

Demons And Spirits Of The Land Ancestral Lore And Practices

Right here, we have countless books **Demons And Spirits Of The Land Ancestral Lore And Practices** and collections to check out. We additionally give variant types and with type of the books to browse. The pleasing book, fiction, history, novel, scientific research, as with ease as various extra sorts of books are readily reachable here.

As this Demons And Spirits Of The Land Ancestral Lore And Practices, it ends up mammal one of the favored ebook Demons And Spirits Of The Land Ancestral Lore And Practices collections that we have. This is why you remain in the best website to see the unbelievable ebook to have.

The Untamed Witch -
Lidia Pradas 2022-10-04
The Untamed Witch is a next-step guide that shows witches how to tap into their instincts to personalize and empower their magick, by Lidia Pradas, creator of the hugely popular Instagram handle, Wiccan Tips (415K).
The Tradition of Household Spirits -

Claude Lecouteux
2013-07-21
Examines how the ancient customs of constructing and keeping a house formed a sacred bond between homes and their inhabitants • Shares many tales of house spirits, from cajoling the local land spirit into becoming one's house spirit to the good and bad luck

Downloaded from
sixideasapps.pomona.edu

on by @guest

mischievous house elves
• Explains the meaning behind door and window placement, house orientation, horsehead gables, the fireplace or hearth, and the threshold • Reveals the charms, chants, prayers, and building practices used by our ancestors to bestow happiness and prosperity upon their homes and their occupants Why do we hang horseshoes for good luck or place wreaths on our doors? Why does the groom carry his new bride over the threshold? These customs represent the last vestiges from a long, rich history of honoring the spirits of our homes. They show that a house is more than a building: it is a living being with a body and soul. Examining the extensive traditions surrounding houses from medieval times to the present, Claude Lecouteux reveals that, before we entered the current era of frequent moves and modular housing, moving largely from the countryside

into cities, humanity had an extremely sacred relationship with their homes and all the spirits who lived there alongside them--from the spirit of the house itself to the mischievous elves, fairies, and imps who visited, invited or not. He shows how every aspect of constructing and keeping a house involved rites, ceremony, customs, and taboos to appease the spirits, including the choice of a building lot and the very materials with which it was built. Uncovering the lost meaning behind door and window placement, the hearth, and the threshold, Lecouteux shares many tales of house spirits, from the offerings used to cajole the local land spirit into becoming the domestic house spirit to the good and bad luck bestowed upon those who seek the help of the "Little Money Man." He draws on studies and classic literature from old Europe--from Celtic lands and Scandinavia to

France and Germany to the far eastern borders of Europe and into Russia--to explain the pagan roots behind many of these traditions. Revealing our ancestors' charms, prayers, and practices to bestow happiness and prosperity upon their homes, Lecouteux shows that we can invite the spirits back into our houses, old or new, and restore the sacred bond between home and inhabitant.

Japanese Demon Lore -

Noriko T. Reider
2010-09-30

Oni, ubiquitous supernatural figures in Japanese literature, lore, art, and religion, usually appear as demons or ogres.

Characteristically threatening, monstrous creatures with ugly features and fearful habits, including cannibalism, they also can be harbingers of prosperity, beautiful and sexual, and especially in modern contexts, even cute and lovable. There has been much ambiguity in their character and identity

over their long history. Usually male, their female manifestations convey distinctively gendered social and cultural meanings. Oni appear frequently in various arts and media, from Noh theater and picture scrolls to modern fiction and political propaganda. They remain common figures in popular Japanese anime, manga, and film and are becoming embedded in American and international popular culture through such media. Noriko Reider's book is the first in English devoted to oni. Reider fully examines their cultural history, multifaceted roles, and complex significance as "others" to the Japanese.

Demons and Spirits of the Land -

Claude Lecouteux 2015-07-17

An exploration of the wild spirits that once roamed the lands and inhabited the waters and the pagan rites used to gain their good will • Explores medieval stories and folk

Downloaded from
sixideasapps.pomona.edu
on by @guest

traditions of brownies, fairies, giants, dragons, will-o'-the-wisps, and demons • Explains the specific rites performed to negotiate with the local spirits and ensure their permission before building on new land • Shows how these beliefs carried through to modern times, especially in architecture Our pagan ancestors knew that every forest has brownies and fairies, every spring its lady, and every river malevolent beings in its depths. They told tales of giants in the hills, dragons in the lakes, marshes swarming with will-o'-the-wisps, and demons and wild folk in the mountains who enjoyed causing landslides, avalanches, and floods. They both feared and respected these entities, knowing the importance of appeasing them for safe travel and a prosperous homestead. Exploring medieval stories, folk traditions, spiritual place names, and pagan rituals of home building

and site selection, Claude Lecouteux reveals the multitude of spirits and entities that once inhabited the land before modern civilization repressed them into desert solitude, impenetrable forests, and inaccessible mountains. He explains how, to our ancestors, enclosing a space was a sacred act. Specific rites had to be performed to negotiate with the local spirits and ensure proper placement and protection of a new building. These land spirits often became the household spirit, taking up residence in a new building in exchange for permission to build on their territory. Lecouteux explores Arthurian legends, folk tales, and mythology for evidence of the untamed spirits of the wilderness, such as giants, dragons, and demons, and examines the rites and ceremonies used to gain their good will. Lecouteux reveals how, despite outright Church suppression

belief in these spirits carried through to modern times and was a primary influence on architecture, an influence still visible in today's buildings. The author also shows how our ancestors' concern for respecting nature is increasingly relevant in today's world.

