-man's-land, neither an official U.S. colony or state nor an independent country. Exploring the rise of artisan and worker-based centers to develop class consciousness, Shaffer follows the island's anarchists as they cautiously joined the AFL-linked Federación Libre de Trabajadores, the largest labor organization in Puerto Rico. Critiquing the union from within, anarchists worked with reformers while continuing to pursue a more radical agenda achieved by direct action rather

than parliamentary politics. Shaffer also traces anarchists' alliances with freethinkers seeking to reform education, progressive factions engaged in attacking the Church and organized religion, and the emerging Socialist movement on the island in the 1910s. The most successful anarchist organization to emerge in Puerto Rico, the Bayamón bloc founded El Comunista, the longest-running, most financially successful anarchist newspaper in the island's history. Stridently attacking U.S. militarism and interventionism in the Caribbean Basin, the newspaper found growing distribution throughout and financial backing from Spanish-speaking anarchist groups in the United States. Shaffer demonstrates how the U.S. government targeted the Bayamón anarchists during the Red Scare and forced the closure of their newspaper in 1921, effectively unraveling the anarchist movement on the island.
