Leadership for a Better World - NCLP (National Clearinghouse for Leadership Programs) 2016-11-14
The essential guide to the theory and application of the Social Change Model Leadership for a Better World provides an approachable introduction to the Social Change Model of Leadership Development (SCM), giving students a real-world context through which to explore the seven C's of leadership for social change as well as a approaches to socially responsible leadership. From individual, group, and community values through the mechanisms of societal change itself, this book provides fundamental coverage of this increasingly vital topic. Action items, reflection, and discussion questions throughout encourage students to think about how these concepts apply in their own lives. The Facilitator's Guide includes a wealth of activities, assignments,

discussions, and supplementary resources to enrich the learning experience whether in class or in the co-curriculum. This new second edition includes student self-assessment rubrics for each element of the model and new discussion on the critical roles of leadership self-efficacy, social perspective, and social justice perspectives. Content is enriched with research on how this approach to leadership is developed, and two new chapters situate the model in a broader understanding of leadership and in applications of the model. The Social Change Model is the most widely-used leadership model for college students, and has shaped college leadership curricula at schools throughout the U.S. and other countries including a translation in Chinese and Japanese. This book provides a comprehensive exploration of the model, with a practical, relevant approach to real-world issues. Explore the many facets of social change and leadership Navigate group dynamics surrounding controversy, collaboration, and purpose Discover the meaning of citizenship and your commitment to the greater good Become an agent of change through one of the many routes to a common goal The SCM is backed by 15 years of research, and continues to be informed by ongoing investigation into the interventions and environments that create positive leadership development outcomes. Leadership for a Better World provides a thorough, well-rounded tour of the Social Change Model, with guidance on application to real-world issues. Please note that The Social Change Model: Facilitating Leadership Development (978-1-119-24243-7) is intended to be used as a Facilitator's Guide to Leadership for a Better World, 2nd Edition in seminars, workshops, and college

classrooms. You'll find that, while each book can be used on its own, the content in both is also designed for use together. A link to the home page of The Social Change Model can be found below under Related Titles.

The Brain Bible: How to Stay Vital, Productive, and Happy for a Lifetime

- John Arden 2014-01-07

THE REAL PATH TO BRAIN HEALTH--BASED ON CUTTING-EDGE BRAIN SCIENCE Let's face it: you want to keep your brain in great shape. But But how do you sift through the clutter of information and media coverage in order to find the facts? The Brain Bible One of today's leading experts on brain health, Dr. John Arden tells it straight: There is no single remedy for maintaining sharp-mindedness into old age. But there are a lot of things you can do that, over the course of time, will work wonders. It's not about adding one activity or breaking one habit--it's about making many small, simple changes in your everyday routine. Dr. Arden culls the latest findings in neuroscience, cognitive psychology, gerontology, and many other sciences and puts them all together into a smart, actionable, science-based plan. Basing his conclusions on cutting-edge research, Dr. Arden has broken down the vast amount of confusing and sometimes conflicting brain data into the five crucial Brain Bible factors you need to be mindful of: Education - Read and keep your brain active Diet - What you eat and drink directly affects your brain health Exercise - Starting a fitness routine is simpler than you think Relationships - The love of friends and family has a strong healing power Sleep - Get enough but not too much sleep Here are just a few samples of Dr. Arden's tips for improving your brain health: Drink water even when you're not thirsty Take the stairs instead of the elevator Laugh a lot

Don't drink alcohol before going to bed Eat fish at least twice a week If you want to keep your brain sharp-- and who doesn't?--The Brain Bible is packed with the simple lifestyle changes you will want to make. After exploring the five Brain Bible factors, Dr. Arden shares indispensable advice on how to lower your everyday stress level. Then he provides the 7-Day Brain Bible Jumpstart Plan you can use to start changing your lifestyle and improving your brain today. The Brain Bible can help make your brain--and your life-- better than ever. PRAISE FOR THE BRAIN BIBLE: "Successful aging just doesn't happen--it takes knowledge, wisdom, and action. Read this book and let Dr. John Arden take you on a fascinating and very human journey through the science and steps to healthy aging." -- Louis Cozolino, PhD, Pepperdine University, author of *The Neuroscience of Human Relationships* and *The Neuroscience of Psychotherapy* "In *The Brain Bible*, Dr. John Arden provides an uplifting read.... This book is as scientifically rigorous as it is lively and accessible, and it is peppered with fascinating stories about real people and the things they do or do not do that affect their health and longevity. Building on the latest biomedical and psychosocial research, Arden beautifully describes the lifestyle factors we can control that have enormous effects on the length and quality of our lives. This is a must-read." -- Ian H. Robertson, PhD, Trinity College, author of *The Winner Effect* "This book translates the latest developments from the abstruse world of the neurological sciences into accessible, real-world guidance for those who are sharp enough to choose to remain sharp. Essential reading." -- John Soderlund, counseling psychologist and publishing editor, *New Therapist*