Seasons of the Sacred Earth - Cliff Seruntine
2013

Cliff Seruntine describes his family's adventures living on a secluded homestead in Nova Scotia.

Phantom Armies of the Night - Claude Lecouteux
2011-08-16

An exploration of the many forms of the ancient myth of the Wild Hunt and its influence in pagan and early Christian Europe. • Recounts the myriad variations of this legend, from the Cursed Huntsman and King Herla to phantom armies and vast processions of sinners and demons. • Explains how this belief was an integral part of the pagan worldview and

was thus employed by the church to spread Christian doctrine. • Reveals how the secret societies of medieval Europe reenacted these ghostly processions for soul travel and prophecies of impending death. Once upon a time a phenomenon existed in medieval Europe that continuously fueled local lore: during the long winter nights a strange and unknown troop could be heard passing outside over the land or through the air. Anyone caught by surprise in the open fields or depths of the woods would see a bizarre procession of demons, giants, hounds, ladies of the night, soldiers, and knights, some covered in blood and others carrying their heads beneath their arms. This was the Wild or Infernal Hunt, the host of the damned, the phantom army of the night--a theme that still inspires poets, writers, and painters to this day. Millennia older than Christianity, this pagan belief was

Downloaded from
sixideasapps.pomona.edu
on by @guest

employed by the church to spread their doctrine, with the shapeshifters' and giants of the pagan nightly processions becoming sinners led by demons seeking out unwary souls to add to their retinues. Myth or legend, it represents a belief that has deep roots in Europe, particularly Celtic and Scandinavian countries. The first scholar to fully examine this myth in each of its myriad forms, Claude Lecouteux strips away the Christian gloss and shows how the Wild Hunt was an integral part of the pagan worldview and the structure of their societies. Additionally, he looks at how secret societies of medieval Europe reenacted these ghostly processions through cult rituals culminating in masquerades and carnival-like cavalcades often associated with astral doubles, visions of the afterlife, belief in multiple souls, and prophecies of impending death. He reveals how

the nearly infinite variations of this myth are a still living, evolving tradition that offers us a window into the world in which our ancestors lived.

Demons, Angels, and Writing in Ancient

Judaism - Annette Yoshiko Reed 2020-01-16
A new explanation of the beginnings of Jewish angelology and demonology, drawing on non-canonical writings and Aramaic Dead Sea Scrolls.

Dictionary of Gypsy Mythology - Claude

Lecouteux 2018-07-10
A comprehensive A-to-Z reconstruction of the oral tradition of the Rom--gypsies--based on sources never before available in English • Presents the origin myths and magical traditions of the gypsies, including their legendary ties to Egypt, animal ancestors, and tree spirits • Examines the three major settings of gypsy folktales--the forest, the waters, and the mountain--and shows how their world is full of spirits • Shows how

Downloaded from
sixideasapps.pomona.edu

on by @guest

the religious concepts of the Rom testify to a profound syncretism of the pagan traditions and Christianity. Although their own myths and their common name point to Egyptian origins for the gypsies, the Rom, as they call themselves, originated in India, as evidenced by studies of their language. They arrived in Europe in the ninth century and spread across the continent from East to West, reaching England in the 15th century and Scandinavia by the end of the 16th century. A nomadic people, these wanderers were reviled by local populaces wherever they went and regarded as misfits, intruders, foreigners, and thieves. Drawing on a number of sources never before available outside of Eastern Europe, Claude Lecouteux reconstructs the gypsy oral tradition to provide a comprehensive A-to-Z look at gypsy mythology, including their folktales, rites, songs, nursery rhymes, jokes, and magical

traditions. His main source is material collected by Heinrich Adalbert von Wlislöcki (1856-1907), an ethnologist who lived with gypsies in Romania, Transylvania, and Hungary in the latter half of the 19th century. He presents the origin myths of the gypsies, legends which form the ancestral memory of the gypsy tribes and often closely touch on their daily life. Lecouteux explores the full range of supernatural beings that inhabit the gypsy world, including fairies, undines, ogres, giants, dog-people, and demons, and he examines the three major settings of gypsy folktales--the forest, the waters, and the mountain, which they worshiped as a sacred being in its own right. He also reveals how coexisting with peoples of different religions led the gypsies to adapt or borrow stories and figures from these groups, and he shows how the religious concepts and sacred stories of

the Rom testify to a profound syncretism of pagan traditions and Christianity. Complete with rare illustrations and information from obscure sources appearing for the first time in English, this detailed reference work represents an excellent resource for scholars and those seeking to reconnect to their forgotten gypsy heritage.

