Gina: Freshly brewed tea. Earl Grey, loose leaf. Rain on the windowsills. The smell of library books. Escape into worlds greater than this. Solitude. Invisibility. A quiet life. Maybe boring, but boring was never dangerous. Until I saw what I was missing out on. Who I was missing out on. The man who shattered my boring, safe life and lay it to ruin. The man I'd been in love with since I was a teenager. Who I'd been invisible to since I was a teenager. The man who just happened to be a world-famous rock star. Sam: Whisky. Neat. Leave the bottle. Death is the monotony of life.

The grave? Well, all the greats live there. You're not a rock star until you die before you're thirty. The grave doesn't bother me. Just the quiet. That is death in the life of rock. But then... her. She'd been there all along and I'd been too blind, too obsessed with the fast, loud life to realize where the real Nirvana lay. In the silence. Even the grave couldn't hold me if I didn't get her. And I'm a rock star. And a badass. And as stubborn as I am good-looking. I know how to get what I want. I also know how to kill anyone who gets in my way.

Master of One - Jaida Jones

2020-11-10

Sinister sorcery. Gallows humor.

A queer romance so glorious it could be right out of fae legend itself. Master of One is a fantasy unlike any other. Rags the thief has never met a pocket he couldn't pick, but when he's

captured by a sorcerer with world-ending plans, he realizes even he is in over his head.

Forced to use his finely honed skills to nab pieces of an ancient fae relic, Rags is stunned to discover that those "relics" just happen to be people: A distractingly handsome Fae prince, A too-honorable Queensguard deserter, A scrappy daughter of a disgraced noble family, A deceptively sweet-natured prince, A bona fide member of the Resistance, And him. Rags. They may all be captives in the sorcerer's terrible scheme, but that won't stop them from fighting back. And, sure, six unexpected allies against one wicked enemy doesn't make for generous odds, but lucky for him, Rag's not generous—he's smart. And he has a plan that just might get them out of this alive. With the heist and intrigue of Six of Crows and the dark fairy tale feel of The Cruel Prince, this young adult fantasy debut will have

A Guide To Network Marketing

- Surya Sinha 2008-01-01

NETWORK MARKETING AND CALL OF THE FUTURE

We should hear the call of the future that network marketing brings with itself. Major companies do not want middlemen such as stockists, agents, distributors, wholesalers and retailers to come between

them and their customers. They want to connect directly with the consumer and they want to pass on the discounts directly to the end consumer which were earlier being given to stockists, agents, distributors, wholesalers and retailers. Many major companies worldwide have understood this fact and they are carrying on with their business through network marketing. We do not need to look far because leading Indian companies have accepted the truth that the best way of selling products in the future is through network marketing. Some companies have already adopted this system and their products are being sold in many major Indian cities. In the near future, products would be sold in every city, town and village through network marketing. Moreover, there are many other companies which are making preparations to adopt this beautiful system. So, it could be said that the network marketing
