Building the Brand-Driven Business - Scott M. Davis 2002-10-02

In Building the Brand-Driven Business, authors Scott M. Davis and Michael Dunn-- two of the nation's foremost experts on brands-- map out a strategy that can help an entire organization manage and live (not just think about) its brand. They show how to develop brand-building programs that are the most cost efficient, effective, and credible. And just as vital, they reveal how to create a brand-driven culture within an organization so that building the brand becomes everyone's job.

Brand Equity & Advertising - David A. Aaker 2013-10-31

The tenth annual Advertising and Consumer Psychology Conference held in San Francisco focused on branding -- a subject generating intense interest both in academia and in the "real world." The principle theory behind these conferences is that much can be gained by joining advertising and marketing professionals with academic researchers in advertising. Professionals can gain insight into the new theories, measurement tools and empirical findings that are emerging, while academics are stimulated by the insights and experience that professionals describe and the research questions that they pose. This book consists of papers delivered by experts from academia and industry discussing issues regarding the role of advertising in the establishment and maintenance of brand equity -- making this volume of interest to advertising and marketing specialists, as well as consumer and social psychologists.

Strategic Brand Management - Kevin Lane Keller 2003

Incorporating developments from both academia and industry, this exploration of brands, brand equity and strategic brand management combines a theoretical foundation with numerous techniques and practical insights. Suitable for both graduates and upper-level undergraduates.

Brand Naming - Rob Meyerson 2021-12-14

You don't have a brand—whether it's for a company or a product—until you have a name. The name is one of the first, longest lasting, and most important decisions in defining the identity of a company, product, or service. But set against a tidal wave of trademark applications, mortifying mistranslations, and disappearing dot-com availability, you won't find a good name by dumping out Scrabble tiles. Brand Naming details best-practice methodologies, tactics, and advice from the world of professional naming. You'll learn: What makes a good (and bad) name The step-by-step process professional namers use How to generate hundreds of name ideas The secrets of whittling the list down to a finalist The most complete and detailed book about naming your brand, Brand Naming also includes insider anecdotes, tired trends, brand origin stories, and busted myths. Whether you need a great name for a new company or product or just want to learn the secrets of professional word nerds, put down the thesaurus—not to mention Scrabble—and pick up Brand Naming.

The Dragonfly Effect - Jennifer Aaker 2010-09-28

Proven strategies for harnessing the power of social media to drive social change Many books teach the mechanics of using Facebook, Twitter, and YouTube to compete in business. But no book addresses how to harness the incredible power of social media to make a difference. The Dragonfly Effect shows you how to tap social media and consumer psychological insights to achieve a single, concrete goal. Named for the only insect that is able to move in any direction when its four wings are working in concert, this book Reveals the four "wings" of the Dragonfly Effect-and how they work together to produce colossal results Features original

case studies of global organizations like the Gap, Starbucks, Kiva, Nike, eBay, Facebook; and start-ups like Groupon and COOKPAD, showing how they achieve social good and customer loyalty Leverage the power of design thinking and psychological research with practical strategies Reveals how everyday people achieve unprecedented results-whether finding an almost impossible bone marrow match for a friend, raising millions for cancer research, or electing the current president of the United States The Dragonfly Effect shows that you don't need money or power to inspire seismic change.

Marketing Research - David A. Aaker 2016-01-01

Marketers now have the opportunity to invest in more data research and take advantage of social networking. The new 12th edition of "Marketing Research" shows marketers how to utilize these techniques to compliment traditional methods. The book focuses on international market research and incorporates new case studies to present the latest information in the field. Marketers will also be able to access the books Web site for a list of readings, links to other key sites, sample datasets for analysis, and practice questions after each chapter.

Developing Business Strategies - David A. Aaker 2001-08-27

"Unquestionably the most comprehensive treatment available on the subject. I found this book unique in its capacity to benefit executives, planning staff, and students of strategy alike." —Robert L. Joss, Dean of the Graduate School of Business, Stanford University A successful business strategy enables managers to provide organizational vision, monitor and understand a dynamic business environment, generate creative strategic options in response to environmental changes, and base every business effort on sustainable competitive advantages. Developing Business Strategies provides the knowledge and understanding needed to generate and implement such a strategy. This fully revised and updated edition of David Aaker's highly influential strategic manual offers copious new information on important emerging business topics.