The Hidden History of Elves and Dwarfs -
Claude Lecouteux
2018-10-23

A comprehensive examination of the intertwined mythology, folklore, and literary history of the little people • Explores the pagan roots of dwarfs and elves and their evolution in myth and literature • Reveals the role the church played in changing them from fearless, shape-shifting warriors with magical powers into cheerful helpmates and cute garden gnomes • Traces their history from ancient Celtic and Germanic lore through

their emergence in the literature of the Middle Ages to their modern popularization by the Brothers Grimm and Walt Disney Most people are familiar with the popular image of elves as Santa's helpers and dwarfs as little bearded men wearing red caps, who are mischievous and playful, helpful and sly, industrious and dexterous. But their roots go far deeper than their appearance in fairy tales and popular stories. Elves and dwarfs are survivors of a much older belief system that predates Christianity and was widespread throughout Western Europe. Sharing his extensive analysis of Germanic and Norse legends, as well as Roman, Celtic, and medieval literature, Claude Lecouteux explores the ancient, intertwined history of dwarfs and elves. He reveals how both were once peoples who lived in wild regions as keepers of the secrets of nature. They were able to change their

Downloaded from
sixideasapps.pomona.edu
on by @guest

size at will and had superhuman strength and healing powers. They were excellent smiths, crafting swords that nothing could dull as well as magical jewelry, and often entered into the service of lords or heroes. They were a part of the everyday life of our ancestors before they were transformed by fairy tales and church texts into the mythical creatures we know today. Lecouteux shows how, in earlier folklore, elves and dwarfs were interchangeable, gradually evolving over time to express very different kinds of beings. "Dwarf," "giant," and even "elf" did not necessarily connote size but referred to races with different skills. Elves were more ethereal, offering protection and kindness, while dwarfs reflected a more corporeal form of spirit, often appearing as messengers from the underworld. Yet dwarfs and elves could be bargained with, and our ancestors would leave a

broken object outside the door at night with the hope that a dwarf or elf (or other local spirit) would repair it. Revealing the true roots of these helpful and powerful beings, including an in-depth exploration of one of the most famous dwarf/elf/fairy beings of the Middle Ages, Auberon or Oberon, also known as Alberich, Lecouteux shows how the magic of dwarfs and elves can be rekindled if we recognize their signs and invite them back into our world.

Black Magic - Yvonne P. Chireau 2006-11-20

"Chireau has written a marvelous text on an important dimension of African American religious culture. Expanding beyond the usual focus of scholarship on Christianity, she describes and analyzes the world of magical-medical-religious practice, challenging hallowed distinctions among "religion" and "magic." Anyone interested in African

from. It also tackles more complicated topics like the nature and physicality of the fairy people. Anyone with an interest in the Good Neighbours will find this book a solid resource to draw from.

African Religions - Jacob K. Olupona 2014
This book connects traditional religions to the thriving religious activity in Africa today.

Tales of Witchcraft and Wonder - Claude

Lecouteux 2021-09-28

- Offers commentary for each story, revealing its historical context, cultural and esoteric associations, and hidden pagan beliefs
- Explores how the tales transformed over the ages and their origins in Classical Antiquity, the Middle East, and India
- Includes stories never-before-translated from their original Latin and many purposely left in obscurity due to scandalous depictions of popes and other notables

The Middle Ages witnessed the blossoming of oral traditions whose

echoes can still be found in many legends, fables, and tales today. In this collection of medieval tales of witchcraft, wonder, and the supernatural, Claude and Corinne Lecouteux explain how many of these stories arose in Classical Antiquity while some made their way into Dark Ages Europe from the Middle East and India. Offering commentary for each tale, the authors place them in historical context and analyze their cultural and esoteric associations. They include stories never-before-translated from their original Latin or demotic versions and show how, unlike the well-known fairy tales made popular by the Brothers Grimm, many stories were purposely left in obscurity because they presented scandalous depictions of popes and other notables. Additionally, for many of the tales, the authors scrupulously peel back the Christian veneer to show how the

stories were instrumental in assuring the survival of age-old pagan beliefs across the centuries. These beliefs are explored through tales of animals with magical powers and the ability to converse with humans, including the tale of the Grateful Lion made famous through Aesop's fables; stories of individuals with supernatural or otherworldly powers, like the Venomous Maiden who poisons all men who have relations with her; legends of miracles and wondrous things that violate the laws of nature, such as people returning from the dead to help a descendant; and stories of witchcraft, magic, and demonic apparitions, including the pope who was a disguised demon. The authors also explore tales of supernatural spouses and illicit love affairs, wisdom teachings and parables of fools, and heroic legends.

Mystery Teachings from the Living Earth - John Michael Greer 2012-04-01

The authentic teachings of the mystery schools offer a profoundly different way of making sense of the universe and our place in it. In *Mystery Teachings from the Living Earth*, ecologist and Druid initiate John Michael Greer offers an introduction to the core teachings of the mysteries through the mirror of the natural world. Using examples from nature as a touchstone, Greer takes readers on a journey into the seven laws of the mystery traditions: the Law of Wholeness, the Law of Flow, the Law of Balance, the Law of Limits, the Law of Cause and Effect, the Law of Planes, the Law of Evolution. Greer explains each law, offering meditation, an affirmation, and a theme for reflection, to show how the seven laws can bring meaning and power into our everyday lives. *Mystery Teachings from the Living Earth* reveals one of the great secrets of the mysteries that

Downloaded from

the laws of nature are also the laws of spirit.

