Talking to Strangers - Malcolm Gladwell
2019-09-10

Malcolm Gladwell, host of the podcast Revisionist History and author of the #1 New York Times bestseller Outliers, offers a

powerful examination of our interactions with strangers and why they often go wrong—now with a new afterword by the author. A Best Book of the Year: The Financial Times, Bloomberg, Chicago Tribune, and Detroit Free Press How did Fidel Castro fool the CIA for a generation? Why did Neville Chamberlain think he could trust Adolf Hitler? Why are campus sexual assaults on the rise? Do television sitcoms teach us something about the way we relate to one another that isn't true? Talking to Strangers is a classically Gladwellian intellectual adventure, a challenging and controversial excursion through history, psychology, and scandals taken straight from the news. He revisits the deceptions of Bernie Madoff, the trial of Amanda Knox, the suicide of Sylvia Plath, the Jerry Sandusky pedophilia scandal at Penn State University, and the death of Sandra Bland—throwing our understanding of

these and other stories into doubt. Something is very wrong, Gladwell argues, with the tools and strategies we use to make sense of people we don't know. And because we don't know how to talk to strangers, we are inviting conflict and misunderstanding in ways that have a profound effect on our lives and our world. In his first book since his #1 bestseller *David and Goliath*, Malcolm Gladwell has written a gripping guidebook for troubled times.

Conversations with God for Teens - Neale Donald Walsch 2012-10-01

Suppose you could ask God any question and get an answer. What would it be? Young people all over the world have been asking those questions. So Neale Donald Walsch, author of the internationally bestselling *Conversations with God* series had another conversation. *Conversations with God for Teens* is a simple, clear,

straight-to-the-point dialogue that answers teens questions about God, money, sex, love, and more. *Conversations with God for Teens* reads like a rap session at a church youth group, where teenagers discuss everything they ever wanted to know about life but were too afraid to ask God. Walsch acts as the verbal conduit, showing teenagers how easy it is to converse with the divine. When Claudia, age 16, from Perth, Australia, asks, "Why can't I just have sex with everybody? What's the big deal?", the answer God offers her is: "Nothing you do will ever be okay with everybody. 'Everybody' is a large word. The real question is can you have sex and have it be okay with you?" There's no doubt that the casual question-and-answer format will help make God feel welcoming and accessible to teens. *Conversations with God for Teens* is the perfect gift purchase for parents, grandparents, and anyone else

who wants to provide accessible spiritual content for the teen(s) in their lives.

Conversations with Friends - Sally

Rooney 2018-08-07

NOW A HULU ORIGINAL SERIES • From the New York Times bestselling author of *Normal People* . . . “[A] cult-hit . . . [a] sharply realistic comedy of adultery and friendship.”—Entertainment Weekly SALLY ROONEY NAMED TO THE TIME 100 NEXT LIST • WINNER OF THE SUNDAY TIMES (UK) YOUNG WRITER OF THE YEAR AWARD • ONE OF BUZZFEED’S BEST BOOKS OF THE DECADE • ONE OF THE TEN BEST BOOKS OF THE YEAR: *Vogue*, *Slate* • ONE OF THE BEST BOOKS OF THE YEAR: *Elle* Frances is a coolheaded and darkly observant young woman, vaguely pursuing a career in writing while studying in Dublin. Her best friend is the beautiful and endlessly self-possessed Bobbi. At a local poetry performance one night, they meet a well-known photographer, and as

the girls are then gradually drawn into her world, Frances is reluctantly impressed by the older woman's sophisticated home and handsome husband, Nick. But however amusing Frances and Nick's flirtation seems at first, it begins to give way to a strange—and then painful—intimacy.

Written with gemlike precision and marked by a sly sense of humor, *Conversations with Friends* is wonderfully alive to the pleasures and dangers of youth, and the messy edges of female friendship.

