Revel for Business Ethics - Manuel  
Velasquez 2018-08-03

Presents ideas without oversimplifying, while balancing ethical theory and managerial practice Revel(TM) Business Ethics: Concepts and Cases is one of the most widely used texts on business ethics today - and remains popular among students because of its accessible style and lucid explanations of complex theories and concepts. While cases and issues have been updated extensively for the Eighth Edition, the authors' goals are consistent with

previous editions: (1) to introduce the reader to the ethical concepts that are relevant to resolving moral issues in business; (2) to impart the reasoning and analytical skills needed to apply ethical concepts to business decisions; (3) to identify the moral issues involved in the management of specific problem areas in business; (4) to provide an understanding of the social, technological, and natural environments within which moral issues in business arise; and (5) to supply case studies of actual moral dilemmas faced by businesses and business people. Revel is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, Revel replaces the textbook and gives students everything they need for the course. Informed by extensive research on how people read, think, and learn, Revel is an interactive learning environment that enables students to read, practice, and

study in one continuous experience - for less than the cost of a traditional textbook. NOTE: This Revel Combo Access pack includes a Revel access code plus a loose-leaf print reference (delivered by mail) to complement your Revel experience. In addition to this access code, you will need a course invite link, provided by your instructor, to register for and use Revel.

**Ethics of Data and Analytics** - Kirsten Martin 2022-05-13

The ethics of data and analytics, in many ways, is no different than any endeavor to find the "right" answer. When a business chooses a supplier, funds a new product, or hires an employee, managers are making decisions with moral implications. The decisions in business, like all decisions, have a moral component in that people can benefit or be harmed, rules are followed or broken, people are treated fairly or not, and rights are enabled or diminished. However,

data analytics introduces wrinkles or moral hurdles in how to think about ethics. Questions of accountability, privacy, surveillance, bias, and power stretch standard tools to examine whether a decision is good, ethical, or just. Dealing with these questions requires different frameworks to understand what is wrong and what could be better. *Ethics of Data and Analytics: Concepts and Cases* does not search for a new, different answer or to ban all technology in favor of human decision-making. The text takes a more skeptical, ironic approach to current answers and concepts while identifying and having solidarity with others. Applying this to the endeavor to understand the ethics of data and analytics, the text emphasizes finding multiple ethical approaches as ways to engage with current problems to find better solutions rather than prioritizing one set of concepts or theories. The book works

through cases to understand those marginalized by data analytics programs as well as those empowered by them. Three themes run throughout the book. First, data analytics programs are value-laden in that technologies create moral consequences, reinforce or undercut ethical principles, and enable or diminish rights and dignity. This places an additional focus on the role of developers in their incorporation of values in the design of data analytics programs. Second, design is critical. In the majority of the cases examined, the purpose is to improve the design and development of data analytics programs. Third, data analytics, artificial intelligence, and machine learning are about power. The discussion of power—who has it, who gets to keep it, and who is marginalized—weaves throughout the chapters, theories, and cases. In discussing ethical frameworks, the text focuses on critical theories that

question power structures and default assumptions and seek to emancipate the marginalized.

*Business Ethics* - Manuel G. Velasquez 2017  
Revised edition of the author's *Business ethics*, c2012.

*Business as a Humanity* - Thomas Donaldson 1994

This volume contains contributions to the annual Ruffin Lecture series, in which researchers in business ethics addressed the question: can business, and business education, be considered one of the humanities, or is it in a class by itself?

*The Moral Responsibility of Firms* - Eric W. Orts 2017

Individuals are generally considered morally responsible for their actions. Who or what is responsible when those individuals become part of business organizations? Can we correctly ascribe moral responsibility to the organization

itself? If so, what are the grounds for this claim and to what extent do the individuals also remain morally responsible? If not, does moral responsibility fall entirely to specific individuals within the organization and can they be readily identified? A perennial question in business ethics has concerned the extent to which business organizations can be correctly said to have moral responsibilities and obligations. In philosophical terms, this is a question of "corporate moral agency." Whether firms can be said to be moral agents and have the capacity for moral responsibility has significant practical consequences. In most legal systems in the world, business firms are recognized as "persons" with the ability to own property, to maintain and defend lawsuits, and to self-organize governance structures. However to recognize that these "business persons" can also act morally or immorally as organizations would justify the

imposition of other legal constraints and normative expectations on organizations. In the criminal law, for example, the idea that an organized firm may itself have criminal culpability is accepted in many countries (such as the United States) but rejected in others (such as Germany). This book presents contributions by leading business scholars in business ethics, philosophy, and related disciplines to extend our understanding of the "moral responsibility" of firms.