Travels to the Otherworld and Other Fantastic Realms -

Claude Lecouteux
2020-08-04

A collection of tales from the Middle Ages that reveal voyages to Heaven and Hell, the realm of the Faery, mystical lands, and encounters with mythic beasts • Shares travelers' accounts of voyages into the afterlife, alarming creatures of unparalleled strangeness, encounters with doppelgangers and angels, chivalric romantic misadventures, and legends of heroes • Explains how travelers' tales from the Middle Ages drew on geographies, encyclopedias, travel accounts, bestiaries, and herbals for material to capture the imagination of their audiences • Includes rare illustrations from incunabula and medieval manuscripts Heading off to discover unknown lands was always a risky

undertaking during the Middle Ages due to the countless dangers lying in wait for the traveler--if we can believe what the written accounts tell us. In the medieval age of intercontinental exploration, tales of sea monsters, strange hybrid beasts, trickster faeries, accidental trips to the afterlife, and peoples as fantastic and dangerous as the lands they inhabited abounded. In this curated collection of medieval travelers' tales, editors Claude and Corinne Lecouteux explain how the Middle Ages were a melting pot of narrative traditions from the four corners of the then-known world. Tales from this period often drew on geographies, encyclopedias, travel accounts, bestiaries, and herbals for material to capture the imagination of their audiences, who were fascinated by the wonders being discovered by explorers of the time. Accompanied by

Downloaded from
sixideasapps.pomona.edu
on by @guest

rare illustrations from incunabula and medieval manuscripts, the stories in this collection include voyages into the afterlife, with guided tours of Hell and glimpses of Heaven, as well as journeys into other fantastic realms, such as the pagan land of the Faery. It also includes accounts from travelers such as Alexander the Great of alarming creatures of unparalleled strangeness, encounters with doppelgangers and angels, legends of heroes, and tales of chivalric romantic misadventures, with protagonists swept to exotic new places by fate or by quest. In each story, the marvelous is omnipresent, and each portrays the reactions of the protagonist when faced with the unknown. Offering an introduction to the medieval imaginings of a wondrous universe, these tales reflect the dreams and beliefs of the Middle Ages' era of discovery and allow readers to

survey mythic geography, meet people from the far ends of the earth, and experience the supernatural.

Backyard Garden Witchery

- Laurel Woodward

2022-07-08

Transform Your Yard into a Place of Healing, Peace, and Power Embrace the magick of gardening and grow your own living, breathing sanctuary. Laurel Woodward offers more than eighty spells, recipes, and activities for building, maintaining, and enjoying a biodiverse garden. This book teaches how to build a relationship with the green world while keeping your backyard garden sacred and safe. You'll explore plant energies and land spirits, the care of herb, vegetable, and flower gardens, working with your home's soil and hardiness zone, and much more. A natural companion to Kitchen Witchery, this beginner-friendly book also provides a compendium of garden plants including

on by @guest

common weeds, culinary herbs, and perennials. Laurel helps you design the perfect space for herbalism, meditation, spellwork, divination, healing, or worship. With her guidance, you'll create a natural haven that feeds your sense of wonder and enhances your connection to the earth.

Elves, Wights, and

Trolls - Kveldulf Gundarsson 2007

Examines the history and folklore of the beings that dwelt in rocks, streams, oceans, stones, and plants, working more closely with humans than the gods did. Includes a translation of the Icelandic skaldic poem "Berg-dweller's song."

City Witchery - Lisa Marie Basile 2021-09-14
City Witchery is a fun, practical guide to adapting and developing your magical practices to city life.

Dictionary of Ancient Magic Words and Spells -

Claude Lecouteux 2015-10-15

A comprehensive handbook of more than 1,000 magical words, phrases,

symbols, and secret alphabets • Explains the origins, derivatives, and practical usage of each word, phrase, and spell as well as how they can be combined for custom spells • Based on the magical traditions of Europe, Greece, and Egypt and recently discovered one-of-a-kind grimoires from Scandinavia, France, and Germany • Includes an in-depth exploration of secret magical alphabets, including those based on Hebrew letters, Kabbalistic symbols, astrological signs, and runes From Abracadabra to the now famous spells of the Harry Potter series, magic words are no longer confined to the practices of pagans, alchemists, witches, and occultists. They have become part of the popular imagination of the Western world. Passed down from ancient Babylon, Egypt, and Greece, these words and the rituals surrounding them have survived through the millennia because they work.

Downloaded from sixideasapps.pomona.edu

on by @guest

as scholar Claude Lecouteux reveals, often the more impenetrable they seem, the more effective they are. Analyzing more than 7,000 spells from the magical traditions of Europe as well as the magical papyri of the Greeks and recently discovered one-of-a-kind grimoires from Scandinavia, France, and Germany, Lecouteux has compiled a comprehensive dictionary of ancient magic words, phrases, and spells along with an in-depth exploration--the first in English--of secret magical alphabets, including those based on Hebrew letters, Kabbalistic symbols, astrological signs, and runes. Drawing upon thousands of medieval accounts and famous manuscripts such as the Heptameron of Peter Abano, the author examines the origins of each word or spell, offering detailed instructions on their successful use, whether for protection, love, wealth, or healing. He charts their evolution

and derivations through the centuries, showing, for example, how spells that were once intended to put out fires evolved to protect people from witchcraft. He reveals the inherent versatility of magic words and how each sorcerer or witch had a set of stock phrases they would combine to build a custom spell for the magical need at hand. Presenting a wealth of material on magical words, signs, and charms, both common and obscure, Lecouteux also explores the magical words and spells of ancient Scandinavia, the Hispano-Arabic magic of Spain before the Reconquista, the traditions passed down from ancient Egypt, and those that have stayed in use until the present day.