"If you want to redefine the aging process so you can be what you want to be instead of what you have observed, read this book to have ample guidance for healthy longevity." -- Charlotte A. Tomaino, PhD, author of *Awakening the Brain* [The Accusation: Blood Libel in an American Town](#) - Edward Berenson 2019-09-10

A chilling investigation of America's only alleged case of blood libel, and what it reveals about antisemitism in the United States and Europe. On Saturday, September 22, 1928, Barbara Griffiths, age four, strayed into the woods surrounding the upstate village of Massena, New York. Hundreds of people looked everywhere for the child but could not find her. At one point, someone suggested that Barbara had been kidnapped and killed by Jews, and as the search continued, policemen and townspeople alike gave credence to the quickly spreading rumors. The allegation of ritual murder, known to Jews as "blood libel," took hold. To believe in the accusation seems bizarre at first glance--blood libel was essentially unknown in the United States. But a great many of Massena's inhabitants, both Christians and Jews, had emigrated recently from Central and Eastern Europe, where it was all too common. Historian Edward Berenson, himself a native of Massena, sheds light on the cross-cultural forces that ignited America's only known instance of blood libel, and traces its roots in Old World prejudice, homegrown antisemitism, and the resurgence of the Ku Klux Klan in the 1920s. Residues of all three have persisted until the present day. More than just the disturbing story of one town's embrace of an insidious anti-Jewish myth, *The Accusation* is a shocking and perceptive exploration of American and European responses to antisemitism.

Midnight Rising - Tony Horwitz

2011-10-25

A New York Times Notable Book for 2011 A Library Journal Top Ten Best Books of 2011 A Boston Globe Best Nonfiction Book of 2011 Bestselling author Tony Horwitz tells the electrifying tale of the daring insurrection that put America on the path to bloody war. Plotted in secret, launched in the dark, John Brown's raid on Harpers Ferry was a pivotal moment in U.S. history. But few Americans know the true story of the men and women who launched a desperate strike at the slaveholding South. Now, *Midnight Rising* portrays Brown's uprising in vivid color, revealing a country on the brink of explosive conflict. Brown, the descendant of New England Puritans, saw slavery as a sin against America's founding principles. Unlike most abolitionists, he was willing to take up arms, and in 1859 he prepared for battle at a hideout in Maryland, joined by his teenage daughter, three of his sons, and a guerrilla band that included former slaves and a dashing spy. On October 17, the raiders seized Harpers Ferry, stunning the nation and prompting a counterattack led by Robert E. Lee. After Brown's capture, his defiant eloquence galvanized the North and appalled the South, which considered Brown a terrorist. The raid also helped elect Abraham Lincoln, who later began to fulfill Brown's dream with the Emancipation Proclamation, a measure he called "a John Brown raid, on a gigantic scale." Tony Horwitz's riveting book travels antebellum America to deliver both a taut historical drama and a telling portrait of a nation divided—a time that still resonates in ours.

Transnational Social Work Practice -

Nalini Junko Negi 2010-09-29

A growing number of people immigrants, refugees, asylum-seekers,

displaced individuals, and families lead lives that transcend national boundaries. Often because of economic pressures, these individuals continually move through places, countries, and cultures, becoming exposed to unique risk and protective factors. Though migration itself has existed for centuries, the availability of fast and cheap transportation as well as today's sophisticated technologies and electronic communications have allowed transmigrants to develop transnational identities and relationships, as well as engage in transnational activities. Yet despite this new reality, social work has yet to establish the parameters of a transnational social work practice. In one of the first volumes to address social work practice with this emergent and often marginalized population, practitioners and scholars specializing in transnational issues develop a framework for transnational social work practice. They begin with the historical and environmental context of transnational practice and explore the psychosocial, economic, environmental, and political factors that affect at-risk and vulnerable transnational groups. They then detail practical strategies, supplemented with case examples, for working with transnational populations utilizing this population's existing strengths. They conclude with recommendations for incorporating transnational social work into the curriculum.

