Imagine a City - Elise Hurst

2016-10-11

You are invited into a stunning and dreamlike voyage into the imagination—ideal for fans of Chris Van Allsburg and the Caldecott Honor Book *Journey* by Aaron Becker. Imagine a world without edges . . . where bunnies and bears ride bicycles, lions read books, and buses are fish that fly through the clouds. In the city of imagination, anything is possible, and an outing with their mother brings a world of adventure to two lucky children. With simple,

evocative, rhyming text and page after page of unusual and mystical details to explore, this is a story that encourages readers to open their minds and dream of magical places filled with the unexpected. Enter a world of the past, present, and future, where wonders exist that we never thought possible. . . . "Who could resist hanging out with gargoyles while sipping tea?"—Kirkus "Hurst's sweeping pen-and-ink illustrations suggest a combination of midtown Manhattan and Hogwarts. . . [Her] engrossing mashups of the urban and the fantastical present no shortage of fuel for readers' own imaginations."—Publishers Weekly "Imagination reigns in this flight of fantasy . . . Rabbits read newspapers, fish fly, and trees grow out of pictures. Readers will have

tea with gargoyles and float on lily pad rafts, see books and umbrellas float by, walk among lions and bears, or ride on a fish bus with a bear conductor."—Booklist

Matthew Forsythe comes a picture book

about a magical drum, an emerald

forest, and the little frog who dares

to make her own music. The biggest mistake Pokko's parents ever made was giving her the drum. When Pokko takes the drum deep into the forest it is so quiet, so very quiet that Pokko decides to play. And before she knows it she is joined by a band of animals –first the raccoon, then the rabbit, then the wolf–and soon the entire forest is following her. Will Pokko hear her father's voice when he calls her home? Pokko and the Drum is a story about art, persistence, and a family of frogs living in a mushroom. Narratives of fear and safety - Kaisa Kaukiainen 2020-09-01

The essays in this edited volume, written in English and French, tackle the intriguing problems of fear and

safety by analysing their various meanings and manifestations in literature and other narrative media. The articles bring forth new, cross-cultural interpretations on fear and safety through examining what kinds of genre-specific means of world-making narratives use to express these two affectivities. The articles also show how important it is to study these themes in order to understand challenges in times of global threats, such as the climate crisis. The main themes of the book are approached from various theoretical perspectives as related to their literary and cultural representations. Recent trends in research, such as affect and risk theory, serve as the basis for the discussion. The articles in the volume also draw from disciplines

such as gender studies and trauma studies to examine the threats posed by collective fears and aggression on individuals' lives and propose ways of coping with fear. These themes are addressed also in articles analysing new adaptations of old myths that retell stories of the past. Many of the articles in the volume discuss apocalyptic and dystopian narratives that currently permeate the entire cultural landscape. Dystopian narratives do not only deal with future threats, such as totalitarianism, technocracy, or environmental disasters, but also suggest alternative ways of being and new hopes in the form of political resistance.

Hypatia - Silvia Ronchey 2021-06-21
This study reconstructs Hypatia's existential and intellectual life and her modern Nachleben through a reception-oriented and interdisciplinary approach. Unlike previous publications on the subject, *Hypatia* explores all available ancient and medieval sources as well as the history of the reception of

the figure of Hypatia in later history, literature, and arts in order to illuminate the ideological transformations/deformations of her story throughout the centuries and recover “the true story”. The intentionally provocative title relates to the contemporary historiographical notion of “false” or “fake history”, as does the overall conceptual and methodological treatment. Through this reception-oriented approach, this study suggests a new reading of the ancient sources that demonstrates the intrinsically political nature of the murder of Hypatia, caused by the phthonos (violent envy) of the Christian bishop Cyril of Alexandria. This is the first comprehensive treatment of the figure of Hypatia addressed to both academic readers –

in Classics, Religious Studies, and Reception Studies – and a learned, non-specialist readership.