[There's No Such Thing as "Business" Ethics](#)

- John C. Maxwell 2007-10-15

There's no such thing as business ethics. How can that be? Because a single standard applies to both your business and personal life-and it's one we all know and trust: the Golden Rule. Now bestselling author John C. Maxwell shows you how this revered ideal works everywhere, and how, especially in business, it brings amazing

dividends. There's No Such Thing As "Business" Ethics offers: \* Stories from history, business, government, and sports that illustrate how talented leaders invoked this timeless principle \* Examples of difficult business decisions-layoffs, evaluations, billing clients, expansion-and how the Golden Rule applies to each \* The five most common reasons people compromise their ethics-and how you can prevail over such moral obstacles \* How applying the Golden Rule to business builds morale, increases productivity, encourages teamwork, lowers employee turnover, and keeps clients coming back. John C. Maxwell not only reveals the many ways the Golden Rule creates the perfect environment for business success, but does it with great wisdom, warmth, and humor. Backed by flawless research and the ideas of history's best thinkers, this engaging book brilliantly demonstrates how doing the right thing

fosters a winning situation for all, with positive results for employees, clients, investors, and even your own state of mind. Business runs much more smoothly, profits increase, and you know that you've set the groundwork for years of future prosperity...and it's all thanks to the tried-and-true Golden Rule.

*Motivation in Organisations* - Manuel Guillen 2020-11-10

Motivation in Organisations: Searching for a Meaningful Work-Life Balance extends the current motivation models in business education to include motives of human behaviour that have been neglected for decades. It debunks some of the myths about human motivation (self-interest as the dominant factor, amorality and non-spirituality) and explains why this approach to teaching business is erroneous and leads to wrong and harmful practices in many organisations. In a very personal and

engaging style, the author presents a "map of motivations", based on a humanistic approach to management. This includes the latest findings of Abraham H. Maslow supported by sound philosophical reflections and modern research. He also presents specific ways of putting the framework into practice, sharing stories from students and professionals of how this framework has helped them better understand their own motivations and look at their daily work in a much more meaningful way. The book is highly relevant to students and researchers in humanistic management, people management, organisational behaviour, business ethics, corporate social responsibility and sustainability. In short, this text will be truly inspiring to anyone who wants to reflect on motivations in organisations and how to achieve a better work-life balance.

**Moral Issues in Business** - William H.

Shaw 2015-01-01

MORAL ISSUES IN BUSINESS, 13E

examines the moral dilemmas that are common to today's business climate and gives readers the analytical tools to resolve those issues. Using a combination of true stories, interesting reading selections, and a conversational writing style, this edition prepares readers for the moral quandaries awaiting them in the professional world. Featured topics include: the nature of morality, individual integrity and responsibility, economic justice, pitfalls of capitalism, and corporations' responsibilities to consumers and the environment. Plus, this edition also discusses situation-specific concepts such as downsizing, whistle blowing, sexual harassment, job discrimination, animal abuse, and drug testing. Important Notice: Media content referenced within the product description or the product text may

not be available in the ebook version.

Managerial Ethics - Marshall Schminke  
2011-01-11

This book combines management theory with ethical theory on a chapter by chapter, topic by topic basis. The volume bridges the theoretical, empirical and practical gap between management and ethics. It will be of interest to a cross disciplinary group of students, researchers and managers in business, management, organizational behavior, IO psychology and business ethics.

**Ethics and the Conduct of Business** -  
John R. Boatright 2013-08-28

Ethical Issues in Developing Business Policies  
Ethics and the Conduct of Business is a comprehensive and up-to-date discussion of the most prominent issues in the field of business ethics, and the major positions and arguments on these issues. Numerous real-life examples and case

studies are used throughout the book to increase understanding of issues, stimulate class discussion, and show the relevance of the discussion to real-life business practice. Note: The focus of Ethics and the Conduct of Business is primarily on ethical issues that corporate decision makers face in developing policies about employees, customers, and the general public. The positions and arguments on these issues are taken from a wide variety of sources, including economics and the law. Teaching and Learning Experience Personalize Learning - MyThinkingLab delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals. Improve Critical Thinking - A substantial amount of legal material is contained within Ethics

