Eternal Dissident offers rare insight into one of the most inspiring and controversial Reform rabbis of the twentieth century, Leonard Beerman, who was renowned both for his eloquent and challenging sermons and for his unrelenting commitment to social action. Beerman was a man of powerful word and action—a probing intellectual and stirring orator, as well as a nationally known opponent of McCarthyism, racial injustice, and Israeli policy in the occupied territories. The shared source of Beerman’s thought and activism was the moral imperative of the Hebrew prophets, which he believed bestowed upon the Jewish people their role as the “eternal dissident.” This volume brings Beerman to life through a selection of his most powerful

writings, followed by commentaries from notable scholars, rabbis, and public personalities that speak to the quality and ongoing relevance of Beerman’s work.

The Autobiography of Bertrand Russell.

Russell - Bertrand Russell 1967

Broadside - 1951

The fonds consists of one printed broadside printed at the Vancouver Vocational Institute of the prologue to Bertrand Russell's autobiography. *Religion and Science* - Bertrand Russell 1997 Examining accounts in which scientific advances clashed with Christian doctrine or biblical interpretations of the day, from Galileo and the Copernican Revolution, to the medical breakthroughs of anesthesia and inoculation, Russell points to the constant

upheaval and reevaluation of our systems of belief throughout history. In turn, he identifies where similar debates between modern science and the Church still exist today.

Autobiography of Bertrand Russell - Bertrand Russell 1968-12-01

Bertrand Russell - Ray Monk 2001

"In the second half of his life, Bertrand Russell transformed himself from a major philosopher, whose work was intelligible to a small elite, into a political activist and popular writer, known to millions throughout the world. Yet his life is the tragic story of a man who believed in a modern, rational approach to life and who, though his ideas guided popular opinion throughout the twentieth

century, lost everything." "Drawing on thousands of documents collected at the Russell archives in Canada, Monk steers through the turbulence of Russell's public activities, scrutinizing his sometimes paradoxical and often outrageous pronouncements. Monk's focus, however, is on the tragedy of Russell's personal life, and in revealing this inner drama Monk has relied heavily on the cooperation of Russell's surviving relatives and access to previously unexamined legal and private correspondence."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. Bertrand Russell - A. J.

Ayer 1988-03-15

With extraordinary concision and clarity, A. J. Ayer gives an account of the major incidents of Bertrand Russell's life and an exposition of the whole range of his philosophy. "Ayer considers Russell to be, except possibly for Wittgenstein, the most influential philosopher of our time. In this book [he] gives a lucid account of Russell's philosophical achievements."—James Rachels, *New York Times Book Review* "I am sure [this] is the best introduction of any length to Russell, and I suspect that it might serve as one of the best introductions to modern philosophy. . . . Ayer

begins with a brief, austere, and balanced account of Russell's life: as in Russell's autobiography this means his thought, books, women, and politics. Tacitus (and Russell) would have found the account exemplary. Ayer ends with a sympathetic and surprisingly detailed survey of Russell's social philosophy. But the bulk of this book consists of a chapter on Russell's work in logic and the foundations of mathematics, followed by a chapter on his epistemological views and one on metaphysics. . . . I find it impossible to imagine that this book will not remain indefinitely the very best book of its sort."—Review of *Metaphysics* "The confrontation or conjunction of Ayer and Russell is a notable event and has produced a

remarkable
book—brilliantly argued
and written."—Martin
Lebowitz, *The Nation*
Principia Mathematica -
Alfred North Whitehead

Autobiography - Bertrand
Russell 2009
Bertrand Russell remains
one of the greatest
philosophers and most
complex and
controversial figures of
the twentieth century.
Here, in this frank,
humorous and decidedly
charming autobiography,
Russell offers readers
the story of his life
—“ introducing the
people, events and
influences that shaped
the man he was to
become. Originally

published in three
volumes in the late
1960s, *Autobiography* by
Bertrand Russell is a
revealing recollection
of a truly extraordinary
life written with the
vivid freshness and
clarity that has made
Bertrand Russell’s
writings so
distinctively his own.

*The Autobiography of
Bertrand Russell* -
Bertrand Russell 1971
Bertrand Russell was
born in 1872 and died in
1970. One of the most
influential figures of
the 20th century, he
transformed philosophy
and can lay claim to
being one of the
greatest philosophers of
all time. He was a Nobel
Prize winner for
Literature and was
imprisoned several times
as a result of his
pacifism. His views on
religion, education,
sex, politics and many
other topics made him
one of the most read and
revered writers of the
age. He also wrote this
book, one of the most
compelling and vivid
autobiographies ever
written. Now available

in a single paperback,
this edition of
Russell's Autobiography
includes an introduction
by scholar Michael Foot
exploring the status of
this classic nearly 30
years after the
publication of its last
volume.