Monster Girl Galaxy - Austin Beck

2020-10-14

Monster Girls! Sick Plasma Gun Firefights! Necromancy! And More Monster Girls! Dalton Wade aka "The Cooler" is a mega superstar pro wrestler and KAW World Heavyweight Champion. One day his life takes an unexpected turn, and he finds himself

transported to a strange new world that is governed by video game-like rules. What the heck is going on? Why is Dalton seeing strange blue screens pop up in front of him? He is quickly swept up into an intergalactic fight for survival in this science fiction gamelit adventure. However, things aren't all bad for our hero. This new world is overflowing with sexy monster girls that help Dalton along the way in more ways than one. Fox girls, dragon girls, bunny girls, lamias, and more fill the world of Zorth. They are more than just eye candy. They have unique talents and abilities. Will Dalton thrive in this new world? Can he handle his unique class? Can he manage his growing harem of diverse monster girls? This action-packed harem gamelit novel contains violence, profanity, and unconventional relationships with a multitude of hot monster girls. If you are fine with debauchery and love reading about monster girls, this book is for you! What are you waiting for?

Battleborne - Dave Willmarth
2020-06-30

Max was a professional soldier, and extremely good at his job. Right up until it killed him. At the moment of his death, he meets Hildi the Valkyrie, and is given three options. Serve Odin in Valhalla as one of the Einherjar, fighting each day and celebrating each night until the battle of Ragnarok. Accept his death as final, and end his existence. Or be reincarnated as a Battleborne on a random unknown world. Max chooses to gamble! To live a new life, whatever that might entail. Favored with a blessing of the Valkyries, who gift him with an unusual bloodline, he is reborn on a world of magic and monsters. In fact, his own new body is half monster! Thrust into the world with nothing but a canvas diaper, sharp teeth, and claws, Max

must use his skills as a soldier to improvise and survive. There are no respawns, and at level zero, nearly everything can kill him. With his new status as one of the Battleborne, much is expected of Max. Dangerous and difficult quests are presented to him, and the loot ranges from filthy goblin loincloths to epic weapons! Join Max as he learns to navigate his new life, struggling with the instincts of his monster bloodlines, and taking advantage of them at the same time.

The Magic Misfits: The Minor Third - Neil Patrick Harris 2019-09-10

The third magical book in the #1 New York Times bestselling Magic Misfits series from acclaimed and wildly popular celebrity Neil Patrick Harris! Theo Stein-Meyer loves being part of the Magic Misfits. Armed with his trusty violin bow, he completes the team with his levitation skills, unflappable calm, and proper manners. But when a girl named Emily begins to spend time with the group, Theo is surprisingly drawn to her. She seems to understand the pull he feels between music and magic, between family and friends. Then a famous ventriloquist arrives in town, and the Misfits are sure he (and his creepy dummy) are up to no good. With their mentor, Mr. Vernon, suddenly called away and tension simmering among the friends, can they come together to stop another member of the villainous Emerald Ring? It's time for Theo to make a choice about where--and with whom--he belongs. Join the Magic Misfits as they discover adventure, friendship, and more than a few hidden secrets in this unique and surprising series. Whether you're a long-time expert at illusion or simply a new fan of stage magic, hold on to your top hat!

Choppers: Heavy Metal Art - Mike Seate Michael Lichter 2005

The Complete Wedding Planner -
Wedding Publishing 2019-12-26

"This book will not only inspire you as you prepare with the Bride for the big day, but it will also save you time and spare you anxiety by spelling out exactly what your obligations are and how to fulfill them with flair, style and grace."

