Fundamentals of Canadian Business Law - John A. Willes 2005

Falls and Cognition in Older Persons - Manuel Montero-Odasso 2019-10-04

Despite of the enormous efforts of researchers and clinicians to understand the pathophysiology of falls in older adults and establish preventive treatments, there is still a significant gap in our understanding and treating of this challenging syndrome, particularly when we focus in cognitively impaired older adults. Falls in older adults are a very common yet complex medical event, being the fifth leading cause of death and a main cause of insidious disability and nursing home placement in our world aging population. Importantly, falls in the cognitively impaired double the prevalence of the cognitively normal, affecting up of 60% of older adults with low cognition and increasing the risk of injuries. The past decade has witnessed an explosion of new knowledge in the role of cognitive processes into the falls mechanisms. This was also accompanied with clinical trials assessing the effect of improving cognition via pharmacological and non-pharmacologic approaches to prevent falls and related injuries. Unfortunately, this revolution in emerging interventions left a gap between clinician-scientists and researchers at academic centers where the new data had been generated and the practitioners who care for cognitively impaired patients with falls. Most advances are published in specialty journals of geriatric medicine, neurology, and rehabilitation. The aim of this book is to reduce this gap and to provide practical tools for fall prevention in cognitively impaired populations. The

proposed book is designed to present a comprehensive and state-of the-art update that covers the pathophysiology, epidemiology, and clinical presentation of falls in cognitively impaired older adults. We additionally aim to reduce the knowledge gap in the association between cognitive processes and falls for practitioners from a translational perspective: from research evidence to clinical approach. We will address gaps and areas of uncertainty but also we will provide practical evidence-based guidelines for the assessment, approach, and treatment of falls in the cognitively impaired populations. This book is a unique contribution to the field. Existing textbooks on fall prevention focus in global approaches and only tangentially address the cognitive component of falls and not purposely address special populations and/or settings as residential care and nursing homes. Due to the expected increase of proportion of older adults with cognitive and mobility impairments, this book is also valuable for the whole spectrum of the health care of the elderly. By including a transdisciplinary perspective from geriatric medicine, rehabilitation and physiotherapy medicine, cognitive neurology, and public health, this book will provide a practical and useful resource with wide applicability in falls assessment and prevention.

The Law of Hockey - John Barnes (Barrister-at-law) 2010

Assessing Genetic Risks - Institute of Medicine 1994-01-01

Raising hopes for disease treatment and prevention, but also the specter of discrimination and "designer genes," genetic testing is potentially one of the most socially explosive developments of our time. This book presents a current assessment of this rapidly evolving field, offering principles for actions and research and recommendations on key issues in genetic testing and screening. Advantages of early genetic knowledge are balanced with issues associated with such knowledge: availability of treatment, privacy and discrimination,

personal decision-making, public health objectives, cost, and more. Among the important issues covered: Quality control in genetic testing. Appropriate roles for public agencies, private health practitioners, and laboratories. Value-neutral education and counseling for persons considering testing. Use of test results in insurance, employment, and other settings.

Canadian Business Law - McKay White 2020

"Canadian Business Law: An Alberta Perspective provides a comprehensive overview of business law through a legal risk management perspective. Readers will gain a working knowledge of key concepts across multiple areas of law, including torts, contracts, consumer protection, employment, property, debtor-creditor, and more."--

Fundamentals of Public Relations and Marketing Communications in Canada - William Wray Carney

2015-08-05

Experts in public relations, marketing, and communications have created the most comprehensive textbook specifically for Canadian students and instructors. Logically organized to lead students from principles to their application—and generously supplemented with examples and case studies—the book features chapters on theory, history, law, ethics, research methods, planning, writing, marketing, advertising, media, and government relations, as well as digital, internal, and crisis communications. Chapters open with learning objectives and conclude with lists of key terms, review and discussion questions, activities, and recommended resources. Fundamentals of Public Relations and Marketing Communications in Canada will be essential in

post-secondary classes and will serve as a valuable reference for established professionals and international communicators working in Canada. Contributors: Colin Babiuk, Sandra L. Braun, Wendy Campbell, John E.C. Cooper, Marsha D'Angelo, Ange Frymire Fleming, Mark Hunter LaVigne, Danielle Lemon, Allison G. MacKenzie, Sheridan McVean, Charles Pitts, David Scholz, Jeff Scott, Charmane Sing, Amy Thurlow, Carlyne Van Der Meer, Ashleigh VanHouten, Cynthia Wrate, and Anthony R. Yue. Sponsor: Hill + Knowlton Strategies

