In this book, Muhsin Mahdi, whose critical edition of the text brought so much praise, explores the complex literary history of the "Nights," bringing to fruition the search for the archetype that constituted the core of the surviving editions, and treating the fascinating story of the growth of the collection of stories that we now know as "The Thousand and One Nights,"

The Annotated Arabian Nights: Tales from 1001 Nights - Paulo Lemos Horta 2021-11-16

A magnificent and richly illustrated volume with a groundbreaking translation framed by new commentary and hundreds of images—of the most famous story collection of all time. A cornerstone of world literature and a monument to the power of storytelling, the *Arabian Nights* has inspired countless authors, from Charles Dickens and Edgar Allan Poe to Naguib Mahfouz, Clarice Lispector, and Angela Carter. Now, in this lavishly designed and illustrated edition of *The Annotated*

Arabian Nights, the acclaimed literary historian Paulo Lemos Horta and the brilliant poet and translator Yasmine Seale present a splendid new selection of tales from the *Nights*, featuring treasured original stories as well as later additions including "Aladdin and the Wonderful Lamp" and "Ali Baba and the Forty Thieves," and definitively bringing the *Nights* out of Victorian antiquarianism and into the twenty-first century. For centuries, readers have been haunted by the homicidal King Shahriyar, thrilled by gripping tales of Sinbad's seafaring adventures, and held utterly, exquisitely captive by Shahrazad's stories of passionate romances and otherworldly escapades. Yet for too long, the English-speaking world has relied on dated translations by Richard Burton, Edward Lane, and other nineteenth-century adventurers. Seale's distinctly contemporary and lyrical translations break decisively with this masculine dynasty, finally stripping away the deliberate exoticism of Orientalist renderings while reclaiming the vitality and delight of the stories, as she works with equal skill in both Arabic and French. Included within are famous tales, from "The Story of Sinbad the Sailor" to "The Story of the Fisherman and the Jinni," as well as lesser-known stories such as "The Story of Dalila the Crafty," in which the cunning heroine takes readers into the everyday life of merchants and shopkeepers in a crowded metropolis, and "The Story of the Merchant and the Jinni," an example of a ransom frame tale in which stories are exchanged to save a life. Grounded in the latest scholarship, *The Annotated Arabian Nights* also incorporates the Hanna Diyab stories, for centuries seen as French forgeries but now acknowledged, largely as a result of Horta's pathbreaking research, as being firmly rooted in the Arabic narrative tradition. Horta not only

takes us into the astonishing twists and turns of the stories' evolution. He also offers comprehensive notes on just about everything readers need to know to appreciate the tales in context, and guides us through the origins of ghouls, jinn, and other supernatural elements that have always drawn in and delighted readers. Beautifully illustrated throughout with art from Europe and the Arab and Persian world, the latter often ignored in English-language editions, The Annotated Arabian Nights expands the visual dimensions of the stories, revealing how the Nights have always been—and still are—in dialogue with fine artists. With a poignant autobiographical foreword from best-selling novelist Omar El Akkad and an illuminating afterword on the Middle Eastern roots of Hanna Diyab's tales from noted scholar Robert Irwin, Horta and Seale have created a stunning edition of the Arabian Nights that will enchant and inform both devoted and novice readers alike.

Three Tales from the Arabian Nights - Malcolm Lyons

2013-09-26

Once upon a time, the name Baghdad conjured up visions of the most magical, romantic city on earth, where flying carpets carried noble thieves off on wonderful adventures, and vicious viziers and beautiful princesses mingled with wily peasants and powerful genies. This is the world of the Arabian Nights, a magnificent collection of ancient tales from Arabia, India, and Persia. The tales—often stories within stories—are told by the sultana Scheherazade, who relates them as entertainments for her jealous and murderous husband, hoping to keep him amused and herself alive. Three fantastic tales have been chosen from our new translation to introduce readers to the delights of Arabian Nights: 'Ali Baba and the forty thieves killed by the slave girl' is a well-known and well-loved classic, placed alongside the equally enchanting 'Judar and his brothers' and 'Ma'rus the cobbler'.

