shifter and the town's rich, pretty boy with a chip on his shoulder to match. The circle of people he cares for is more of a dot, occupied by a single man, his college track and field coach, Wesley. Closer to forty than he'd like to admit, Wesley is the gorilla omega who never quite found the one to settle down with. Not for lack of trying on his parent's part. They can't stop setting him up. Sometimes, they even try to trap him. Like when they stole his heat suppressors right before a date, hoping it would drive him into the man of their dreams. But Wesley retreats to the one spot he knows he can be alone over the weekend while he rides out his heat. He sets up camp in his office on campus, ready to endure another torturous heat without relief. Except, his plan to ride it out alone is ruined when Maddox breaks into the school on his own agenda. That agenda is quickly derailed when he stumbles upon his coach in need. Coach makes Maddox feel like maybe he isn't just the town's asshole. He's an alpha. Wesley's alpha. While Maddox strives to be the type of man Wesley would want to obey, his conniving, abusive father has hatched a plan that threatens to ruin everything. With the holidays swirling around them, and the new year looming, finding their kiss at midnight seems impossible but Maddox didn't work this hard discovering his home in Wesley to give up now. Ball Drop is the second installment in the Welcome to Morningwood Omegaverse Romance series. It can be read as a standalone, though would be better enjoyed in order. It features themes of a school-based, age gap romance centered in a small town occupied entirely by shifters.

Four tales of sexy young woman screaming in mingled pain and pleasure as they're roughly taken by insatiable, hugely hung monsters. Included in this bundle are: Unstoppable - Lacey is a Space Marine, trained to be tough, trained to fight. But all her training won't help her when she finds herself alone and on the run from a hulking, massively hung alien monster in a remote research base. Her laser rifle won't stop it. Grenades won't stop it. The base's titanium-reinforced doors won't stop it. Nothing will stop it until it gets what it wants—to roughly have its way with the sexy young soldier. Taken by the Ogres - Furious at being forced into an arranged marriage, Arabella Stroud runs away from home to teach her overbearing father a lesson. But she makes the mistake of cutting through Stonemouth Forest, where she learns a lesson of her own when she's

captured by a trio of ogres, and the huge, well-hung brutes roughly have their way with her. Like an Animal - Dr. Celestia Devereux of W.E.I.R.D.'s Cryptozoology Division has seen her share of unusual monsters. But the group's latest acquisition is different: The incredibly well-endowed beast clearly lusts after Celestia. Though she knows she shouldn't, she can't help teasing the captive monster with some tantalizing peeps of the body it wants so badly. It's just a little good-natured fun...until the hulking creature bursts from its supposedly escape-proof cell and roughly takes the sexy scientist. Deflowered by Bigfoot - When she joined W.E.I.R.D.'s Cryptozoology Division, innocent young Tammy Underwood knew she was in for some surprising experiences. But she never imagined she would wind up buck naked in the deep woods, serving as bait in a Bigfoot hunt. Nor could she imagine that the scheme would go awry, and she would find herself completely at the mercy of the rough beastman.

Captured by the Orc - Mina Carter 2022-02-22

He says he's an orc. He says she's his. She's still waiting for the camera crew to jump out of the bushes... After finding her fiancé in the arms of her best friend, Kelly Kingston does the only thing a sensible woman can do. She packs a bag and hightails it to her home town in the back of beyondsville to lick her wounds. Fate, and her ancient and somewhat cranky car, have other ideas. Stranded on the side of the road, she doesn't expect to become the bait for a monster chase through the woods nor be rescued by over seven feet of green beefcake. With an axe... and tusks... and a leather loincloth. Convinced she's tumbled into some kind of weird reality TV show, she goes along with his delusions. All she needs is a ride to the next town so she can call for the cavalry. Only, the makeup on that demonic monster looks way too good, and... maybe, just maybe, the big dude is her only chance of making it out alive. Doesn't hurt that he's sexy, even if he is green. Author's Note: Inspired by a previously released title, Captured by the Alpha Orc has been extended, revised, changed... basically it's a whole new book with monster smexyness. Enjoy!

When dashing American explorer Ral Conrath invites Jane and her father to join an expedition deep into West Africa, she can hardly believe her luck. Africa is every bit as exotic and fascinating as she has always imagined, but Jane quickly learns that the lush jungle is full of secrets—and so is Ral Conrath. When danger strikes, Jane finds her hero, the key to humanity's past, and an all-consuming love in one extraordinary man: Tarzan of the Apes. Jane is the first version of the Tarzan story written by a woman and authorized by the Edgar Rice Burroughs estate. Its publication marks the centennial of the original Tarzan of the Apes. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

"My name is John Hams and I'm a sex addict." And so begins Dr. Chuck Tingle's first full length novel, Helicopter Man Pounds Dinosaur Billionaire Ass, a thrilling superhero origin story that will take you to the edge of gay erotic romance and stare bravely into the abyss. It is a story so powerful, so sensual, that it could change the very face of erotic literature forever. John Hams is a man who has lost it all, a nine-to-five nobody with an addiction to billionaire dinosaur bad boys. That is, until a freak accident at work imbues John with the ability to transform into an aching handsome helicopter at will. Suddenly, things are looking up, as John uses his ability to woo the dashing stegosaurus from his addicts group who just happens to have a thing for rugged aircrafts. But it's not long before John's new helicopter identity starts to spin out of control, taking on a personality of its own as the wild and horny Chibs Pratt, chopper with abs. Can John Hams become the hardcore gay hero that he is destined to be, or is this shifter bound to be nothing more than his own worst enemy? The room itself is massive, as well, with another set of windows that fill the far wall from floor to ceiling and look out towards the distant Hollywood Hills. It's a corner unit, providing two completely unique, but equally breathtaking, views. I slowly strut across the hardwood floors on my landing skids towards Yorb, enjoying the way that his yellow dinosaur eyes flicker and dance across my metallic body. At this point, he can't help but stare. Seductively, I give my blades a quick flash of speed and hover up onto the bed, then crawl towards him, eventually positioning myself directly over his body. I take Yorb's hands carefully with two blades and pull them above his head, controlling him completely as I make my way down his ripped chest and scaly abs with a series of sensual helicopter kisses.

Claire has never really fit in with everyone around her, but she's carved out a life for herself using her own unique style and artistic ability to support herself on the Internet. The last thing she expects is to be abducted by aliens and dropped into a research facility, where a genetically-engineered alien soldier chooses her as his life-mate. Thrax's pheromones are compelling, and his status as a fellow unwilling test subject makes them allies, but Claire isn't certain she can trust someone who is convinced she belongs to him, when all she wants to do is find a way to return home to Earth-a place that her devoted alien can never follow, because there's no way the scorpion-like alien would ever be able to pass for human. Still, she'll accept help where she can find it, so she doesn't hesitate to escape with Thrax from the facility, though their time running from their pursuers in the warrens beneath the research facility will forever change Claire, and could make it impossible for her to return to Earth. But will there be anywhere else in the galaxy they can go where their love will be accepted? Author's Note: 18+ only, this book contains scenes of graphic intimacy and violence that are not intended for younger readers.