The Secret History of Vampires - Claude Lecouteux 2010-02-01
A look at the forgotten ancestors of the modern-day vampire, many of which have very different characteristics.

Downloaded from
sixideasapps.pomona.edu
on by @guest

at the many ancestral forms of the modern vampire, including shroud eaters, appesarts, and stafi . Presents evidence for the reality of this phenomenon from pre-19th-century newspaper articles and judicial records Of all forms taken by the undead, the vampire wields the most powerful pull on the modern imagination. But the countless movies and books inspired by this child of the night who has a predilection for human blood are based on incidents recorded as fact in newspapers and judicial archives in the centuries preceding the works of Bram Stoker and other writers. Digging through these forgotten records, Claude Lecouteux unearths a very different figure of the vampire in the many accounts of individuals who reportedly would return from their graves to attack the living. These ancestors of the modern vampire were not all blood suckers; they included shroud eaters,

appesarts, nightmares, and the curious figure of the stafia, whose origin is a result of masons secretly interring the shadow of a living human being in the wall of a building under construction. As Lecouteux shows, the belief in vampires predates ancient Roman times, which abounded with lamia, stirges, and ghouls. Discarding the tacked together explanations of modern science for these inexplicable phenomena, the author looks back to another folk belief that has come down through the centuries like that of the undead: the existence of multiple souls in every individual, not all of which are able to move on to the next world after death.

Fairies: - Morgan Daimler 2017-12-08
The subject of fairies in Celtic cultures is a complex one that seems to endlessly intrigue people. What exactly are fairies? What can they do? How can we interact with them? Answering

Downloaded from
sixideasapps.pomona.edu

on by @guest

these questions becomes even harder in a world that is disconnected from the traditional folklore and flooded with modern sources that are often vastly at odds with the older beliefs. This book aims to present readers with a straightforward guide to the older fairy beliefs, covering everything from Fairyland itself to details about the beings within it. The Otherworld is full of dangers and blessings, and this guidebook will help you navigate a safe course among the Good People.

The Demon Catchers of Milan - Kat Beyer
2012-08-28

Mia's ordinary life is disrupted for good in the most horrifying way possible when she is possessed by a hungry and powerful demon—and saved only by the arrival of relatives from Italy, the country her grandfather fled many decades ago. Now her cousins, the charming and gorgeous Emilio and stern, elderly Giuliano, say

the only way to keep Mia safe is for her to come back with them to Milan, to live, to learn Italian, to fall in and out of love, and to master the family trade: fighting all demons with the ancient lore of bell, book, and candle. Milan is not what Mia expected, but it will change her forever.

Encyclopedia of Vampire Mythology - Theresa Bane
2012-06-21

From the earliest days of oral history to the present, the vampire myth persists among mankind's deeply-rooted fears. This encyclopedia, with entries ranging from "Abchanchu" to "Zmeus," includes nearly 600 different species of historical and mythological vampires, fully described and detailed.

2004-04-20

The most striking feature of Wutong, the preeminent God of Wealth in late imperial China, was the deity's diabolical character. Wutong was perceived not as a heroic figure or paragon of noble qualities but rather as an embodiment of humanity's basest vices, greed and lust, a maleficent demon who preyed on the weak and vulnerable. In *The Sinister Way*, Richard von Glahn examines the emergence and evolution of the Wutong cult within the larger framework of the historical development of Chinese popular or vernacular religion—as opposed to institutional religions such as Buddhism or Daoism. Von Glahn's study, spanning three millennia, gives due recognition to the morally ambivalent and

Downloaded from
sixideasapps.pomona.edu

on by @guest

demonic aspects of divine power within the common Chinese religious culture.

Fallen Angels in the Theology of St Augustine

- Gregory D. Wiebe
2021-09-23

This book ventures to describe Augustine of Hippo's understanding of demons, including the theology, angelology, and anthropology that contextualize it. Demons are, for Augustine as for the Psalmist (95:5 LXX) and the Apostle (1 Cor 10:20), the "gods of the nations." This means that Augustine's demons are best understood neither when they are "spiritualized" as personifications of psychological struggles, nor in terms of materialist contagions that undergird a superstitious moralism. Rather, because the gods of the nations are the paradigm of demonic power and influence over humanity, Augustine sees the Christian's moral struggle against them within broader questions of social bonds, cultural form, popular

opinion, philosophical investigation, liturgical movement, and so forth. In a word, Augustine's demons have a religious significance, particularly in its Augustinian sense of bonds and duties between persons, and between persons and that which is divine. Demons are a highly integrated component of his broader theology, rooted in his conception of angels as the ministers of all creation under God, and informed by the doctrine of evil as privation and his understanding of the fall, his thoughts on human embodiment, desire, visions, and the limits of human knowledge, as well as his theology of religious incorporation and sacraments. As false mediators, demons are mediated by false religion, the body of the devil, which Augustine opposes with an appeal to the true mediator, Christ, and the true religion of his body, the church.

