Business Communication - Peter Hartley
2008-01-28

This is a wide-ranging, up-to-date introduction to modern business communication, which integrates

communication theory and practice and challenges many orthodox views of the communication process. As well as developing their own practical skills, readers will be able to understand and apply principles of modern business communication. Among the subjects covered are: interpersonal communication, including the use and analysis of nonverbal communication group communication, including practical techniques to support discussion and meetings written presentation, including the full range of paper and electronic documents oral presentation, including the use of electronic media corporate communication, including strategies and media. The book also offers guidelines on how communication must respond to important organizational issues, including the impact of information technology, changes in organizational structures and cultures, and the diverse,

multicultural composition of modern organizations. This is an ideal text for undergraduates and postgraduates studying business communication, and through its direct style and practical relevance it will also satisfy professional readers wishing to develop their understanding and skills.

Communication Skills: A Students' Companion - Parth Joshi 2022-06-22

The practical dimension of communication is often quickly grasped by students but theory is found tricky in various ways. This book, therefore, focuses purely on the theoretical dimensions of communication. It is very difficult to claim pure originality in communication theory but an effort has

been made to explain the selected topics in a lucid, student-friendly manner. As far as the selection of topics is concerned, the syllabi of various universities have been referred to. The first three units focus on introducing communication in detail and its two major types – verbal and non-verbal. Each of the sub-types of non-verbal communication viz. proxemics, paralanguage, etc. would ideally demand one unit each. But that is out of the scope of such a companion. Out of four language acquisition skills – LSRW – only two have been taken up here: listening and reading. Interpersonal communication and teamwork carry such immense application in today's workplace scenario that it deserves a place in a book dealing with fundamentals such as this one.

Principles and Practices of Management and Business Communication -

Technical English-II - Prof. Ravindra Nath Tiwari 2020-08-07

This book will help the students: 1. In self-directed learning because of easy and direct expressions that is also called autodidactic learning. 2. In understanding the concept of LSRW, Group Discussion, Interview Skills and Essential Grammar, looking at the present trend and will help them in placements too. 3. In solving various exercises of different difficulty levels, which in turn will sharpen their mental intellect in English. 4. In having quick

knowledge of a few important aspects of language within a short span of time. Hence, I request the learners to go through the contents and exercises of this book meticulously. They will certainly be beneficial in all respects
Business Communication - Mary Ellen Guffey 2000

Guffey's "Business Communication: Process and Product" continues in this new edition to emphasize the three elements that have been the hallmarks of its success: Process; Product; Partnership. Guffey's unique 3-x-3 process approach provides students a practical strategy for solving communication problems and creating successful communication products. Through the direct application of the strategic 3-x-3 process to all forms of business communication and with the provision of excellent document

models, students have the tools necessary to create well-crafted documents and presentations. Mary Ellen Guffey provides unparalleled support to students and instructors. Her privately sponsored Web sites now contain well over 3,000 student-oriented pages (most of them text-

specific), and her e-mail and paper newsletters bring a continuous supply of customized teaching materials to instructors. Best of all, she acts as a classroom consultant who actively responds to instructor needs and suggestions.