Numerous new and revised sections cover such critical areas as the big idea, knowledge management, the customer as an active partner, creative thinking, distinguishing fads from trends, forecasting technologies, alliances, design as strategy, downstream business models, and more. Other important new features of this comprehensive guide include: A new chapter on strategic positioning Many new illustrative examples from B-to-B, high-tech, and the Internet Increased focus on global leadership and global brand management Using the Internet to develop and support business strategies For managers who need to develop and implement effective, responsive business strategies that keep the organization competitive through changing business conditions, Developing Business Strategies, Sixth Edition is the way to go.

Cultural Strategy - Douglas Holt 2010-10-28

How do we explain the breakthrough market success of businesses like Nike, Starbucks, Ben & Jerry's, and Jack Daniel's? Conventional models of strategy and innovation simply don't work. The most influential ideas on innovation are shaped by the worldview of engineers and economists - build a better mousetrap and the world will take notice. Holt and Cameron challenge this conventional wisdom and take an entirely different approach: champion a better ideology and the world will take notice as well. Holt and Cameron build a powerful new theory of cultural innovation. Brands in mature categories get locked into a form of cultural mimicry, what the authors call a cultural orthodoxy. Historical changes in society create demand for new culture - ideological opportunities that upend this orthodoxy. Cultural innovations repurpose cultural content

lurking in subcultures to respond to this emerging demand, leapfrogging entrenched incumbents. Cultural Strategy guides managers and entrepreneurs on how to leverage ideological opportunities: - How managers can use culture to out-innovate their competitors - How entrepreneurs can identify new market opportunities that big companies miss - How underfunded challengers can win against category Goliaths - How technology businesses can avoid commoditization - How social entrepreneurs can develop businesses that appeal to more than just fellow activists - How subcultural brands can break out of the 'cultural chasm' to mass market success - How global brands can pursue cross-cultural strategies to succeed in local markets - How organizations can maximize their innovation capabilities by avoiding the brand bureaucracy trap Written by leading authorities on branding in the world today, along with one of the advertising industry's leading visionaries, Cultural Strategy transforms what has always been treated as the "intuitive" side of market innovation into a systematic strategic discipline.

Brand Equity & Advertising - David A. Aaker 2013-10-31

The tenth annual Advertising and Consumer Psychology Conference held in San Francisco focused on branding -- a subject generating intense interest both in academia and in the "real world." The principle theory behind these conferences is that much can be gained by joining advertising and marketing professionals with academic researchers in advertising. Professionals can gain insight into the new theories, measurement tools and empirical findings that are emerging, while academics are stimulated by the insights and experience that professionals describe and the research questions that they pose. This book consists of papers delivered by experts from academia and industry discussing issues regarding the role of advertising in the establishment and maintenance of brand equity -- making this volume of interest to advertising and marketing specialists, as well as consumer and social psychologists.

Strategic Market Management - David A. Aaker 2010

Suitable for all business students studying strategy and marketing courses in the UK and in Europe, this text also looks at important issues such as the financial aspects of marketing.

Building Strong Brands - David A. Aaker 2012-10-01

As industries turn increasingly hostile, it is clear that strong brand-building skills are needed to survive and prosper. In David Aaker's pathbreaking book, MANAGING BRAND EQUITY, managers discovered the value of a brand as a strategic asset and a company's primary source of competitive advantage. Now, in this compelling new work, Aaker uses real brand-building cases from Saturn, General Electric, Kodak, Healthy Choice, McDonald's, and others to demonstrate how strong brands have been created and managed. A common pitfall of brand strategists is to focus on brand attributes. Aaker shows how to break out of the box by considering emotional and self-expressive benefits and by introducing the brand-as-person, brand-as-organisation, and brand-as-symbol perspectives. A second pitfall is to ignore the fact that individual brands are part of a larger system consisting of many intertwined and overlapping brands and subbrands. Aaker shows how to manage the "brand system" to achieve clarity and synergy, to adapt to a changing environment, and to leverage brand assets into new markets and products. As executives in a wide range of industries seek to prevent their products and services from becoming commodities, they are recommitting themselves to brands as a foundation of business strategy. This new work will be essential reading for the battle-ready.

Strategic Market Management - David A. Aaker 2017-11-30

Strategic Market Management helps managers identify, implement, prioritize, and adapt market-driven business strategies in dynamic markets. The text provides decision makers with concepts, methods, and procedures by which they can improve the quality of their strategic decision-making. The 11th Edition provides students in strategic marketing, policy, planning, and entrepreneurship courses with the critical knowledge and skills for successful market management, including strategic analysis, innovation, working across business units, and developing sustainable advantages.