and the Conduct of Business. Not only because the law addresses many ethical issues, but also because the management decision-making process must take into account relevant legal practices. Engage Students - This book employs fifty case studies that firmly illustrate the wide variety of issues pertaining to business ethics and enable students to engage in ethical decision making. Support Instructors - Teaching your course just got easier! You can create a Customized Text or use our Instructor's Manual, Electronic "MyTest" Test Bank or PowerPoint Presentation Slides. Plus, a substantial number of cases within Ethics and the Conduct of Business provide the opportunity for a case-study approach or a combined lecture/discussion format for your course.

*Business Ethics* - Manuel G. Velasquez  
2019-01-31

Revised edition of the author's Business ethics, c2012.

Philosophy: A Text with Readings - Manuel Velasquez 2016-01-01

One need only read a few pages of PHILOSOPHY: A TEXT WITH READINGS, 13th Edition, to appreciate Manuel Velasquez's gift for making complex philosophical concepts accessible to today's students while still exposing them to college-level writing. This book is a perfect choice for first-time philosophy students, as it covers a wide range of topics, including human nature, reality, truth, ethics, the meaning of life, diversity, and social/political philosophy, all supported by nontechnical primary sources. The thirteenth edition includes new features that help students engage with the topics and readings more than ever. Like the previous edition, this new edition includes critical-thinking and argument analysis

activities carefully woven into the book's narrative. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Blackwell Guide to Business Ethics - Norman E. Bowie 2002-02-15

The Blackwell Guide to Business Ethics, written by international experts in the field, acquaints the reader with theoretical and pedagogical issues, ethical issues in the practice of business and exciting new directions in the field.

Corporate Integrity and Accountability - George D. Brenkert 2004-06-30

In the wake of recent business scandals, such as Enron, public confidence in corporate integrity has been badly shaken. This text looks at the causes of concern and how business might respond, covering topics that include financial reporting, executive compensation, globalisation and

business ethics.

*Business Ethics: Concepts and Cases* - Manuel G. Velasquez 2002

*Ethics 101* - Brian Boone 2017-11-07

Explore the mysteries of morality and the concept of right and wrong with this accessible, engaging guide featuring basic facts along with an overview of modern-day issues ranging from business ethics and bioethics to political and social ethics. Ethics 101 offers an exciting look into the history of moral principles that dictate human behavior. Unlike traditional textbooks that overwhelm, this easy-to-read guide presents the key concepts of ethics in fun, straightforward lessons and exercises featuring only the most important facts, theories, and ideas. Ethics 101 includes unique, accessible elements such as: - Explanations of the major moral philosophies including utilitarianism,

deontology, virtue ethics, and eastern philosophers including Avicenna, Buddha, and Confucius. -Classic thought exercises including the trolley problem, the sorites paradox, and agency theory -Unique profiles of the greatest characters in moral philosophy -An explanation of modern applied ethics in bioethics, business ethics, political ethics, professional ethics, organizational ethics, and social ethics From Plato to Jean-Paul Sartre and utilitarianism to antirealism, *Ethics 101* is jam-packed with enlightening information that you can't get anywhere else!

*Handbook of the Philosophical Foundations of Business Ethics* - Christoph Luetge  
2012-10-18

The Handbook of Business Ethics: Philosophical Foundations is a standard interdisciplinary reference handbook in the field of business ethics. Articles by notable philosophers and economists examine

fundamental concepts, theories and questions of business ethics: Are morality and self-interest compatible? What is meant by a just price? What did the Scholastic philosophers think about business? The handbook will cover the entire philosophical basis of business ethics.

Articles range from historical positions such as Aristotelianism, Kantianism and Marxism to systematic issues like justice, religious issues, rights and globalisation or gender. The book is intended as a reference work for academics, students (esp. graduate), and professionals.