SHORTLISTED FOR THE INTERNATIONAL DUBLIN LITERARY AWARD “Sharp, funny, thought-provoking . . . a really great portrait of two young women as they're figuring out how to be adults.”—Celeste Ng, *Late Night with Seth Meyers* Podcast “The dialogue is superb, as are the insights about communicating in the age of electronic devices. Rooney has a magical ability to write scenes of such verisimilitude that

even when little happens they're suspenseful.”—Curtis Sittenfeld, *The Week* “Rooney has the gift of imbuing everyday life with a sense of high stakes . . . a novel of delicious frictions.”—New York “A writer of rare confidence, with a lucid, exacting style . . . One wonderful aspect of Rooney's consistently wonderful novel is the fierce clarity with which she examines the self-delusion that so often festers alongside presumed self-knowledge. . . . But Rooney's natural power is as a psychological portraitist. She is acute and sophisticated about the workings of innocence; the protagonist of this novel about growing up has no idea just how much of it she has left to do.”—Alexandra Schwartz, *The New Yorker* “This book. This book. I read it in one day. I hear I'm not alone.”—Sarah Jessica Parker (Instagram)

We Need to Talk - Celeste Headlee
2017-09-19

“WE NEED TO TALK.” In this urgent and insightful book, public radio journalist Celeste Headlee shows us how to bridge what divides us--by having real conversations BASED ON THE TED TALK WITH OVER 10 MILLION VIEWS NPR's Best Books of 2017 Winner of the 2017 Silver Nautilus Award in Relationships & Communication “We Need to Talk is an important read for a conversationally-challenged, disconnected age. Headlee is a talented, honest storyteller, and her advice has helped me become a better spouse, friend, and mother.” (Jessica Lahey, author of New York Times bestseller *The Gift of Failure*) Today most of us communicate from behind electronic screens, and studies show that Americans feel less connected and more divided than ever before. The blame for some of this disconnect can be attributed to our political landscape, but the erosion of our conversational skills as a

society lies with us as individuals. And the only way forward, says Headlee, is to start talking to each other. In *We Need to Talk*, she outlines the strategies that have made her a better conversationalist—and offers simple tools that can improve anyone’s communication. For example: BE THERE OR GO ELSEWHERE. Human beings are incapable of multitasking, and this is especially true of tasks that involve language. Think you can type up a few emails while on a business call, or hold a conversation with your child while texting your spouse? Think again. CHECK YOUR BIAS. The belief that your intelligence protects you from erroneous assumptions can end up making you more vulnerable to them. We all have blind spots that affect the way we view others. Check your bias before you judge someone else. HIDE YOUR PHONE. Don’t just put down your phone, put it away. New research suggests that the

mere presence of a cell phone can negatively impact the quality of a conversation. Whether you're struggling to communicate with your kid's teacher at school, an employee at work, or the people you love the most—Headlee offers smart strategies that can help us all have conversations that matter.

Academic Conversations - Jeff Zwiers 2011

Where would we be without conversation? Throughout history, conversations have allowed us to see different perspectives, build ideas, and solve problems.

Conversations, particularly those referred to in this book as academic conversations, push students to think and learn in lasting ways. Academic conversations are back-and-forth dialogues in which students focus on a topic and explore it by building, challenging, and negotiating relevant ideas. Unfortunately, academic conversations are rare in many classrooms. Talk is often dominated by the teacher and a few students, or it does not advance beyond short responses to the teacher's questions. Even certain teaching approaches and curriculum programs neglect to train students how to maintain a focused, respectful, and thoughtful conversation. To address these challenges, authors Jeff Zwiers and Marie Crawford have identified

five core communication skills to help students hold productive academic conversations across content areas. These skills include: elaborating and clarifying, supporting ideas with evidence, building on and/or challenging ideas, paraphrasing, and synthesizing. This book shows teachers how to weave the cultivation of academic conversation skills and conversations into current teaching approaches. More specifically, it describes how to use conversations to build the following:

- Academic vocabulary and grammar
- Critical thinking skills such as persuasion, interpretation, consideration of multiple perspectives, evaluation, and application
- Literacy skills such as questioning, predicting, connecting to prior knowledge, and summarizing
- Complex and abstract essential understandings in content areas such as adaptation, human nature, bias, conservation of mass, energy, gravity,

irony, democracy, greed, and more An academic classroom environment brimming with respect for others' ideas, equity of voice, engagement, and mutual support The ideas in this book stem from many hours of classroom practice, research, and video analysis across grade levels and content areas. Readers will find numerous practical activities for working on each conversation skill, crafting conversation-worthy tasks, and using conversations to teach and assess. Academic Conversations offers an in-depth approach to helping students develop into the future parents, teachers, and leaders who will collaborate to build a better world.