Durbar - Tavleen Singh 2017-06-29
Tavleen Singh’s acclaimed and bestselling memoir begins in the summer of 1975 when, not yet twenty-five, she started working as a junior reporter in the Statesman in New Delhi. Within five weeks, Prime Minister Indira Gandhi declared the Emergency, and soon reckless policies said to be authored by her younger son were unleashed on India’s citizens. In 1984, following Indira Gandhi’s assassination, Rajiv Gandhi became Prime Minister, fortified by a huge mandate from a nation desperate for change. But, belying its hopes, the young leader chose for himself a group of advisors, friends and acolytes just as unaware as him of

the ground realities of a complex nation. It was the beginning of a political culture of favouritism and ineptitude that would take hold at the highest levels of government, stunting India's ambitions and frustrating its people for years to come. A sharp account of these turbulent years, Durbar describes the Nehruvian era of Singh's childhood, the Emergency of her youth and the political shifts that followed, bringing with them insurgencies, massacres, and crises internal and external. This remarkable memoir, vivid with the colour of election campaigns and society dinners, low conspiracies and high corruption, reminds us of this truth: that if India is to achieve a better future, the past cannot be ignored or forgotten.

Gus's Garage - Leo Timmers 2019
Gus's workshop is chockful of useless odds and ends. But when his friend Rico comes over with a problem-his scooter seat is way too small for a rhino-Gus finds just the thing to solve it. He creates a fabulous new vehicular contraption with an old lounge chair! One by one Gus's friends bring him their vehicles and Gus solves their troubles with ingenious solutions-a cooling system made with a fridge that doubles as an ice-cream machine, a burst of speed from a rocket blaster. Soon the workshop is almost empty, but the last scraps might be just enough to solve Gus's own problem at the end of a long day.

The End of Protest - Micah White
2016-03-15

Is protest broken? Micah White, co-
creator of Occupy Wall Street, thinks
so. Disruptive tactics have failed to
halt the rise of Donald Trump.
Movements ranging from Black Lives
Matter to environmentalism are

leaving activists frustrated.
Meanwhile, recent years have
witnessed the largest protests in
human history. Yet these mass
mobilizations no longer change
society. Now activism is at a
crossroads: innovation or
irrelevance. In *The End of Protest*
Micah White heralds the future of
activism. Drawing on his unique
experience with Occupy Wall Street, a
contagious protest that spread to
eighty-two countries, White
articulates a unified theory of
revolution and eight principles of
tactical innovation that are destined
to catalyze the next generation of
social movements. Despite global
challenges—catastrophic climate
change, economic collapse and the
decline of democracy—White finds
reason for optimism: the end of

protest inaugurates a new era of social change. On the horizon are increasingly sophisticated movements that will emerge in a bid to challenge elections, govern cities and reorient the way we live. Activists will reshape society by forming a global political party capable of winning elections worldwide. In this provocative playbook, White offers three bold, revolutionary scenarios for harnessing the creativity of people from across the political spectrum. He also shows how social movements are created and how they spread, how materialism limits contemporary activism, and why we must re-conceive protest in timelines of centuries, not days. Rigorous, original and compelling, *The End of Protest* is an exhilarating vision of an all-

encompassing revolution of revolution.

The Diary of Ma Yan - Ma Yan
2009-09-08

Wednesday, November 7 My father gave me and my brother a little money. My stomach is all twisted up with hunger, but I don't want to spend the money on anything as frivolous as food. Because it's money my parents earn with their sweat and blood. I have to study well so that I won't

ever again be tortured by hunger. . .
. In a drought-stricken corner of rural China, an education can be the difference between a life of crushing poverty and the chance for a better future. But money is scarce, and the low wages paid for backbreaking work aren't always enough to pay school fees. Ma Yan's heart-wrenching, honest diary chronicles her struggle to escape hardship and bring prosperity to her family through her persistent, sometimes desperate, attempts to continue her schooling. First published in France in 2002, the diary of ma yan created an outpouring of support for this courageous teenager and others like her -- support that led to the creation of an international organization dedicated to helping these children . . . all because of

one ordinary girl's extraordinary diary.

Handbook of Weaving - Sabit Adanur
2020-03-05

A mixture of science and art, weaving is nearly as old as human history. Despite the many technological advances in the field, however, it is still virtually impossible to control each individual fiber in a woven structure. To help you meet this and other weaving challenges, *Handbook of Weaving* covers every step of the process clearly and systematically.