The One-Armed Warlock - Durl White
2020-03-31

Introducing a most devilish protagonist, someone who isn't very touchy-feely and kindhearted. However, he wasn't always this way. The One-Armed Warlock was once a regular, meme-loving guy. Now, he serves the mighty Voidlord Bognaroth, and commands subservants of his own! Together, the warlock and his minions are forcefully bringing LitRPG into the realm of Humorous Dark Comedy. □□□□ The One-Armed Warlock □□□□ When life gives you oranges, you make orange juice... or keep them on the counter to grow old and eventually get thrown away. When it gives you a demonic master, you become a warlock; that's what I did anyway. My name is Benjamin, but you can call me Big Daddy Ben - no one else does. I was midway through my twenties and living a relatively normal life when everything changed. No, I wasn't accepted into some weird warlock school for gifted adults. Technology failed, all of it, even simple stuff like bicycles. It all broke apart as if an unseen force was dismantling all those wonderful inventions we took for granted. It was magic of course. Magic was reentering the world at an accelerating pace. You didn't need to live in a fantasy castle or attend online potion brewing classes to realize it; just peeking out the front window and watching your neighbor get their head blown off by an energy beam would do the trick. This is the start of my (LitRPG) adventure and how I became

known to everyone, even your mom, as the One-Armed Warlock.

The Forgotten Faithful - Jez Cajiao
2020-08-04

Things are looking up for Jax, more or less, He's met a cool girl (Who's a wisp), got some new friends (Who're Dwarves and Cat people and Elves and all sorts), and started a war... (Whoops!) That last one might not be the best idea he's had yet, admittedly, but the guy was an ass, and he deserved it... Only thing is, they say an Englishman's home is his castle, and Jax's home is in ruins... this place isn't going to be any use in defending his new people unless he gets it sorted, and fast! He needs material, equipment, magic and people, most of all he needs time, time to get things ready, to get his ships in the air and his house in order... When you're surrounded on all sides, outclassed, outnumbered and everyone's probably a bit brighter than you are, there's only one option... Attack! (Please be aware this is book 2 of the UnderVerse Series, as with the first it includes swearing, bad jokes, sexual references and oh so much violence... you have been warned!)

Luck Stat Strategy - Blaise Corvin
2017-01-12

Secret of the Old Ones is a deep dive VR game, the likes of which the world had never seen. Trent Noguero, a hardcore gamer, has been playing for a year and is about to get his big break. He is about to catapult himself into the ranks of the most powerful players in the world. However, power comes with a price, and celebrity creates enemies. Trent has the keys to massive success, but he also accidentally painted a target on his back... both in, and out of the game.

The Swordsman - Zack Archer
2018-09-06

A down-on-his luck screenwriter. The

mythical warrior Beowulf. A harem of hot warrior women and monster girls. Joining forces to take down the bad guys in modern-day Los Angeles. Wait. What? Adam Fraser's coming home from an unsuccessful movie pitch when he nearly collides with Beowulf and a duo of powerful warrior women who've been catapulted forward in time by an evil alchemist named Mossheart. Realizing that each can help the other, they set off on an epic journey across Hollywood to track down the alchemist before he accomplishes his ultimate goal: the resurrection of the monster Grendel. What could go wrong? Lots. Tons. A crapload of things could and do go wrong, but along the way, Adam builds his harem, grows in strength and skills, gathers material for an incredible movie, and discovers how to defeat villains and become an expert um...swordsman. Warning: would it surprise you to learn that this book's intended for those over the age of 18 who like fresh takes on old stories, sexy monster women, shapeshifters, adrenaline-fueled action, cool snarky characters, and lots of harem (yes, that's a real word) adult situations? Probably not, so if you like those things, and I'm guessing you do, come and get swung with *The Swordsman*!

El Gringo - Louis Masterson 2011
Young Morgan Kane had been in trouble years ago and there was no way he could prove his innocence. The police chief had a proposition, freedom for Kane if he found and killed a certain notorious bandit named Coyote.

Tiny Tim's Christmas Carol - Ken Ludwig 2015

Tiny Tim hatches a plan to get his father home for Christmas day. With the help of some kindly sellers at the market and his friend Charlotte, Tiny Tim stages a spectacle filled with ghosts and Christmas cheer to convince Scrooge to give his father

the day off. It all seems to be going according to plan until a little bit of real Christmas magic catches everyone by surprise...