The Pursuit of Wow! - Tom Peters 1994-11-22

Organized into more than 200 thought- and action-provoking elements—from the importance of clean trucks and bathrooms to conversations with entrepreneurs creating new markets—Tom Peters, bestselling management guru offers a practical guide to impractical times. In *The Pursuit of Wow!*, Tom Peters offers readers the words, the tools, to survive in tumultuous business environments. In his groundbreaking book, In

Search of Excellence changed the way business does business. Now it's time to take the next leap into the cyberstage era. Getting to a place called excellence is no longer the idea. You've got to take that leap, then leap again—catapult their imaginations, blow their mindsets—in a word, wow! them. Once more the unconventional Peters stimulates corporate thought processes. Along with the best of his columns, Peters includes questions and rebuttals that come from readers and listeners, as well as his own candid responses. A must-read for every business person.

Thrive - Arianna Huffington 2014-03-25

In *Thrive*, Arianna Huffington makes an impassioned and compelling case for the need to redefine what it means to be successful in today's world. Arianna Huffington's personal wake-up call came in the form of a broken cheekbone and a nasty gash over her eye--the result of a fall brought on by exhaustion and lack of sleep. As the cofounder and editor-in-chief of the Huffington Post Media Group--one of the fastest growing media companies in the world--celebrated as one of the world's most influential women, and gracing the covers of magazines, she was, by any traditional measure, extraordinarily successful. Yet as she found herself going from brain MRI to CAT scan to echocardiogram, to find out if there was any underlying medical problem beyond exhaustion, she wondered is this really what success feels like? As more and more people are coming to realize, there is far more to living a truly successful life than just earning a bigger salary and capturing a corner office. Our relentless pursuit of the two traditional metrics of success--money and power--has led to an epidemic of burnout and stress-related illnesses, and an erosion in the quality of our relationships, family life, and, ironically, our careers. In being connected to the world 24/7, we're losing our connection to what truly matters. Our current definition of success is, as *Thrive* shows, literally killing us. We need a new way forward. In a commencement address Arianna gave at Smith College in the spring of 2013, she likened our drive for money and power to two legs of a three-legged stool. They may hold us up temporarily, but sooner or later we're going to topple over. We need a third leg--a third metric for defining success--to truly thrive. That third metric, she writes in *Thrive*, includes our well-being, our ability to draw on our intuition and inner wisdom, our sense of wonder, and our capacity for compassion and giving. As Arianna points out, our eulogies celebrate our lives very differently from the way society defines success. They don't commemorate our long hours in the office, our promotions, or our sterling PowerPoint presentations as we relentlessly raced to climb up the career ladder. They are not about our resumes--they are about cherished memories, shared adventures, small kindnesses and acts of generosity, lifelong passions, and the things that made us laugh. In this deeply personal book, Arianna talks candidly about her own challenges with managing time and prioritizing the demands of a career and raising two daughters--of juggling business deadlines and family crises, a harried dance that led to her collapse and to her "aha moment." Drawing on the latest groundbreaking research and scientific findings in the fields of psychology, sports, sleep, and physiology that show the profound and transformative effects of meditation, mindfulness, unplugging, and giving, Arianna shows us the way to a revolution in our culture, our thinking, our workplace, and our lives.

Managing Sport Business - David Hassan 2018-05-11

Contemporary sport is both a sophisticated and complex international business and a mass participatory practice run largely by volunteers and community organisations. Now in a fully revised and expanded second edition, this authoritative and comprehensive introduction to the theory and practice of sports management helps to explain the modern commercial environment that shapes sport at all levels and gives clear and sensible guidance on best practice in sports management, from elite sport to the local level. The first section examines the global context for contemporary sports management. The second explores the key functional areas of management, from organisation and strategy to finance and marketing, and explains how successful managerial techniques can be applied in a sporting context. The final section surveys a wide range of important issues in contemporary sports management, from corporate social responsibility to the use of information and communication technologies. Together, these sections provide a complete package of theory, applied practical skills and a state-of-the-art review of modern sport business. Complemented by a companion website full of additional resources, this book is essential reading for all students of sport management and sport business.