Christian Mythology Downloaded from
sixideasapps.pomona.edu

on by @guest

Philippe Walter

2014-11-20

Reveals how Christian mythology has more to do with long-standing pagan traditions than the Bible • Explains how the church fathers knowingly incorporated pagan elements into the Christian faith to ease the transition to the new religion •

Identifies pagan deities that were incorporated into each of the saints

• Shows how all the major holidays in the Christian calendar are modeled on pagan rituals and myths, including Easter and Christmas In this extensive study of the Christian mythology that animated Europe in the Middle Ages, author Philippe Walter reveals how these stories and the holiday traditions connected with them are based on long-standing pagan rituals and myths and have very little connection to the Bible. The author explains how the church fathers knowingly incorporated pagan elements into the Christian faith to ease the transition to the

new religion. Rather than tear down the pagan temples in Britain, Pope Gregory the Great advised Saint Augustine of Canterbury to add the pagan rituals into the mix of Christian practices and transform the pagan temples into churches. Instead of religious conversion, it was simply a matter of convincing the populace to include Jesus in their current religious practices. Providing extensive documentation, Walter shows which major calendar days of the Christian year are founded on pagan rituals and myths, including the high holidays of Easter and Christmas. Examining hagiographic accounts of the saints, he reveals the origin of these symbolic figures in the deities worshipped in pagan Europe for centuries. He also explores how the identities of saints and pagan figures became so intermingled that some saints were transformed into pagan incarnations, such as Mary Magdalene's conversion into one of

Downloaded from
sixideasapps.pomona.edu

on by @guest

the Celtic Ladies of the Lake. In revealing the pagan roots of many Christian figures, stories, and rituals, Walter provides a new understanding of the evolution of religious belief.

Witches, Werewolves, and Fairies - Claude

Lecouteux 2003-07-23

Reveals the true nature of medieval belief in the Double of the Soul • Demonstrates the survival of a pagan belief that each individual owns three souls, including a double that can journey outside the physical body • Explains the nature of death and the Other World hidden beneath the monsters and superstitions in stories from the Middle Ages Monsters, werewolves, witches, and fairies remain a strong presence in our stories and dreams. But as Claude Lecouteux shows, their roots go far deeper than their appearance in medieval folklore; they are survivors of a much older belief system that predates Christianity

and was widespread over Western Europe. Through his extensive analysis of Germano-Scandinavian legends, as well as those from other areas of Europe, Lecouteux has uncovered an almost forgotten religious concept: that every individual owns three souls and that one of these souls, the Double, can—in animal or human form—leave the physical body while in sleep or a trance, journey where it chooses, then reenter its physical body. While there were many who experienced this phenomenon involuntarily, there were others—those who attracted the unwelcome persecution of the Church—who were able to provoke it at will: witches. In a thorough excavation of the medieval soul, Claude Lecouteux reveals the origin and significance of this belief in the Double, and follows its transforming features through the ages. He shows that far from being fantasy or vague superstition, *Downloaded from*

witches, and werewolves all testify to a consistent ancient vision of our world and the world beyond.

Field Guide to the Spirit World - Susan B. Martinez 2019-03-26

A comprehensive examination of the many ways the spirit world affects the material plane and our minds • Provides a detailed guide to the Afterlife and its inhabitants • Reveals the spirit influence behind many mental disorders as well as psi abilities and creative genius • Includes checklists of symptoms of spirit "overshadowing," methods from the world's top exorcists, and instructions on how to free unwanted spirits from the material plane

We are spirits housed in a body, and just as houses can be haunted, so can people. When the living succumb to dissociative states of consciousness, they become a magnet for lost but clinging spirits. Known as jinn, dybbuk, daemon, wuqabi, or

simply the undead, they hover unseen on the earth plane, ready to inhabit the most suitable body available. Documenting the life of wandering spirits and their impact on vulnerable human targets, Susan Martinez offers a radical departure from the standard psychological explanations for a host of pathological behaviors--including multiple personality, autism, epilepsy, migraines, obsessive compulsive disorder, depression, schizophrenia, anxiety, PTSD, self-destructive urges, and strange outbursts--and reveals that hallucinations are often true impressions of spirit input. Martinez explains how mental health comes down to the delicate balance between self-control and spirit-control. When trauma triggers an escape response, the soul takes flight, leaving the mind susceptible to possession by discarnate entities. However, the

on by @guest

spirit world can also bestow gifts upon those whose psyches are open, such as in the case of mediums, shamans, people who communicate with angels, and many of the world's creative geniuses. Martinez presents "overshadowing" by spirits as a universal, cross-cultural phenomenon, documenting modern and traditional accounts as well as corroborating indigenous beliefs. She examines soul decay, soul travel both before and after death, as well as how knowledge of the spirit world can offer positive treatments for disorders like schizophrenia and autism. Providing a detailed guide to the spirit world and its inhabitants, the author offers checklists of symptoms of "overshadowing," methods from the world's top exorcists, and instructions on how to free spirits so they can continue their journey into the beyond--all the tools necessary to forearm us against soul