You who see me take heed: for Time is not to be trusted.' Dating from at least a millennium ago, these are the earliest known Arabic short stories, surviving in a single, ragged manuscript in a library in Istanbul. Some found their way into The Arabian Nights but most have never been read in English before. Tales of the

Marvellous and News of the Strange has monsters, lost princes, jewels beyond price, a princess turned into a gazelle, sword-wielding statues and shocking reversals of fortune.

Arabian Nights - Richard Burton 2013-09-26

Probably one of the original 'story within a story'

books, Arabian nights is a selection of stories told by a young girl on her wedding night to a prince who has sworn to kill any girl who marries him. Her clever stories serve as 'cliff-hangers' and keep him from murdering her night after night. This collection is where classic fairy tales such as Aladdin and Ali Baba and the Forty Thieves come from as well as well-known moral tales and metaphors. The use of djinns, magic and an evocation of Oriental splendour makes Arabian Nights dazzle. A 'must read' book and the perfect counter point to western fairy tales such as Hans Christian Anderson and the Brothers Grimm.

The Arabian Nights - Andrew Lang 2017-04-07

The Arabian Nights (or One Thousand and One Nights) is a collection of stories compiled by various authors, translators and scholars from countries across the Middle East and South Asia. The tales trace their roots back to ancient Arabia and Yemen, ancient Indian literature and Persian literature, ancient Egyptian literature and Mesopotamian mythology, ancient Syria and Asia Minor, and medieval Arabic folk stories from the Caliphate era. Though the oldest Arabic manuscript dates from the fourteenth century, scholarship generally dates the collection's genesis to somewhere between AD 800-900.

The Arabian Nights - 2009-08-26

Full of mischief, valor, ribaldry, and romance, The Arabian Nights has enthralled readers for centuries. These are the tales that saved the life of Shahrazad, whose husband, the king, executed each of his wives after a single night of marriage. Beginning an enchanting story each evening, Shahrazad always withheld the ending: A thousand and one nights later, her life was spared forever. This volume reproduces the 1932 Modern Library edition, for which Bennett A. Cerf chose the most famous and representative stories from Sir Richard F. Burton's multivolume translation, and includes Burton's extensive and acclaimed explanatory notes. These tales, including Aladdin; or, the Wonderful Lamp, Sinbad the Seaman and Sinbad the Landsman, and Ali Baba and the Forty Thieves, have entered into the popular imagination, demonstrating that Shahrazad's spell remains unbroken.

Sindbad the Sailor & Other Stories from The Arabian Nights (Illustrations) - Edmund Dulac 2000

SINDBAD THE SAILOR In the time of Harun-er-Rashid there was, in Baghdad, a rich merchant named Sindbad the Sailor, the source of whose wealth was a mystery. It seemed to be inexhaustible. For long seasons he kept

open house, and his entertainments were the most magnificent of all save only those of Er-Rashid himself. All that riches could buy seemed at his disposal, and he lavished the good things of this life upon his guests. Pages, slaves and attendants there were in great number; his garden was spacious and beautiful, and his house was filled with every costly luxury. This Sindbad the Sailor has a story to tell—the story of his life—but he never told it to any until, one day, there came to him one Sindbad the Landsman, a man of poor and humble birth. This man pleased him greatly with an apt recitation dealing with the widely different lots dispensed by God to men, and, being pleased, he was struck with the happy conceit that, now Sindbad the Sailor was at last confronted with Sindbad the Landsman, it would be no bad thing were he to narrate the story of his life so that all might know his strange adventures and conjecture no longer as to the source of his fabulous wealth.

Accordingly Sindbad the Sailor held seven receptions on seven different days, and, although on each occasion a multitude of guests was assembled to listen, he failed not to address his words from first to last to his simple listener, Sindbad the Landsman. Following is his narration of the strange and wonderful adventures he experienced in his seven voyages:— To be continue in this ebook