Reinventing Bankruptcy Law - Virginia Torrie 2020-05-26

Reinventing Bankruptcy Law explodes conventional wisdom about the history of the Companies' Creditors Arrangement Act and in its place offers the first historical account of Canada's premier corporate restructuring statute. The book adopts a novel research approach that combines legal history, socio-legal theory, ideas from political science, and doctrinal legal analysis. Meticulously researched and multi-disciplinary, *Reinventing Bankruptcy Law* provides a comprehensive and concise history of CCAA law over the course of the twentieth century, framing developments within broader changes in Canadian institutions including federalism, judicial review, and statutory interpretation. Examining the influence of private parties and commercial practices on lawmaking, Virginia Torrie argues that CCAA law was shaped by the commercial needs of powerful creditors to restructure corporate borrowers, providing a compelling thesis about the dynamics of legal change in the context of corporate restructuring. Torrie exposes the errors in recent case law to devastating effect and argues that courts and the legislature have switched roles – leading to the conclusion that contemporary CCAA courts function like a modern day Court of Chancery. This book is essential reading for the Canadian insolvency community as well as those interested in Canadian institutions, legal history, and the dynamics of change.

Mapping Legal Innovation - Antoine Masson 2021

The legal sector is being hit by profound economic and technological changes (digitalization, open data, blockchain, artificial intelligence ...) forcing law firms and legal departments to become ever more creative in order to demonstrate their added value. To help lawyers meet this challenge, this book draws on the perspectives of lawyers and creative specialists to analyze the concept and life cycle of legal innovations, techniques and services, whether related to legislation, legal engineering, legal services, or legal strategies, as well as the role of law as a source of creativity and interdisciplinary collaboration. With 16 contributions by Daniel Martin Katz, Illinois Tech Chicago Kent College of Law Todd Lubart and Branden Thornhill-Miller, Paris Descartes University Christophe Collard, EDHEC Business School, Paris, and Mark Raison, Yellow Ideas and Solvay Brussels School of Economics & Management Florian Imbert and Caroline Martin-Forissier, Legal

Canadian Business and the Law - Dorothy DuPlessis 2001-01

International Business Law and the Legal Environment - Larry A. DiMatteo 2021-01-29

The fourth edition of *International Business Law and the Legal Environment: A Transactional Approach* gives business and law students a clear understanding of the legal principles that govern international business. This book goes beyond compliance by emphasizing how to use the law to create value and competitive advantage. DiMatteo's transactional approach walks students through key business transactions—from import and export, contracts, and finance to countertrade, dispute resolution, licensing, and more—giving them both context and providing real-world applications. More concise than previous editions, this new edition also features:

- Added coverage of new technologies, such as smart contracts, digital platforms, and blockchain technology
- Discussion of businesses and sustainability, climate change, and creating a circular economy
- Greater focus on UNIDROIT Principles and a review of INCOTERMS 2020
- Expansion of common carrier coverage to include CMI trucking and CMR railway conventions
- International perspective and use of a variety of national and international law materials
- Great coverage of EU substantive law

Upper-level undergraduate and postgraduate students of business law and international business will appreciate DiMatteo's lucid writing style, and professionals will find this book to be a comprehensive resource. Online resources include an instructor's manual, PowerPoint slides, test bank, and other tools to provide additional support for students and instructors.

Fundamentals of Canadian Income Tax - Vern Krishna

The Fundamentals of Canadian Income Tax - Vern Krishna 1995

Business Law I Essentials - MIRANDE. DE ASSIS VALBRUNE (RENEE. CARDELL, SUZANNE.) 2019-09-27
A less-expensive grayscale paperback version is available. Search for ISBN 9781680923018. Business Law I Essentials is a brief introductory textbook designed to meet the scope and sequence requirements of courses on Business Law or the Legal Environment of Business. The concepts are presented in a streamlined manner, and cover the key concepts necessary to establish a strong foundation in the subject. The textbook follows a traditional approach to the study of business law. Each chapter contains learning objectives, explanatory narrative and concepts, references for further reading, and end-of-chapter questions. Business Law I Essentials may need to be supplemented with additional content, cases, or related materials, and is offered as a foundational resource that focuses on the baseline concepts, issues, and approaches.

The Fundamentals of Contract Law and Clauses - Nancy S. Kim 2016-09-30

This accessible textbook helps students learn essential transactional skills by explaining the meaning and purpose of common contract clauses and exploring some potential pitfalls associated with their use. Nancy Kim utilizes select case summaries and contract clause examples to illustrate doctrinal concepts and how they may affect a transaction. The Fundamentals of Contract Law and Clauses will prove to be an invaluable resource in the classroom, as it will support law students in becoming preventive lawyers by teaching them how to preempt problems, reduce risks and add value to transactions.