First Song, Book One - Blaise Corvin 2018-09-15

It has been two years since the Shift--when most technology stopped working, and the laws of physics changed. Humanity has been brought to its knees. Like other survivors, Noah Henson has heard rumors of the Aelves. Among other guesses, predatory aliens seem as good as any other theory for what caused the Shift. But for Noah, everything else takes second place to survival, sometimes even self-respect...or any sort of decency. Lawless, post-apocalypse America had forced Noah to make many difficult decisions, and he has never seemed to choose correctly. However, despite hating himself, he doesn't have the strength or the courage to change. He will get a lucky break in a big way, though--a mysterious orb with otherworldly power. In time, perhaps Noah will find another path. And if he does die during the Shift, maybe it won't be the end of his story. Sometimes, another chance can be an opportunity for redemption.

Erasing Time - C. J. Hill 2012-08-28
When twins Sheridan and Taylor wake up 400 years in the future, they find a changed world: domed cities, no animals, and a language that's so different, it barely sounds like English. And the worst news: They can't go back home. The twenty-fifth-century government transported the girls to their city hoping to find a famous scientist to help perfect a devastating new weapon. The same government has implanted tracking devices in the citizens, limiting and examining everything they do. Taylor and Sheridan have to find a way out of the city before the government discovers their secrets. To

complicate matters, the moblike Dakine has interest in getting hold of them too. The only way for the girls to elude their pursuers is to put their trust in Echo, a guy with secrets of his own. The trio must put their faith in the unknown to make a harrowing escape into the wilds beyond the city. Full of adrenaline-injected chases and heartbreaking confessions, *Erasing Time* explores the strength of the bonds between twins, the risks and rewards of trust, and the hard road to finding the courage to fight for what you believe in.

The Land of the Undying - Dave Willmarth 2018-03-28

Tower of Ruin - Wolfe Locke
2021-02-10

Given a second chance at life by a mysterious Dark Lord with his own agenda, Daniel has but one mission, survive and climb the tower. He must overthrow its master and claim the tower as his own. But the journey will be perilous. Every floor of the tower contains unique challenges. The ascent reveals apocalyptic perversions of humanity. In the monster ridden world of Pandemonium, Daniel has but one choice. He must become one. Previously published as *Afterlife*

World Livestock 2011 - Anni McLeod
2011

Although much has been said about livestock's role in achieving food security in reality, the subject has been only partially addressed and no current document fully covers the topic. Recognizing that food security is central to international development - and to the mandate of FAO - this report tells story of livestock and food security from three perspectives. It begins by presenting a global overview, examining the role that livestock play in human nutrition, the world food supply access to food

particularly for poor families. Next it moves from the global level to a human perspective, examining the way in which livestock contributes to the food security of three different human populations-livestock-dependent societies, small-scale mixed farmers and urban dwellers. The final part of the report looks to the future. It discusses the expected demand for livestock source food and the way that increased demand can be met with ever more limited resources. It reviews the drivers that led to the livestock revolution, how these have changed and what the implications will be for livestock contributing to resilient food systems of the future. Book jacket.

College Teaching at Its Best - Chris Palmer 2019-05-10

This book is a practical guide for professors who are interested in being more effective teachers.

Research Methods in Health - Ann Bowling 2002-01

This second edition has been revised and updated to reflect key methodological developments in health research. It is a comprehensive, easy to read, guide to the range of methods used to study and evaluate health and health services. It describes the concepts and methods used by the main disciplines involved in health research, including: demography, epidemiology, health economics, psychology and sociology.

Psychobitches - Jamie Hawke
2018-09-08

I am the law! Well, kinda. More like a bounty hunter, but I still put a foot up the @\$\$ of injustice and bring criminals down. Only, this time things didn't go as planned. This time, as I was delivering my criminals to be placed in the Abaddon Asylum, everything fell apart when an uprising tore down the system and led to my ship exploding before I could get out of there. Now it's up to me

and some sexy lady allies (and then some!) I've teamed up with along the way to put things right. But we're not just going to stop the uprising. Our mission goes much deeper than that, into the planet itself where all manner of horrors await. Oh, and we call ourselves the Psychobitches. And yeah, I f@cking own it like a crown. NOTE: Read on, friend, if you're a fan of explosions galore, superpowers and leveling up, monster girls and tiny fairies who are all freaks in the sheets, and crazy ladies who could just as easily slit your throat as bring you to the point of more bliss than you've ever thought possible. Take it, it's yours!