snatchers and other enemies of the Light. *Traditional Magic Spells for Protection and Healing* - Claude Lecouteux 2017-11-07 An in-depth collection of ancient spells and magic practices drawn from rare and newly discovered texts • Presents more than 600 magical prescriptions for healing and protection from both pagan and Christian sources • Examines the practice of diagnosing illness through magic and explores ancient beliefs about curses and other evil spells and about devils, demons, and ghosts • Includes spells from the heavily guarded gypsy tradition of magic and healing, drawn from newly discovered materials Since the beginning of history, people have sought remedies for the many ills that have beset them, from illnesses afflicting the body to threats posed by evil and hostile individuals. In many folk healing and pagan traditions, it was

on by @guest

believed that one must gain the assistance of the guardian spirit of a healing plant or substance through prayers or offerings before its chemical properties would be effective. The Church decried these spells and practices as pagan superstition but did not seek to exterminate these beliefs, instead transferring the responsibility for their healing powers to the apostles and saints. Drawing on his extensive knowledge of ancient texts, Claude Lecouteux presents more than 600 magical prescriptions from both pagan and Christian sources from the last 2,000 years, covering everything from abscesses and shingles to curses and healing animals. He examines the practice of diagnosing illness through magic and looks at the origins of disease according to the evolving beliefs of magic practitioners over the centuries. He explores ancient beliefs about curses and about devils, demons, and

ghosts and provides an in-depth look at protection magic, including protection of health, animals, and cultivated land, protection against curses, witchcraft, bad weather, and beasts, protection of a home, and protection while traveling. He includes spells from the heavily guarded gypsy tradition of magic and healing, drawn from newly discovered materials collected by two Romanian ethnologists who lived and traveled with gypsies in Transylvania in the mid-19th century. The author also reproduces rare texts on magic healing from the 14th and 15th centuries. Revealing the vitality of these practices in the remoter areas of Eastern Europe, Lecouteux shows how the influence of this pagan worldview is still detectable in the work of modern folk healers in France and Scandinavia. He also shows how the condemnation of

unorthodox methods of healing has not vanished from the contemporary world: the medieval legislation against healing by wizards and bonesetters is echoed in modern health codes that challenge the authority of naturopaths and faith healers.

Demons and Spirits of the Land - Claude

Lecouteux 2015-07-20

An exploration of the wild spirits that once roamed the lands and inhabited the waters and the pagan rites used to gain their good will • Explores medieval stories and folk traditions of brownies, fairies, giants, dragons, will-o'-the-wisps, and demons • Explains the specific rites performed to negotiate with the local spirits and ensure their permission before building on new land • Shows how these beliefs carried through to modern times, especially in architecture Our pagan ancestors knew that every forest has brownies and fairies, every spring its lady,

and every river malevolent beings in its depths. They told tales of giants in the hills, dragons in the lakes, marshes swarming with will-o'-the-wisps, and demons and wild folk in the mountains who enjoyed causing landslides, avalanches, and floods. They both feared and respected these entities, knowing the importance of appeasing them for safe travel and a prosperous homestead. Exploring medieval stories, folk traditions, spiritual place names, and pagan rituals of home building and site selection, Claude Lecouteux reveals the multitude of spirits and entities that once inhabited the land before modern civilization repressed them into desert solitude, impenetrable forests, and inaccessible mountains. He explains how, to our ancestors, enclosing a space was a sacred act. Specific rites had to be performed to negotiate with the local spirits and ensure proper

on by @guest

placement and protection of a new building. These land spirits often became the household spirit, taking up residence in a new building in exchange for permission to build on their territory.

Lecouteux explores Arthurian legends, folk tales, and mythology for evidence of the untamed spirits of the wilderness, such as giants, dragons, and demons, and examines the rites and ceremonies used to gain their good will. Lecouteux reveals how, despite outright Church suppression, belief in these spirits carried through to modern times and was a primary influence on architecture, an influence still visible in today's buildings. The author also shows how our ancestors' concern for respecting nature is increasingly relevant in today's world.

The Secret History of Poltergeists and Haunted Houses - Claude Lecouteux 2012-04-26
What poltergeist

accounts through the ages reveal about our own worldviews . Provides a wide array of case studies from ancient Greece and Rome to medieval Europe to the modern world . Explores the relationship between poltergeists and troubled adolescence . Looks beneath the Christian adulteration of pagan practices to reveal the hidden ancestral beliefs tied to poltergeists and haunted houses Stories of poltergeists and their mischievous and sometimes violent actions--knocking, stone or chair throwing, moving objects with invisible hands, and slamming or opening doors--are a constant through the ages. What changes is how we interpret this activity. For our pagan ancestors this phenomenon was caused by helper spirits whose manifestations revealed their unhappiness with a household. The medieval Christian church demonized these once

helpful spirits and held exorcisms to expel them from the houses they haunted--which proved effective less than half the time. The Age of Enlightenment cast these incidents as clever hoaxes, and many still believe this today. But poltergeist manifestations continue to appear and often defy attempts to debunk them as pranks. What then is behind this phenomenon? Exploring accounts of poltergeists from ancient Greece and Rome, medieval Europe, and the modern world, Claude Lecouteux finds that while our interpretations of poltergeists may change, the manifestations always follow a similar course and evolution. He shows how modern scientific studies of poltergeist manifestations have found a strong tie between these visitations and the presence of a troubled adolescent in the house. Looking beneath the Christian adulteration of pagan practices to

reveal the hidden ancestral beliefs tied to poltergeists and haunted houses, the author shows how these unhappy spirits serve as confirmation of the supernatural beings that share the earth with us and of our relationship with the natural and unseen world, a relationship we must take care to keep in balance.

