Cascadian Hotel - Helen J. Knowles and L. Darlene Spargo 2020

On August 9, 1929, the Cascadian Hotel opened in Wenatchee, Washington, the "Apple Capital of the World." It was (and still is) the tallest building in town. The opening ceremony--featuring a human spider scaling the facade--celebrated the coming to town of a technologically innovative and luxurious hotel that, for its 42-year existence, prided itself on quality service. The Cascadian had very strong ties to the community, apple themes ran throughout the building, and for years it was the go-to meeting place in Wenatchee. The hotel also served as the starting point for the hospitality careers of several men and women who rose to executive leadership positions in the international Western (later Westin) Hotels chain.

The Isles of Shoals Through Time - Donald Cann 2020

There are relatively few places in the world where time seems to stand still. Incremental changes have

occurred on the Isles of Shoals, but they remain hidden beneath the natural and historical beauty that has been their hallmark since the late 1800s. Old Shoalers such as "Uncle" Oscar Loughton and the famed poet, Celia Thaxter, would still recognize the place today, from the grandeur of the Oceanic Hotel on Star Island and the wilds of Duck Island, to the stoicism of duty-bound White Island Lighthouse. The Isles of Shoals Through Time is a visual journey to this offshore haven, a reflection of summers past and a prediction of summers yet to come. Stepping off the boat at Star, we wander past cottages and monuments. On Appledore Island we witness the rugged, natural beauty that attracted artists of all types. As we cruise through the islands as the sun sets on the Maine and New Hampshire coastlines, we are reminded why visitors return year after year to this timeless place.

What is Lonergan Up to in "Insight"? - Terry J. Tekippe 2017-02-28

Many consider Bernard Lonergan the outstanding Catholic philosopher of the twentieth century, and his *Insight: A Study in Human Understanding* (1957) is a brilliant but difficult work that has challenged innumerable readers. *What Is Lonergan Up to in Insight?* is an accessible introduction to the leading ideas of Lonergan's massive and major achievement in which he focuses on the dynamics of scientific method. Using Plato's *Myth of the Cave* as the guiding metaphor, Father Tekippe, who studied under Lonergan, introduces readers to the main ideas of Lonergan's magnum opus. He does not comment, summarize, nor substitute for

Insight, but instead communicates faithfully Lonergan's own leading inspirations. Having studied Lonergan for thirty years, Father Tekippe brings the reader into the intricacies of the inner mind. Chapters relate the more abstract theological questions: Knowing and Morality," "Being: The Object of the Pure Desire to Know," "The Idea of God," "The Existence of God," "Reflective Insight," and "Question, Inquiry, and the Heuristic," as well as the practical, everyday inquiries: "Insight in Common Palance," "Insight in Sports," "Insight and the Detective Story," "Insight in Jokes," and "Great Insights in Science." Undergraduate and graduate students, those in catechetical and ministry schools, and all those interested in Lonergan's theology will appreciate this introduction to one of the most respected and influential works of our time.

Just One Night - Charity Ferrell 2018-02-18

A one-night stand with a single, widowed dad can change everything. "What the f*ck have I done?" aren't the first words you want to hear after a one-night stand. Yet that's what he gave me. Dallas Barnes is tall, dark, and handsome. He's also scarred, rough, and broken down by burdens. A single dad. A widower. A lost soul. We found each other in the back of a dark pub. He brought the whiskey. I brought the bad decisions. He called it a mistake. I vowed never to speak to him again. That vow is broken with one test. Two pink lines have turned my life upside down. One night can change everything.

Kemp: The Road to Crécy - Jonathan Lunn 2018-04-23

An epic Medieval adventure of the Hundred Years War When Martin Kemp joins the English army in order to avoid the hangman, he may just be delaying the inevitable. While he remains hopeful that at least there's the chance for some heroics, the reality is very different. Kemp's war is instead a terrifying odyssey through the panic and confusion of his first battle, the brutal realities of siege warfare, and eventually to the field of Crécy, where he faces the armoured might of the French nobility. But as an elite longbowman, when it comes to winning or losing, he could have a vital – though dangerous – part to play. This stunning adventure brings the medieval world vividly to life, and is ideal for fans of Bernard Cornwell, Matthew Harffy and Giles Kristian.

Creation for Progressive Christians - Donald Schmidt 2020-06-23

Behind all the creation stories there is a basic assumption that God was involved; the "how" of it was a secondary concern to the original writers. The publication of this study guide is timely given the current conversations and warnings around the health of creation and climate change. One can easily find – online, in magazines, or on television – images of animals that cannot find food; dry areas that used to be lakes and rivers; floods beyond belief; and places such as Tuvalu, where palm trees now grow underwater because the ocean level has risen. Clearly, climate change is real and impacting people around the globe. The question, therefore, is not "Does it exist?" or even "Is this thing human caused or the natural cycle of things?" but rather, "What do we do to slow it down and enhance life for all species?" Although it is not a book about climate change but rather an exploration of five biblical creation stories, this study can help progressive Christians engage these questions. Understanding the biblical creation stories can help us see creation as a delicate balance, and our role in it as stewards. As people of faith, it is incumbent on us to understand our relationship with every facet of the divine, which is clearly present in the world and everything around us. The question behind this book is this: What did our ancient ancestors want us to understand about the creation of the universe, the divine presence in that creation, and how we might live our lives in response to that?

Death Waits in the Dark - Mark Edward Langley 2020-08-04

It took all of thirty seconds for two shots to bring the world of Margaret Tabaaha crashing down around her. After losing her husband in Afghanistan during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the identity of the boys' killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his life.

Anxious Eaters, Anxious Mealtimes: Practical and Compassionate Strategies for Mealtime Peace - 2019-12-23
How can grasshoppers help parents and feeding professionals teach anxious eaters about new foods? Marsha Dunn Klein, an internationally-known feeding therapist, provides the answer in this book--highlighting that most anxious eaters do not enjoy the sensations and variability of new foods. In seeking to help them, she asks what you'd need to do to help yourself try a worrisome new food, such as a grasshopper. Drawing on her own experience trying grasshoppers while learning Spanish in Mexico, she personalizes the struggle of children to find new food enjoyment, providing a goldmine of practical, proven, and compassionate strategies for parents and professionals who work with anxious eaters. Learn how to: - find peace and enjoyment during mealtimes; - find ways to help anxious eaters fearlessly try new foods; - navigate the sensory variations in food smells, tastes, textures looks, sounds: and - help anxious eaters (and their parents) develop a more positive relationship with food. Because parents are absolutely central to mealtime success, the author incorporates parent insights throughout the book. Using encouragement, novelty, and fun, she invites everyone back to the table with a sensitive and pressure-free approach.
