**Dragonwriter** - Todd McCaffrey 2013-08-06

When Anne McCaffrey passed in November 2011, it was not only those closest to her who mourned her death; legions of readers also felt the loss deeply. The pioneering science fiction author behind the Dragonriders of Pern® series crafted intricate stories, enthralling worlds, and strong heroines that profoundly impacted the science fiction community and genre. In Dragonwriter, Anne's son and Pern writer Todd McCaffrey collects memories and stories about the beloved author, along with insights into her writing and legacy, from those who knew her best. Nebula Award-winner Elizabeth Moon relates the lessons she learned from Pern's Lessa (and from Lessa's creator); Hugo Award-winner David Brin recalls Anne's steadfast belief that the world to come will be better than the one before; legendary SFF artist Michael Whelan shares (and tells stories about) never-before-published Pern sketches from his archives; and more. Join Anne's co-writers, fellow science fiction authors, family, and friends in remembering her life, and exploring how her mind and pen shaped not only the Weyrs of Pern, but also the literary landscape as we know it. Contributors include: • Angelina Adams • David Brin • David Gerrold • John Goodwin • Janis Ian • Alec Johnson • Georgeanne Kennedy • Mercedes Lackey • Sharon Lee and Steve Miller • Lois McMaster Bujold • Elizabeth Moon • Charlotte Moore • Robert Neilson • Jody Lynn Nye and Bill Fawcett • Robin Roberts • Elizabeth Ann Scarborough • Wen Spencer • Michael Whelan • Richard J. Woods • Chelsea Quinn Yarbro

**The President and Immigration Law** - Adam B. Cox 2020-08-04

Who controls American immigration policy? The biggest immigration controversies of the last decade have all involved policies produced by the President policies such as President Obama's decision to protect Dreamers from deportation and President Trump's proclamation banning immigrants from several majority-Muslim nations. While critics of these policies have been separated by a vast ideological chasm, their broadsides have embodied the same widely shared belief: that Congress, not the President, ought to dictate who may come to the United States and who will be forced to leave. This belief is a myth. In *The President and Immigration Law*, Adam B. Cox and Cristina M. Rodríguez chronicle the untold story of how, over the course of two centuries, the President became our immigration policymaker-in-chief. Diving deep into the history of American immigration policy from founding-era disputes over deporting sympathizers with France to contemporary debates about

asylum-seekers at the Southern border they show how migration crises, real or imagined, have empowered presidents. Far more importantly, they also uncover how the Executive's ordinary power to decide when to enforce the law, and against whom, has become an extraordinarily powerful vehicle for making immigration policy. This pathbreaking account helps us understand how the United States has come to run an enormous shadow immigration system—one in which nearly half of all noncitizens in the country are living in violation of the law. It also provides a blueprint for reform, one that accepts rather than laments the role the President plays in shaping the national community, while also outlining strategies to curb the abuse of law enforcement authority in immigration and beyond.

Open Borders - Bryan Caplan 2019-10-29

An Economist "Our Books of the Year" Selection Economist Bryan Caplan makes a bold case for unrestricted immigration in this fact-filled graphic nonfiction. American policy-makers have long been locked in a heated battle over whether, how many, and what kind of immigrants to allow to live and work in the country. Those in favor of welcoming more immigrants often cite humanitarian reasons, while those in favor of more restrictive laws argue the need to protect native citizens. But economist Bryan Caplan adds a new, compelling perspective to the immigration debate: He argues that opening all borders could eliminate absolute poverty worldwide and usher in a booming worldwide economy—greatly benefiting humanity. With a clear and conversational tone, exhaustive research, and vibrant illustrations by Zach Weinersmith, *Open Borders* makes the case for unrestricted immigration easy to follow and hard to deny.

Exploring Contemporary Migration - Paul Boyle 2014-06-11

*Exploring Contemporary Migration* provides the first comprehensive introduction to the various aspects of population migration in both the developed and the developing worlds. Some of the most important quantitative and qualitative methods used for the description and analysis of migration are presented in a clearly structured and accessible way. The various theoretical approaches used to explain the complex patterns of migration are also summarised. These patterns are then explored through the use of specific migration-related themes: employment, stage in the life course, quality of life, societal engineering, violence and persecution, and the role of culture. *Exploring Contemporary Migration* is written in a user-friendly, accessible style, appealing to undergraduate students of population geography and social science students taking a population module. This text will also be valuable reading to those researchers and academics concerned with gaining a broad understanding of the dynamics and patterns of contemporary population.

*First a Lady* - J. D. Cary 2018-07-22

Grace Ashton Coolidge will never forget the horror of seeing her husband, President Matthew Douglas Coolidge, gunned down by two rogue Secret Service agents on that convention stage, and she will never forget the agent who carried her to safety, and comforted her on a deserted road outside of New Orleans until they were found. Now, Grace must attend two functions as a former first lady, and the current president is requiring her to accept protection. The assassination has taught Grace that the Secret Service cannot be trusted, and she seeks out former agent John Marin to take the job. She said it was for only two weeks, but former agent John Marin wants no part of protecting the former first lady. He sold everything and removed himself to a tropical island, where good rum, pretty, willing women, and amnesia was all he required. Losing a United States President on his watch could never be redeemed, but he finds it hard to resist the beautiful, elegant, haunted woman who chases him down and begs him to protect her. But there is more going on with Grace Coolidge than she is letting on. Refined, smart and beautiful, she is hiding something from him, and it will take more than leading her by the arm with his hand at her back to get to the truth. Whatever her past, she is a lady first, and he will protect her with his life, no matter the cost. And that cost might include his heart, a heart broken one humid night on a convention stage. It was only two weeks, she said. But John Marin knows better. Two weeks will never be enough time with this woman.

