ADDRESSING CAUSE AND EFFECT - Heartburn, Acid Reflux and GERD
Relief without Drugs In the Fast Tract Digestion Heartburn, Norm Robillard, Ph.D., Founder of the Digestive Health Institute, explains the TRUE CAUSE and provides the COMPLETE DIETARY SOLUTION for acid reflux and GERD based on solid scientific evidence. This ground-breaking new approach -WHAT YOU EAT AFFECTS BACTERIA IN YOUR GUT-

supported by a clinical study was presented at the recent Digestive Disease Week meeting in May, 2013 to provide a different treatment option to gastroenterologists for acid reflux and GERD. What people are saying about the Fast Tract Digestion Heartburn: "I weaned myself off proton pump inhibitors, and have avoided surgery completely. My quality of life is soooo much better. My gastroenterologists and surgeons are speechless.... His diet works. Period. Don't give up on it. Stick it out, and you will see the results.... I have never written a review on Amazon before, and am not being paid to say this. I feel so strongly about this book, that I had to let the world know." --- Joey I had been on PPI medication for over 10 years and tried from time to time to get off of

them. But the acid reflux that returned was excruciating. I found this book, followed its advice and was so pleasantly surprised how well it works. Haven't taken a PPI in a month. The book is easy to read and understand and the recipes are really good. The charts in the book also make it easy to keep track of what and how much you can eat. I'd recommend this book to anyone who has GERD, takes medication for it and wants to get off of PPI's. --- DJ In the recent blog articles by the New York Time Best Seller Co-author of Protein Power, Dr. Mike Eades mentions the effectiveness of the Fast Tract Diet for GERD:

Why can't the gastroenerologists leave the pills alone." --- Henry T Ulrich "Thanks to Fast Tract Digestion diet and the consultative help of Norm Robillard via the Digestive Health Institute, I am now off meds, taking just an occasional TUMS. I feel better than I have since being diagnosed with GERD nearly two years ago. I expect that I will always need to be careful about what I eat, but it is a graded system that enables me to try gradual adjustments." --- Sunbeam48 According to Alana Sugar, a certified nutritionist with close to 25 years in practice: Dr. Robillard, your work has done the greatest service of all