Features more than 30 all-new case studies showing best practices and world-class Updated to include more than 35 percent new material Offers a proven, universal five-phase process and methodology for creating and implementing effective brand identity

Brand Leadership - David A. Aaker 2012-12-11

Management fads come and go in the blink of an eye, but branding is here to stay. Closely watched by the stock market and obsessed over by the biggest companies, brand identity is the one indisputable source of sustainable competitive advantage, the vital key to customer loyalty. David Aaker is widely recognised as the leading expert in this burgeoning field. Now he prepares managers for the next wave of the brand revolution. With coauthor Erich Joachimsthaler, Aaker takes brand management to the next level - strategic brand leadership. Required reading for every marketing manager is the authors' conceptualisation of 'brand architecture' - how multiple brands relate to each other - and their insights on the hot new area of Internet branding. Full of impeccable, intelligent guidance, **BRAND LEADERSHIP** is the visionary key to business success in the future.

Building Strong Brands - David A. Aaker 2010

As industries turn increasingly hostile, it is clear that strong brand-building skills are needed to survive and prosper. In David Aaker's pathbreaking book, **MANAGING BRAND EQUITY**, managers discovered the value of a brand as a strategic asset and a company's primary source of competitive advantage. Now, in this compelling new work, Aaker uses real brand-building cases from Saturn, General Electric, Kodak, Healthy Choice, McDonald's, and others to demonstrate how strong brands have been created and managed. A common pitfall of brand strategists is to focus on brand attributes. Aaker shows how to break out of the box by considering emotional and self-expressive benefits and by introducing the brand-as-person, brand-as-organisation, and brand-as-symbol perspectives. A second pitfall is to ignore the fact that individual brands are part of a larger system consisting of many intertwined and overlapping brands and subbrands. Aaker shows how to manage the "brand system" to achieve clarity and synergy, to adapt to a changing environment, and to leverage brand assets into new markets and products. As executives in a wide range of industries seek to prevent their products and services from becoming commodities, they are recommitting themselves to brands as a foundation of business strategy. This new work will be essential reading for the battle-ready.

Asian Brand Strategy - M. Roll 2005-10-17

This book offers insights, knowledge and perspectives on Asian brands and branding as a strategic tool and provides a comprehensive framework for understanding Asian branding strategies and Asian brands, including success stories and challenges for future growth and strengths. The book includes theoretical frameworks and models and up-to-date case studies on Asian brands

Brand Relevance - David A. Aaker 2010-12-15

Branding guru Aaker shows how to eliminate the competition and become the lead brand in your market This ground-breaking book defines the concept of brand relevance using dozens of case studies-Prius, Whole Foods, Westin, iPad and more-and explains how brand relevance drives market dynamics, which generates opportunities for your brand and threats for the competition. Aaker reveals how these companies have made other brands in their categories irrelevant. Key points: When managing a new category of product, treat it as if it were a brand; By failing to produce what customers want or losing momentum and visibility, your brand becomes irrelevant; and create barriers to competitors by supporting innovation at every level of the organization. Using dozens of case studies, shows how to create or dominate new categories or subcategories, making competitors irrelevant Shows how to manage the new category or subcategory as if it were a brand and how to create barriers to competitors Describes the threat of becoming irrelevant by failing to make what customer are buying or losing energy David Aaker, the author of four brand books, has been

called the father of branding This book offers insight for creating and/or owning a new business arena.

Instead of being the best, the goal is to be the only brand around-making competitors irrelevant.

Strong Brands, Strong Relationships - Susan Fournier 2015-06-12

From the editor team of the ground-breaking *Consumer-Brand Relationships: Theory and Practice* comes this new volume. *Strong Brands, Strong Relationships* is a collection of innovative research and management insights that build upon the foundations of the first book, but takes the study of brand relationships outside of traditional realms by applying new theoretical frameworks and considering new contexts. The result is an expanded and better-informed account of people's relationships with brands and a demonstration of the important and timely implications of this evolving sub-discipline. A range of different brand relationship environments are explored in the collection, including: online digital spaces, consumer collectives, global brands, luxury brands, branding in terrorist organizations, and the brand relationships of men and transient consumers. This book attends to relationship endings as well as their beginnings, providing a full life-cycle perspective. While the first volume focused on positive relationship benefits, this collection explores dysfunctional dynamics, adversarial and politically-charged relationships, and those that are harmful to well-being. Evocative constructs are leveraged, including secrets, betrayals, anthropomorphism, lying, infidelity, retaliation, and bereavement. The curated collection provides both a deeper theoretical understanding of brand relationship phenomena and ideas for practical application from experiments and execution in commercial practice. *Strong Brands, Strong Relationships* will be the perfect read for marketing faculty and graduate students interested in branding dynamics, as well as managers responsible for stewarding brands.