The American Presidency - Clinton Rossiter 1987-08-01

The American Presidency is one of the most popular books ever published on America's highest office. Clinton Rossiter's eloquent and insightful classic now appears with a substantial new introduction by Michael Nelson. Firmly grounded in history, constitutional analysis, and political culture, The American Presidency examines the evolution of presidential powers and limitations and evaluates the performances of individual presidents since Washington's inauguration in 1789.

Sustainable Animal Agriculture - Ermias Kebreab 2013-12-13

In order to meet increasing global demand for meat and animal by-products increasingly intensive animal production is necessary. Creating a sustainable system in animal agriculture that works in different production environments is a major challenge for animal scientists. This book draws together themes on sustainability that have emerged as the most pressing in recent years. Addressing practical topics such as air quality, manure management, animal feeds, production

efficiency, environmental sustainability, biotechnology issues, animal welfare concerns, societal impacts and an analysis of the data used to assess the economic sustainability of farms.

Gryff the Griffin Rider - Marcus Sloss 2019-09-26

A fantasy tale of adventure, battle, love, lust, and excitement awaits. Gryff is a young man who had goals and dreams. They were rapidly ripped away from him in a spiraling series of events. Inserted on a new world, he must achieve a new path. Will you dare to quest with the hero? Download now to join Gryff in his exploits and feats.

Critical Failures IV - Robert Bevan 2015-11-26

The adventure continues. Tim and the C&C gang face their most difficult challenges yet. Horses die. Eyeballs are eaten. People are urinated on. A god is born.

Shadow Sun Expansion - Dave Willmarth 2019-08-03

The human race has become nearly extinct. Allistor and his small group push to make themselves stronger, fighting to survive the year-long Stabilization. Forced to battle increasingly stronger and more deadly monsters, they work to expand their holdings, learn better spells, and gather resources to improve their crafting. Dungeons must be cleared, and dragons defeated. Fellow survivors are found - some friendly, some hostile. Allistor considers every human life precious, but when it becomes a case of kill or be killed, hard choices must be made. And each day brings them closer to the invasion of Earth.

Tales of the Dervishes - Idries Shah 2019-09-24

Although enormously attractive as sheer entertainment, Dervish tales were never presented merely on the level of a fable, legend or folklore.

They stand comparison in wit, construction and piquancy with the finest stories of any culture, yet their true function as Sufi teaching stories is so little-known in the modern world, that no technical or popular terms exist to describe them. The material in Tales of the Dervishes is the result of a thousand years of development, during which Dervish masters used these and other teaching stories to instruct their disciples. The tales are held to convey powers of increasing perception unknown to the ordinary man.

Tile & Till - 1915

Wonderword #10 - Ouellet 1997-10

D-Day Girls - Sarah Rose 2020-03-17
NATIONAL BESTSELLER • The dramatic, untold history of the heroic women recruited by Britain's elite spy agency to help pave the way for Allied victory in World War II "Gripping. Spies, romance, Gestapo thugs, blown-up trains, courage, and treachery (lots of treachery)—and all of it true."—Erik Larson, author of *The Devil in the White City* and *Dead Wake* In 1942, the Allies were losing, Germany seemed unstoppable, and every able man in England was on the front lines. To "set Europe ablaze," in the words of Winston Churchill, the Special Operations Executive (SOE), whose spies were trained in everything from demolition to sharpshooting, was forced to do something unprecedented: recruit women. Thirty-nine answered the call, leaving their lives and families to become saboteurs in France. In *D-Day Girls*, Sarah Rose draws on recently declassified files, diaries, and oral histories to tell the thrilling story of three of these remarkable women. There's Andrée Borrel, a scrappy and streetwise Parisian who blew up power lines with the Gestapo hot on her