[Business Ethics](#) - Manuel G. Velasquez  
2019-11-21

Resolving Moral Issues in Business. The ethical landscape of business is constantly changing, and the new edition of *Business Ethics: Concepts and Cases* has been revised to keep pace with those changes most effecting business: accelerating

globalization, constant technological updates, proliferating of business scandals. *Business Ethics: Concepts and Cases* introduces the reader to the ethical concepts that are relevant to resolving moral issues in business; imparts the reasoning and analytical skills needed to apply ethical concepts to business decisions; identifies moral issues specific to a business; provides an understanding of the social, technological, and natural environments within which moral issues in business arise; and supplies case studies of actual moral conflicts faced by businesses. This Books á la Carte Edition is an unbound, three-hole punched, loose-leaf version of the textbook and provides students the opportunity to personalize their book by incorporating their own notes and taking only the portion of the book they need to class - all at a fraction of the bound book price. *Teaching and Learning*

*Experience Personalize Learning - MyThinkingLab* delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals. *Improve Critical Thinking - Business Ethics: Concepts and Cases* provides summaries of basic ideas discussed within the text in its margins; presents conceptual materials first, and then offers discussion cases second through standardized chapters; all providing students the chance to critically think about the material they are learning. *Engage Students - Study* questions at the beginning of each chapter, definitions of key terms in the margins, a glossary, chapter-end study and discussion questions, end-of-chapter web resources, and chapter-opening concrete examples / cases all

ensure students' complete understanding of the material. Support Instructors - Teaching your course just got easier! **Ethics** - Jacques P. Thiroux 1980  
Well renowned and highly acclaimed, *Ethics: Theory and Practice* introduces readers with little or no background in philosophy or ethics to traditional and contemporary ethical theory using a clear, jargon-free style and a flexible organization. Discussing theories that readers can relate to their own life experiences, this Eighth

Edition applies its material to various fields in the real world such as business, medicine, the environment, and the media. A host of examples and case studies illustrates for readers how to set up their own systematic, rational ethics and how to apply ethical theories to traditional and contemporary moral issues. For professionals with a career or interest in philosophy, ethics, psychology, and education.

**Leadership and Business Ethics -**  
Gabriel Flynn 2022-01-24

This book offers new and challenging approaches to business ethics that successfully link theory and practice thereby overcoming lacunae and inadequacies in much of the literature concerning ethics and governance, a theme that recurs with remarkable frequency in the history of business ethics as an academic discipline. This work provides imaginative and innovate proposals for the indispensable coupling of virtue, integrity, and character with global business, finance, and banking. The volume seeks to overcome the marginal status of business ethics in universities, business, and enterprise by demonstrating that virtue ethics is an important step in the direction of an adequate response to the leadership issue.

This new edition of a popular work points to new ways of achieving an ever more urgent coalescence of ethics and business. It proposes practical advice and viable suggestions to business people on what is right and wrong in business. The volume makes a vital contribution in the area of education that should serve the ongoing development of top leaders. In the important domain of women in leadership, the volume provides new solutions that break boundaries on the global stage. The work challenges unethical marketing of human images with important implications for citizenship and society. The volume contains creative suggestions for the use of spirituality and human development for the enhancement of business and society. The significantly extended second edition includes an exciting line up of leading academics and practitioners in the audacious hope that something may change

for the better in the realms of business and banking.

**Philosophy** - Manuel Velasquez 2014

Engaging and compelling on every page, Velasquez's text helps you explore and understand philosophy while it helps you appreciate the relevance of philosophy to your day-to-day life and the larger social world. This trusted text combines clear prose and primary source readings to take you on a meaningful exploration of a range of philosophical topics, such as human nature, reality, truth, ethics, the meaning of life, diversity, and social/political philosophy. Carefully crafted built-in learning aids help you quickly master the material and succeed in your course.

**Business Ethics: Concepts & Cases, 5/e**

- Manuel G. Velasquez 2002

Ethical Leadership - Mendonca, Manuel  
2006-12-01

This text explores the nature of ethical leadership in terms of that which is viewed as morally good, & that which is viewed as technically or professionally competent. Drawing on the authors' experience in teaching & researching leadership, it provides a model from which practical strategies can be derived for good & effective leadership.

Ethical Dimensions of Leadership -

Rabindra N. Kanungo 1996

In this book the authors examine the various orientations of leadership, and demonstrate that true, effective leadership is only achieved when it is consistent with ethical and moral values.

**Conflict of Interest in the Professions** -

Michael Davis 2001

Conflicts of interest pose special problems for the professions. Even the appearance of a conflict of interest can undermine essential trust between professions and the

public. This volume is an accessible guide to the ramifications and problems caused by conflicts of interest. It contains 15 new essays by scholars, and covers topics in law, medicine, journalism, engineering, financial services, and others.