Brand Aid - Brad VanAuken 2014-12-30

Brand managers, marketers, and executives have long turned to the trusted principles in *Brand Aid* to troubleshoot their branding problems. A catchy business name and a smart logo may get you a few clicks, but to create a sustaining image for your organization and build continual success will require the perfect branding statement. The essence of an organization begins with establishing its brand; therefore, it is essential to get it right. With over 30 years of experience building world-class brands, branding expert Brad Vanauken covers topics ranging from research and positioning to brand equity management and architecture strategy. This invaluable guide has collected illuminating case studies, best practices, and the latest research to offer invaluable advice on every aspect of brand management, including: The 6 most powerful sources of brand differentiation 5 elements that trigger brand insistence Turning brand strategy into advertising Online branding Social responsibility, sustainability, and storytelling 60 nontraditional marketing techniques An organization cannot afford to get their branding wrong. With the treasure trove of techniques, templates, and rules of thumb found in *Brand Aid*, it won't!

Aaker on Branding - David Aaker 2014-07-15

An expert presents in a compact form the 20 essential principles of branding that will lead to the creation of strong brands.

Advertising Management - 2021

Creating Powerful Brands in Consumer, Service and Industrial Markets - Leslie De Chernatony 2003

This is the third edition of one of world's most respected and successful books on branding. Written by an internationally acclaimed branding expert and author of *From Brand Vision to Brand Evaluation*, it has been comprehensively revised and updated with a raft of new cases and examples. The book gives the professional and the student a deep understanding of the functioning and management of the modern brand and contains: * Powerful analysis of new areas such as e-branding and e-marketing * A completely new set of advertising and brand images to illustrate key points * A powerful analysis of the key drivers of brand value There can be no doubt that the power of brands in the international marketplace is still growing, and that *Creating Powerful Brands*, third edition, can explain both why and how they work. * Comprehensive coverage of brand management * Applications orientated, yet grounded on solid theory * Frameworks organizing the principles of brand building

Asian Brand Strategy (Revised and Updated) - M. Roll 2016-02-11

This second edition of the bestselling *Asian Brand Strategy* takes a look at how Asian brands continue to gain share-of-voice and share-of-market. Featuring a user-friendly strategic model, new research, and case

studies, this book provides a framework for understanding Asian branding strategies and Asian brands.

[Building Strong Brands](#) - David A. Aaker 1996

Advises corporations on the functions of brands, offers strategies for marketing them, and presents success stories from the marketplace

[Blood Washes Blood](#) - Frank Viviano 2002-04-04

Viviano travels to his family's ancestral home in western Sicily to investigate the murder of his great-great grandfather more than a hundred years before. He uncovered a web of family loyalty, blood feuds and codes of silence.

Summary: Building Strong Brands - BusinessNews Publishing 2013-02-15

The must-read summary of David Aaker's book: "Building Strong Brands: How the Best Brand Managers Build Brand Equity". This summary of the ideas from David Aaker's book "Build Strong Brands" shows that a strong brand creates customer interest and loyalty, and can be an organization's most valuable strategic asset. In fact, brand equity is historical - the current brand image is derived from actions previously taken. Therefore, the process of adding value to a brand so that it has greater equity in the future is termed a brand identity program. Through the integration of additional product attributes, organizational attributes, personality characteristics and visual imagery, including symbols, the brand identity program adds value to the brand in the future. In essence this summary highlights that a strong brand is the strategic asset which holds the key to the long-term performance of any organization; any initiative focused on building the value of the brand is integral to the long-term viability of the organization itself. Added-value of this summary: • Save time • Understand the key concepts • Increase your business knowledge To learn more, read "Building Strong Brands" and discover a useful book to develop successful organizations.

[The Power of Branding](#) - Tony Sinanis 2014-09-04

Turn a spotlight on what's great about your school! Inform, engage, and support your school community with this step-by-step guide in the Connected Educators Series. Begin exploring the benefits of branding and create an action plan for sharing the excellent things unfolding in your classroom, school, or district. Includes concrete suggestions and in-depth case studies that will help you: Artfully create a brand name, symbol or design Share great events using blogs and more Empower all stakeholders, including students Teach digital citizenship K-12 Use this all-inclusive guide to start sharing just how special your school is!

