Cloud Computing Basics - T. B. Rehman

2018-11-29

This book is designed for use as a primary textbook for a course in cloud computing or as a resource for professionals in industry seeking to explore cloud services. The book highlights the recent developments in distributed computing and details the architecture, virtualization concepts, and security concerns of cloud computing. It also provides a detailed understanding of the benefits

of cloud computing that can encourage enterprises to switch to the cloud. Features: - Provides a basic understanding of the computing paradigm of cloud computing - Gives a brief introduction to cloud computing, its architecture, and the Hadoop distributed file system - Deals with cloud management concepts like scalable, fault tolerance, resiliency, provisioning, asset management, cloud governance, high availability, disaster recovery, and multi-tenancy - Includes

case studies on MS Azure, Google, Amazon Web Services, Aneka, etc.

Circuits and Diagrams - Norman Hugh Schneider
1917

Combat Use Of The Double-edged Fighting Knife
- Rex Applegate 1993-07-01

Before arming yourself with a fighting knife, arm yourself with the facts. Colonel Applegate, the world's foremost authority on close combat, wrote this book to instill in readers the skills necessary for contemporary knife fighting. Now you, too, can benefit from the same instructions that

generations of military and intelligence personnel have.

The Founder of Opus Dei - Andrés Vázquez de Prada 2001

Dream, and your dreams will fall short, Saint Josemaría Escrivá told early members of Opus Dei. This third and final volume of the most extensively researched work on the founder of Opus Dei covers his years in Rome, from 1946 until his death there in 1975. It describes how Opus Dei overcame major obstacles and blossomed from a handful of members in Spain into a worldwide institution, with more than 60,000

members of 80 nationalities. Andres Vazquez de Prada, a Spanish diplomat, writer, and historian who knew Saint Josemaría personally, narrates

the story, using previously unpublished letters, diaries, and other sources from the archives of the Prelature of Opus Dei.