heels; Odette Sansom, an unhappily married suburban mother who saw the SOE as her ticket out of domestic life and into a meaningful adventure; and Lise de Baissac, a fiercely independent member of French colonial high society and the SOE's unflappable "queen." Together, they destroyed train lines, ambushed Nazis, plotted prison breaks, and gathered crucial intelligence—laying the groundwork for the D-Day invasion that proved to be the turning point in the war. Rigorously researched and written with razor-sharp wit, *D-Day Girls* is an inspiring story for our own moment of resistance: a reminder of what courage—and the energy of politically animated women—can accomplish when the stakes seem incalculably high. Praise for *D-Day Girls* "Rigorously researched . . . [a] thriller in the form of a non-fiction book."—*Refinery29* "Equal parts espionage-romance thriller and historical narrative, *D-Day Girls* traces the lives and secret activities of the 39 women who answered the call to infiltrate France. . . . While chronicling the James Bond-worthy missions and love affairs of these women, Rose vividly captures the broken landscape of war."—*The Washington Post* "Gripping history . . . thoroughly researched and written as smoothly as a good thriller, this is a mesmerizing story of creativity, perseverance, and astonishing heroism."—*Publishers Weekly* (starred review)

Freedom Road - Howard Fast 2015-03-26
"Howard Fast makes superb use of his material. . . . Aside from its social and historical implications, *Freedom Road* is a high-gear story, told with that peculiar dramatic intensity of which Fast is a master". -- *Chicago Daily News*
All Things Fun and Fascinating - Lori Verstegen 2009
All Things Fun & Fascinating is the

perfect tool to help teachers and parents of 3rd-5th graders teach writing with a clear, simple, step-by-step method using subjects that will fascinate young students. The lessons are meant to be a resource for teachers already familiar with Teaching Writing: Structure and Style.

The Harem at the End of the Galaxy - Kyle Kenze 2018-11-29

The last women alive locate the last man alive. Now, a confused twenty-first-century male must save and satisfy all these beauties from the other end of spacetime. The survival of humanity depends on it. Clayton Parks is just another low-level civilian contractor at the Pentagon. Then he's snatched through time and space to the opposite ends of the galaxy, where he learns he's the last man left... For the first time, the complete hit time-travel serial, *The Harem at the End of the Galaxy*, is collected into one hilarious, smokin' hot romp of a volume that contains every word of the five novellas in the series. This 61,000-word novel is intended for open-minded readers over age 18 who appreciate pulp science fiction, men's harem adventure fiction, over-the-top action, more than a touch of humor, and plenty of nudity, swearing, and, swinging/sharing/polyamorous encounters. The future won't be rated G.

One More Last Time - Eric Ugland 2018-09-27

A ruined life. A broken heart. He thought it was the end, and his gun sat ready to make sure. But an oddball offer from his only friend comes at the literal last second. Curiosity gets the best of him, and he finds himself sucked into iNcarn8, a game claiming to be a whole new life. Now as Montana, the larger-than-life tank warrior, he has one more last time to get his life right. One More Last time

is the first book in *The Good Guys*, a LitRPG GameLit series. If you like fast-paced adventure, RPG mechanics, and sweet level progression with a deep magic and game system, this book is for you. It has notes of *The Land and classic Dungeons & Dragons* campaigns, and stars a lovable idiot of a main character who can't seem to shake his dark past and find the quiet life he so wants.

Shadow Sun Survival - Dave Willmarth 2019-03-04

How well would you fare if the apocalypse fell upon you? Could you survive more than a few days? Would you be able to feed yourself? Find clean water? Safe shelter? Heal your wounds? Allistor is a gamer geek who has spent most of his life indoors, playing virtual reality MMORPGS and reading classic LitRPG books. But when Earth is seized by an ancient race wielding incredibly advanced tech, who transport the entire planet to a new location with twin suns, he finds himself fighting to survive in real life. The human race is declared a contaminant, and the new overlords decree that 90% of us will be exterminated. Creatures out of myth and legend are sent to do the killing. Dragons, titans, alien creatures big and small, all with a hunger for human flesh. Humans who survive the first year will be rewarded. After seeing his family killed in the first week, Allistor leads a small group of survivors in their struggle to stay alive. Not satisfied with simple survival, he strives to make himself and his people stronger. The new 'magic' RPG system that now governs the planet is something he can work with, and teach others to exploit. Thrust into a leadership position, and with vengeance in his heart, Allistor aims to establish a stronghold, then take the fight to the monsters who seek to enslave his people.

Matching Ruminant Production Systems with Available Resources in the Tropics and Sub-tropics - Thomas Reginald Preston 1987