[Clued In](#) - Lewis Carbone 2010-03-31

Good, bad, or indifferent, every customer has an experience with your company and the products or services you provide. But few businesses really manage that customer experience, so they lose the chance to transform customers into lifetime customers. In this book, Lou Carbone shows exactly how to engineer world-class customer experiences, one clue at a time. Carbone draws on the latest neuroscientific research to show how customers transform physical and emotional sensations into powerful perceptions of your business... perceptions that crystallize into attitudes that dictate everything from satisfaction to loyalty. And he explains how to assess and audit existing customer experiences, design and implement new ones... and "steward" them over time, to ensure that they remain outstanding, no matter how your customers change.

[Hello, My Name Is Awesome](#) - Alexandra Watkins 2014-09-15

Every year, 6 million companies and more than 100,000 products are launched. They all need an awesome name, but many (such as Xobni, Svbtle, and Doostang) look like the results of a drunken Scrabble game. In this entertaining and engaging book, ace naming consultant Alexandra Watkins explains how anyone—even noncreative types—can create memorable and buzz-worthy brand names. No degree in linguistics required. The heart of the book is Watkins's proven SMILE and SCRATCH Test—two acronyms for what makes or breaks a name. She also provides up-to-date advice, like how to make sure that Siri spells your name correctly and how to nab an available domain name. And you'll see dozens of examples—the good, the bad, and the “so bad she gave them an award.” Alexandra Watkins is not afraid to name names.

[Scale Up Your Brand Workbook](#) - Denise Lee Yohn 2016-12-25

Introducing a new workbook Scale-Up Your Brand: How To Set Up Your Brand for Success in 5 Steps from Denise Lee Yohn, brand-building expert, speaker, and author of the bestselling book What Great Brands Do. Packed with exercises, instructions, and helpful tips 36-pages with room for taking

notes and documenting decisions Plus a bonus: Brand Assessment Tool With this workbook, you will: Lay the foundation for your brand to inspire true customer loyalty, improve your profit margin, and increase the longevity of your business Specify how you plan to compete and win Achieve clarity, focus, and alignment on your priorities among everyone who works on your business Get your workbook now...and get ready to scale!

[Owning Game-Changing Subcategories](#) - David Aaker 2020-02-04

Owning Game-Changing Subcategories is about creating organizational growth in the digital age by creating and owning game-changing subcategories fueled by digital. Owning Game-Changing Subcategories outlines the path to finding, managing, and leveraging new subcategories. In the digital age, the path has been made wider, shorter, and more frequently traveled. Throughout Owning Game-Changing Subcategories, David Aaker discusses certain aspects of the digital age that alter this path, such as E-commerce providing fast, inexpensive market access bypassing the cost of gaining distribution into storefront retailers or creating personal sales teams and social media and websites enabling communication on steroids in comparison with traditional use of advertising or events. Growth is not only a success measure but also creates energy and opportunity for customers and employees. And such growth almost never occurs with “my brand is better than your brand” marketing. Owning Game-Changing Subcategories explores the only ways to grow a business (with rare exceptions) which is to: develop new “must haves” that define a game-changing subcategory that provides a new or markedly superior buying or use experience or brand relationship to a core customer base; become the exemplar brand that represents the subcategory and drives its visibility, positioning, and success; and create barriers to competitors that could include “must-have” associations and a basis of relationships that go beyond functional benefits.

Brand Portfolio Strategy - David A. Aaker 2020-03-24

In this long-awaited book from the world's premier brand expert and author of the seminal work Building Strong Brands, David Aaker shows managers how to construct a brand portfolio strategy that will support a company's business strategy and create relevance, differentiation, energy, leverage, and clarity. Building on case studies of world-class brands such as Dell, Disney, Microsoft, Sony, Dove, Intel, CitiGroup, and PowerBar, Aaker demonstrates how powerful, cohesive brand strategies have enabled managers to revitalize brands, support business growth, and create discipline in confused, bloated portfolios of master brands, subbrands, endorser brands, cobrands, and brand extensions. Renowned brand guru Aaker demonstrates that assuring that each brand in the portfolio has a clear role and actively reinforces and supports the other portfolio brands will profoundly affect the firm's profitability. Brand Portfolio Strategy is required reading not only for brand managers but for all managers with bottom-line responsibility to their shareholders.