Encyclopedia of Norse and Germanic Folklore, Mythology, and Magic -

Claude Lecouteux
2016-06-16

A thorough reference to the many deities, magical beings, mythical places, and ancient customs of the Norse and Germanic regions of Europe • Explores the legends and origins of well-known gods and figures such as Odin, Thor, Krampus, and the Valkyries, as well as a broad range of magical beings such as the Elf King, the Lorelei, the Perchten, dwarves, trolls, and giants • Draws upon a wealth of well-known and rare sources, such as the

Poetic Edda and The Deeds of the Danes by Saxo Grammaticus • Examines folktales, myths, and magical beliefs from Germany, Austria, Switzerland, Denmark, Finland, Sweden, Norway, Iceland, and England The legends of the Norse and Germanic regions of Europe--spanning from Germany and Austria across Scandinavia to Iceland and England--include a broad range of mythical characters and places, from Odin and Thor, to berserkers and Valhalla, to the Valkyries and Krampus. In this encyclopedia, Claude Lecouteux explores the origins, connections, and tales behind many gods, goddesses, magical beings, rituals, folk customs, and mythical places of Norse and Germanic tradition. More than a reference to the Aesir and the Vanir pantheons, this encyclopedia draws upon a wealth of well-known and rare sources, such as the Poetic Edda, the Saga of Ynglingar by

Snorri Sturluson, and The Deeds of the Danes by Saxo Grammaticus. Beyond the famous and infamous Norse gods and goddesses, Lecouteux also provides information on lesser-known figures from ancient Germanic pagan tradition such as the Elf King, the Lorelei, the Perchten, land spirits, fairies, dwarves, trolls, goblins, bogeymen, giants, and many other beings who roam the wild, as well as lengthy articles on well-known figures and events such as Siegfried (Sigurd in Norse) and Ragnarök. The author describes the worship of the elements and trees, details many magical rituals, and shares wild folktales from ancient Europe, such as the strange adventure of Peter Schlemihl and the tale of the Cursed Huntsman. He also dispels the false beliefs that have arisen from the Nazi hijacking of Germanic mythology and from its longtime suppression by Christianity. Complete

with rare illustrations and information from obscure sources appearing for the first time in English, this detailed reference work represents an excellent resource for scholars and those seeking to reconnect to their pagan pasts and restore the old religion.

Pantheon - The Norse - Morgan Daimler
2022-04-29

Pantheon - The Norse explores the beliefs and practices found within Heathenry including a look at cosmology and various celebrations. It also discusses the gods and spirits that are acknowledged within the belief system giving brief descriptions of each and how they were and are understood. Designed as an introduction to the Norse pantheon, this book will guide beginners into a basic understanding of the beliefs and offer further suggested resources for those who want to dive deeper.

Besom, Stang & Sword - Christopher Orapello

2018-12-01

Bringing this authentic, traditional spiritual practice to light in modern context. Regional traditional witchcraft is an animistic form of witchcraft that moves away from the religious harvest festivals and fertility-minded practices associated with the more common Wiccan form of witchcraft. Very few of us in this age are farmers or dependent upon crops and harvests. Regional traditional witchcraft teaches people to find their craft in their own backyards, in the uncultivated land or urban cityscape alike, and in their ancestors rather than in ancient foreign deities or in a neopagan-styled religious form of witchcraft. It's not about where you're from but where you are. The material in this book is adaptable to any region in which the practitioner lives. Although the lack of deity worship and holy days is a significant

part of the authors' nonreligious approach, this book presents a complete system of practice utilizing ritual, chant, trance, the six paths of witchcraft as defined and explained by the text, and the practices associated with traditional witchcraft.

Travelling the Fairy Path - Morgan Daimler
2018-09-28

An in-depth and experiential look from the inside at practicing Fairy Witchcraft. This unique form of spirituality is one that melds the traditions of the Fairy Faith with neopagan witchcraft, creating something that is new yet rooted in the old. In this third book in the series the reader is invited to travel down the path to Fairy with the author and see how their journey has unfolded over the last twenty-five years, weaving together practical experience and academic study. Looking at this form of witchcraft with an eye that is both serious and

humorous *Travelling the Fairy Path* offers insight and suggestions for practices shaped from the source material and lived in daily life to help as the reader moves from beginner to experienced practitioner.

Field Manual for the Archaeology of Ritual, Religion, and Magic - C.

Riley Augé 2022-07-08

By bringing together in one place specific objects, materials, and features indicating ritual, religious, or magical belief used by people around the world and through time, this tool will assist archaeologists in identifying evidence of belief-related behaviors and broadening their understanding of how those behaviors may also be seen through less obvious evidential lines. Instruction and templates for recording, typologizing, classifying, and analyzing ritual or magico-religious material culture are also provided to guide researchers in the