Blowout! - Mario T. García 2011-03-21

In March 1968, thousands of Chicano students walked out of their East Los Angeles high schools and middle schools to protest decades of inferior and discriminatory education in the so-called "Mexican Schools." During these historic walkouts, or "blowouts," the students were led by Sal Castro, a courageous and charismatic Mexican American teacher who encouraged the students to make their grievances public after school administrators and school board members failed to listen to them. The resulting blowouts sparked the beginning of the urban Chicano Movement of the late 1960s and early 1970s, the largest and most widespread civil rights protests by Mexican Americans in U.S. history. This fascinating testimonio, or oral history, transcribed and presented in Castro's voice by historian Mario T. Garcia, is a compelling, highly readable narrative of a young boy growing up in Los Angeles who made history by his leadership in the blowouts and in his career as a dedicated and committed teacher. *Blowout!* fills a major void in the history of the civil rights and Chicano movements of the 1960s, particularly the struggle for educational justice.

Gimme Some Truth - Jon Wiener 1999

Fascinating, engrossing, and at points hilarious and absurd, "Gimme Some Truth" documents the FBI surveillance of John Lennon in 1972 when the war in Vietnam was at its peak. 157 line drawings.

*Children's Occupations* - Mrs. Maude Cushing Nash 1920

Ideas to help children learn through play by becoming inventors and artists.

**Immigration Matters** - Ruth Milkman 2021-04-27

A provocative, strategic plan for a humane immigration system from the

nation's leading immigration scholars and activists. During the past decade, right-wing nativists have stoked popular hostility to the nation's foreign-born population, forcing the immigrant rights movement into a defensive posture. In the Trump years, preoccupied with crisis upon crisis, advocates had few opportunities to consider questions of long-term policy or future strategy. Now is the time for a reset. *Immigration Matters* offers a new, actionable vision for immigration policy. It brings together key movement leaders and academics to share cutting-edge approaches to the urgent issues facing the immigrant community, along with fresh solutions to vexing questions of so-called "future flows" that have bedeviled policy makers for decades. The book also explores the contributions of immigrants to the nation's identity, its economy, and progressive movements for social change. *Immigration Matters* delves into a variety of topics including new ways to frame immigration issues, fresh thinking on key aspects of policy, challenges of integration, workers' rights, family reunification, legalization, paths to citizenship, and humane enforcement. The perfect handbook for immigration activists, scholars, policy makers, and anyone who cares about one of the most contentious issues of our age, *Immigration Matters* makes accessible an immigration policy that both remediates the harm done to immigrant workers and communities under Trump and advances a bold new vision for the future.

The Human Right to Citizenship - Rhoda E. Howard-Hassmann 2015-07-16

*The Human Right to Citizenship* provides an accessible overview of citizenship around the globe, focusing on empirical cases of denied or weakened legal rights. This wide-ranging volume provides a theoretical framework to understand the particular ambiguities, paradoxes, and evolutions of citizenship regimes in the twenty-first century.

**Human Rights of Migrant Workers** - Scalabrini Migration Center 1993

**Checklists for Sailors - Passage Planning, Sailboat Maintenance, Cleaning, Medical and More** - Kimberly Ann Brown 2019-08

After my husband and I decided to sell everything we own, buy a sailboat and sail around the world we were overwhelmed by the enormous learning curve. Sailing our new sailboat was one part of the equation but what really baffled us, at the start, were the hundreds of maintenance tasks and cleaning routines. Almost six years after we started, we've learned an incredible amount about sailing, passage planning, anchoring, taking guests aboard, servicing and maintaining our systems (engine, generator, pumps, batteries, and on), cleaning schedules, provisioning, medical concerns and even how to entertain young children on board. This book has therefore been created as a guide, or a blueprint, to help you mitigate your learning curve regarding a variety of standard tasks associated with sailing a sailboat. Here are just some of the checklists you'll find in this helpful resource for sailors or skippers: - The start to finish of a sailing voyage with new crew/guests- Passage planning - preparation and plan- Boat briefing-Guests and or crew duties and responsibilities- Anchoring- Packing and preparing for a sailing holiday-Maintenance and service checks- Wintering a boat- Every time your boat is out of the water- Spare parts checklist- Cleaning and maintenance checklists- The First Aid log- The First Aid Kits- Medical question form- Medical radio advice forms- Medical observation checklists- Taking the dingy to land- Keeping children occupied on a boat- What about Seasickness?- Meal provisioning. All those and more. Get your *Checklists for Sailors - Passage Planning, Sailboat Maintenance, Cleaning, Medical and More* book today!