A Business-Finance Job-School Guide - Tony Kelbrat 2022-09-26

This is a business-finance-executive job and school guide, telling you where to find a business-finance job and a school (physical attendance or online). It's a business, managerial and finance job guide. I've written other business books for sales, retail jobs and making money ideas, HRM and consultants, world trade and a general business book about starting and running a business. In this book, I tell you what the business and finance careers are then tell you how to find information, jobs and schooling for them. Business is the frontier. It takes courage and guts to enter the arena. Business runs everything. It supports governments and funds the nonprofits. I watch the CNBC shows about money almost every night for at least a few minutes because I'm interested in business and industry. The stock market is the economy and business world encapsulated into one entity. The 83 volumes are as follows: Volume 1. A Business-Finance Occupation Guide Volume 2. International Business Transactions Fundamentals - Ronald A. Brand 2018-11-27

Designed primarily as a casebook and text for law school study, this volume represents nearly four decades of work by the author to present the fundamentals of the law of international business transactions. The second edition refines and updates the materials in the first edition in a manner intended to be useful not only to students but as a desk book for practitioners. Like the first edition, this second edition focuses on the role of lawyers in identifying risks inherent in cross-border economic transactions, and then using primarily the law and negotiations to eliminate where possible, reduce where practicable and reallocate where necessary, those risks to the benefit of the client. Matters covered include: • the basic export-import sales contract; • the use of price-delivery terms to allocate both price and risk; • the application and use of the United Nations Sales Convention (CISG); • events which may excuse the nonperformance of a contract obligation; • when and how to opt in or out of the CISG; • financing the export sale with a commercial letter of credit; • a basic understanding of the WTO trade regulation system; • the regulation of importation, including tariff classification and valuation; • the regulation of exportation, including licensing and extraterritorial application of export laws; • U.S. and EU Rules affecting the professional liability of international transactions lawyers; • planning for the resolution of disputes in international transactions; • a comparative law understanding jurisdiction, applicable law, and judgments recognition; • issues affecting choices between arbitration and litigation of disputes; • drafting choice of forum clauses; • drafting choice of law clauses; • understanding rules regarding judgments obligations stated in foreign currencies; • recent multilateral efforts to harmonize the law on jurisdiction and judgments recognition; • dealing with and avoiding claims of sovereign immunity and act of state; • operating abroad through employees, agents, and distributors; • anti-bribery laws and the

need for compliance programs and contract restrictions; • expropriation, political risk, and how to use insurance and contract terms to deal with them; • investor-state contracts; • antitrust laws and their extraterritorial application. Each chapter is designed to help the reader move from the simple cross-border sales transaction through steps which increase both activity abroad and the laws and regulations that may bring with them additional risks to be identified and allocated. A separate documents volume provides virtually all current primary source material on the law of international business transactions. There are many guides to the conduct of international business transactions, but none organized as clearly as this. With this up-to-date edition of a well-established practical guide, in-house lawyers for multinational corporations and practitioners in business law will quickly develop a framework for understanding each source of protection and enhance their ability to serve their company and clients well.

Essentials of Business Law and the Legal Environment - Richard A. Mann 2015-01-01

Packed with reader-friendly illustrations, ESSENTIALS OF BUSINESS LAW AND THE LEGAL ENVIRONMENT, 12e uses a nontechnical presentation to help your students understand the dynamics of today's legal environment for business. Covering a broad variety of key subjects and emphasizing ethical decision making, the text presents all business law topics required for success on the CPA exam. Cases are carefully summarized and integrated in order to present both recent legal issues and landmark court decisions while minimizing legal jargon. Students learn to effectively apply legal reasoning to cases and legal issues using the Issue, Rule, Application and Conclusion (IRAC) method. In addition to new Going Global features that highlight the international aspects of legal issues, the 12th Edition also includes more than 30 recent cases, updated coverage of limited liability companies and suretyship, amendments to UCC Articles, SEC rules on social media, recent U.S. Supreme Court decisions, and much more. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Legal Fundamentals for Canadian Business - Richard Yates 2012-02-08

Concise and clear. This text provides the flexibility that instructors want and the accessibility that students need. A streamlined approach allows instructors flexibility in the way the course is taught without sacrificing essential content, while providing students with a solid foundation of essential business law concepts. This thoroughly updated third edition provides a succinct and economical approach to Canadian Business Law. Note: If you are purchasing an electronic version, MyBusLawLab does not come automatically packaged with it. To purchase MyBusLawLab, please visit MyBusLawLab or you can purchase a package of the physical text and MyBusLawLab by searching for ISBN 10: 013291087X / ISBN 13: 9780132910873.