[The Sign of the Burger](#) - Joe L. Kincheloe 2002

The Sign of the Burger examines how McDonald's captures our imagination, both as a shorthand for explaining the power of American culture, and as a symbol of the strength of consumerism.

[Creating Signature Stories](#) - David Aaker 2018-01-02

Stories are orders of magnitude which are more effective than facts at achieving attention, persuading, being remembered, and inspiring involvement. Signature stories—intriguing, authentic, and involving narratives—apply the power of stories to communicate a strategic message. Marketing professionals, coping with the digital revolution and the need to have their strategic message heard internally and externally, are realizing that a digital strategy revolves around content and that content is stories. Creating Signature Stories shows organizations how to introduce storytelling into their strategic messaging, and guides organizations to find, or even create, signature stories and leverage them over time. With case studies built into every chapter, organizations will realize the power of storytelling to energize readers, gain visibility, persuade audiences, and inspire action.

Managing Brand Equity - David A. Aaker 2009-12-01

The most important assets of any business are intangible: its company name, brands, symbols, and slogans, and their underlying associations, perceived quality, name awareness, customer base, and proprietary resources such as patents, trademarks, and channel relationships. These assets, which comprise brand equity, are a primary source of competitive advantage and future earnings, contends David Aaker, a national authority on branding. Yet, research shows that managers cannot identify with confidence their brand associations, levels of consumer awareness, or degree of customer loyalty. Moreover in the last decade,

managers desperate for short-term financial results have often unwittingly damaged their brands through price promotions and unwise brand extensions, causing irreversible deterioration of the value of the brand name. Although several companies, such as Canada Dry and Colgate-Palmolive, have recently created an equity management position to be guardian of the value of brand names, far too few managers, Aaker concludes, really understand the concept of brand equity and how it must be implemented. In a fascinating and insightful examination of the phenomenon of brand equity, Aaker provides a clear and well-defined structure of the relationship between a brand and its symbol and slogan, as well as each of the five underlying assets, which will clarify for managers exactly how brand equity does contribute value. The author opens each chapter with a historical analysis of either the success or failure of a particular company's attempt at building brand equity: the fascinating Ivory soap story; the transformation of Datsun to Nissan; the decline of Schlitz beer; the making of the Ford Taurus; and others. Finally, citing examples from many other companies, Aaker shows how to avoid the temptation to place short-term performance before the health of the brand and, instead, to manage brands strategically by creating, developing, and exploiting each of the five assets in turn

The Truth About Creating Brands People Love - Donna D. Heckler 2008-10-10

Branding: secrets revealed, best practices explained, pitfalls exposed! • The truth about positioning brands and developing brand meaning • The truth about brands as corporate profit drivers • The truth about advertising, pricing, segmentation, and more Simply the best thinking the truth and nothing but the truth

This book reveals the 51 bite-size, easy-to-use techniques for building great brands—and keeping them great. “I recommend this punchy, provocative book that uses vivid case studies to remind us of 51 truths about brands.” DAVID AAKER, Vice-Chairman, Prophet and Author of Building Strong Brands and Spanning Silos

The Brand Gap, Revised Edition - Marty Neumeier 2005-08-04

THE BRAND GAP is the first book to present a unified theory of brand-building. Whereas most books on branding are weighted toward either a strategic or creative approach, this book shows how both ways of thinking can unite to produce a “charismatic brand”—a brand that customers feel is essential to their lives. In an entertaining two-hour read you’ll learn: • the new definition of brand • the five essential disciplines of brand-building • how branding is changing the dynamics of competition • the three most powerful questions to ask about any brand • why collaboration is the key to brand-building • how design determines a customer’s experience • how to test brand concepts quickly and cheaply • the importance of managing brands from the inside • 220-word brand glossary From the back cover: Not since McLuhan’s THE MEDIUM IS THE MESSAGE has a book compressed so many ideas into so few pages. Using the visual language of the boardroom, Neumeier presents the first unified theory of branding—a set of five disciplines to help companies bridge the gap between brand strategy and customer experience. Those with a grasp of branding will be inspired by the new perspectives they find here, and those who would like to understand it better will suddenly “get it.” This deceptively simple book offers everyone in the company access to “the most powerful business tool since the spreadsheet.”