*The Methods of Ethics* - Henry Sidgwick  
1874

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute

this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

*Behavioral Business Ethics* - David De Cremer  
2012-03-12

This book takes a look at how and why individuals display unethical behavior. It emphasizes the actual behavior of individuals rather than the specific business practices. It draws from work on psychology which is the scientific study of human behavior and thought processes. As Max Bazerman said, "efforts to improve

ethical decision making are better aimed at understanding our psychological tendencies."

Ethics, Theory and Practice - Manuel G. Velasquez 1985

This text offers both a clear and thorough introduction to normative ethical theory and an extensive survey of moral issues that show how ethical theory is applied in practice. The first section presents a survey of the main methods of ethical reasoning, introducing four normative theories in four separate chapters. A case study introduces each chapter to provide a background for further explanations and to illustrate relevant features of the theory. The second section of the text presents separate chapters on ten ethical issues-including such subjects as nuclear war, euthanasia, sexual ethics and capital punishment.

**Business Ethics Revel Access Card** - Manuel G. Velasquez 2017-08-06

Presents ideas without oversimplifying, while balancing ethical theory and managerial practice Revel(TM) Business Ethics: Concepts and Cases is one of the most widely used texts on business ethics today -- and remains popular among students because of its accessible style and lucid explanations of complex theories and concepts. While cases and issues have been updated extensively for the Eighth Edition, the authors' goals are consistent with previous editions: (1) to introduce the reader to the ethical concepts that are relevant to resolving moral issues in business; (2) to impart the reasoning and analytical skills needed to apply ethical concepts to business decisions; (3) to identify the moral issues involved in the management of specific problem areas in business; (4) to provide an understanding of the social, technological, and natural environments within which moral issues in

business arise; and (5) to supply case studies of actual moral dilemmas faced by businesses and business people. Revel is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, Revel replaces the textbook and gives students everything they need for the course. NOTE: Revel is a fully digital delivery of Pearson content. This ISBN is for the standalone Revel access card. In addition to this access card, you will need a course invite link, provided by your instructor, to register for and use Revel.

**Ties that Bind** - Thomas Donaldson 1999  
Ties That Bind, written by two leading thinkers in the field of business ethics,

offers a new approach to resolving today's most pressing debates about business behavior among diverse groups of people. Drawing from classic political philosophy and leading-edge social contract theory, Donaldson and Dunfee present a much-needed framework for making sensitive ethical judgments about economic and business behavior.

*Social Dimensions of Moral Responsibility* - Katrina Hutchison 2018

The essays in this volume open up reflection on the implications of social inequality for theorizing about moral responsibility. Collectively, they focus attention on the relevance of the social context, and of structural and epistemic injustice, stereotyping and implicit bias, for critically analyzing our moral responsibility practices.

**Business Ethics: Concepts and Cases** - Manuel G. Velasquez 2013-08-28

Resolving Moral Issues in Business. **Business Ethics** - Manuel G. Velasquez  
2006

CD-ROM contains: ABC news segments: Enron's fall -- Unocal in Burma -- AIDS in Africa -- Microsoft antitrust trial -- To drill or not to drill -- Ford/Firestone debacle -- Ralphs -- Gap's labor problems.

**Business Ethics** - Manuel G. Velasquez  
2019

**Business Ethics** - W. Michael Hoffman  
2001

Can a corporation have a conscience? What is wrong with reverse discrimination? Can ethical management and managed care coexist? Hoffman, Frederick, and Schwartz address these and many other current, intriguing, often complex issues in corporate morality. This introductory business ethics text contains a thorough general introduction on ethical theory, 54 readings, and 25 cases. Divided into five parts, each with an introduction that presents the major themes of its articles and cases, the text contains an impartial, point-counterpoint presentation of different perspectives on the most important issues being debated in business ethics. Each chapter ends with questions that can be used for student discussion, review, tests/quizzes, or for student assignments. The fourth edition has 27 new readings, 15

new cases, and 10 new mini-cases.

*The Oxford Handbook of Business Ethics* -

George G. Brenkert 2012-04-19

The Oxford Handbook of Business Ethics is a comprehensive treatment of the field of business ethics as seen from a philosophical

approach. The volume consists of 24 essays that survey the field of business ethics in a broad and accessible manner, covering all major topics about the relationship between ethical theory and business ethics.