Fundamentals of Space Business and Economics - Ozgur Gurtuna 2013-04-16

This book provides an overview of key topics related to space business and management. Case studies and an integrative section are included to illustrate the fundamental concepts and to build intuition. Key topics in the field, such as risk management and cost management, are covered in detail.

Synthesis - Deborah A. Schmedemann 2003

Help your students explore the integral roles of legal reading, reasoning, and writing with *Synthesis, Second Edition*. The authors prepare students for practice by: - teaching them how to think like a lawyer; first, the authors discuss how to read the law, then how to reason about a client's situation, and how to write about it in different legal forms - taking a step-by-step approach to effective legal reasoning and writing--for each skill, the authors set out steps to follow, identify factors to consider, detail criteria for effective Legal Writing, and explore pertinent ethical principles - using one case file, the HomeElderCare case, for all the examples in the book; this case, involving the unauthorized practice of law, demonstrates how to carefully analyze a case from the initial client interview through the appellate argument - providing pedagogy designed to reach those who learn in different ways, such as incorporating numerous charts and diagrams for visual learners - using exercises based on a tort law issue that will resonate with first-year students to provide opportunities for active development of skills What's new in the Second Edition? - edited text throughout the book for greater clarity and accessibility - a new section on contract drafting - the citation appendix and citation style examples now incorporate the Alwd Citation Manual, as well as the Bluebook - a new CD-Rom to accompany the Teacher's Manual, with more examples of key documents, explanations of the strengths and weaknesses of the examples, "how-to" citation grids for students, and additional student exercises

Legal, Tax and Accounting Strategies for the Canadian Real Estate Investor - Steven Cohen 2010-10-12

Legal, Tax and Accounting Strategies for the Canadian Real Estate Investor begins and ends with the premise that buying property in Canada can be a smart, safe and successful way to invest your money. However, like most things in life, success requires hard work. You need to do your homework, understand what you are buying, and know the pros and cons of various decisions. Most importantly, you also need to know how to structure and maintain your investment. That's where we come in. Experience is a good teacher but its lessons can be nasty and, in the real estate business, mistakes can cost you big bucks. Our goal with this book is to help you do it right-the first time. Rest assured that this book covers a vast range of topics and you're going to appreciate its breadth and depth if you're wondering about things like whether: You should opt for a sole proprietorship versus a partnership or corporate ownership strategy. There are things you can do to manage the way HST impacts your real estate investment business. You need information about the tax implications of a real estate disposition. You can change your bookkeeping system to better meet your needs

and those of your accountant. *Who Are We?* This book was written by two individuals whose collective experience in helping Canadians make wise property investment decisions spans several decades. Steve Cohen is a securities lawyer with a great deal of experience in the real estate sector. George Dube is a chartered accountant whose knowledge is based on many years of helping clients with their property buying needs. Both Steve and George are real estate investors themselves. Working from this foundation, we have put together the definitive guide on how to build a successful real estate portfolio in Canada from a legal, tax and accounting perspective.

The Fundamentals of Statutory Interpretation - Cameron Hutchison 2018

"The modern principle is the official approach to statutory interpretation in Canada and is the foundation for the structure of this text. The modern principle focuses on the language of a statutory provision in light of its purpose, intent and context, and Hutchison devotes separate chapters to each of these aspects of statutory interpretation. The Fundamentals of Statutory Interpretation also critiques the various facets of the modern principle with a view to help identify more convincing interpretations of legislative intent. In addition, it tackles complicated issues concerning both the temporal application of statutes, such as retroactivity and retrospectivity, and when legislation may interfere with "vested rights."--Publisher's website.

Fundamentals of Trial Techniques - Thomas A. Mauet 2001

Fundamentals of Trial Techniques Canadian Edition

Fundamentals of Franchising, Canada - Peter Snell 2005

A large number of American franchise systems have, over the last 40 years, made Canada one of their chosen international expansion targets. This new book, written by experienced Canadian franchise lawyers, will help you advise your clients who are considering expansion into the Canadian marketplace. The book outlines a host of important differences when comparing the business, law and practice of franchising in Canada and the United States, as well as the numerous similarities between the culture and law of both societies. Topics include: structuring and expansion to Canada; trade-mark and other intellectual property issues; the Canadian franchise agreement; franchise disclosure issues; privacy issues and dispute resolution and franchise litigation in Canada. The book also includes practice notes throughout the book, highlighting key points.
