Fuzzy and Neutrosophic Analysis of Periyar's Views on Untouchability - W. B.

Vasantha Kandasamy 2005

For the first time, the social problem of untouchability, which is peculiar to India, is being studied mathematically. We have used Fuzzy Cognitive Maps and Neutrosophic Cognitive Maps to analyze the views of the revolutionary Periyar E. V. Ramasamy (17.09.1879 24.12.1973) who relentlessly worked for more than five decades to secure the rights of the oppressed people who were considered untouchables. This thought-provoking book will be of great interest to human rights activists, socio-scientists, historians, and above all, mathematicians. From UNESCO citation: Periyar, The Prophet of the New Age, The Socrates of South East Asia, Father of the Social reform Movement and Arch Enemy of Ignorance, Superstition, Meaningless Customs and Baseless Manners. *Collected Works of Periyar E.V.R.* - Ī. Immortal Talks - Shunya 2017

The book starts with two monks secretly observing a group of tribal people in a forested mountain. It appeared that the jungle dwellers were talking to something that was visible for them but invisible for everyone else. Any rational mind would reject their activities as hallucination, but the monks studied them and discovered the talks between an immortal and His secret disciples; the talks that revealed the mysteries of life and secrets of godly powers; the talks that examined the nature of Reality, Karma, Desire, Soul, Destiny, Death, Time, and Space; the talks that described the indescribable; the Immortal Talks. Contents: Prologue, The Alternate Mother, The Mermaid, Describing the Indescribable, The Strings of Time, Defeating Death, The Cursed Souls HANUMAN'S RAMAYAN - Devdutt Pattanaik 2010-01-01

Valmiki has barely put down his pen after completing his magnificent creation, the epic Ramayan, when he realises he has competition. The sage Narad tells him that there is a better Ramayan, written by Hanuman. Valmiki is devastated! As the story of Hanuman's Ramayan unfolds, humorously and gently, so does the idea that there is no one version of the well-loved story about Ram, Sita, Hanuman and Ravan, but many. Here, the quirky illustrations based on the style of Mithila folk paintings tell their own story.

Gaṇeśapurāṇa - Greg Bailey 2008

This book offers a translation of the seven thousand verses of the second book of the medieval Hindu text, the Ganesa Purana, one of two Puranas dedicated to the important elephant-headed god. In this book the reader is given many narratives about Ganesa's ascent to earth in order to kill demonic figures who threaten to

overthrow the correct world order. In addition, these narratives contain myths about Ganesa's birth and family as well as some extended and quite humorous myths about ideal devotees of the god. The translation is preceded by a long introduction offering a geographical and historical context for the Ganesa Purana. Following the translation are very extensive notes which bring our points of philological interest, but focus mainly on the literary structure of the text and the methods used to present the many myths and narratives in a coherent and fully integrated manner.

Cities Full of Symbols - Peter J. M. Nas 2011

Cities are full of symbols that bear the meanings that together constitute urban culture. These interdisciplinary case studies, from Yogyakarta to Leiden and from Buenos Aires to New York, employ urban symbolism theory and a focus on

such symbols as the city's layout, statues, street names and popular culture. This book examines design proposals that show symbolic handling of the 9/11 attack on New York, the disaster symbolism of the ship washed ashore by the tsunami in Banda Aceh, and the design of the symbol of the city of Cape Town derived from a remnant of Dutch colonial architecture, or the mass pilgrimage to Elvis's Graceland in Memphis. 'Cities Full of Symbols' develops urban symbolic ecology and hypercity approaches into a new perspective on social cohesion. Approaches of architects, anthropologists, sociologists, social geographers and historians converge to make this a book for anyone interested in urban life, policymaking and city branding.-Cover.

Borderland Lives in Northern South Asia - David N. Gellner 2013-12-02

Borderland Lives in Northern South Asia provides valuable new ethnographic insights into life along some of the most contentious borders in the world. The collected essays portray existence at different points across India's northern frontiers and, in one instance, along borders within India. Whether discussing Shi'i Muslims striving to be patriotic

Indians in the Kashmiri district of Kargil or Bangladeshis living uneasily in an enclave surrounded by Indian territory, the contributors show that state borders in Northern South Asia are complex sites of contestation. India's borders with Bangladesh, Bhutan, Burma/Myanmar, China, and Nepal encompass radically different ways of life, a whole spectrum of relationships to the state, and many struggles with urgent identity issues. Taken together, the essays show how, by looking at state-making in diverse, border-related contexts, it is possible to comprehend Northern South Asia's various nation-state projects without relapsing into conventional nationalist accounts. Contributors. Jason Cons, Rosalind Evans, Nicholas Farrelly, David N. Gellner, Radhika Gupta, Sondra L. Hausner, Annu Jalais, Vibha Joshi, Nayanika Mathur, Deepak K. Forbidden Archeology - Michael A. Cremonesi
1998

Over the centuries, researchers have found bones and artifacts proving that humans like us have existed for millions of years; the author argues, however, that

mainstream science has suppressed these facts and that prejudices based on current scientific theory act as a "knowledge filter," giving us a picture of prehistory that is largely incorrect.

Adaptive Reuse - Elisa Freschi 2016-12-31

The present volume explores a specific aspect of creativity in South Asian systems of knowledge, literature and rituals. Under the heading of "adaptive reuse," it discusses the relationship between innovation and perpetuation of earlier forms and contents of knowledge and aesthetic expressions within the process of creating new works. Although this relation rarely became the topic of explicit reflections in the South Asian intellectual traditions, it is here investigated by taking a closer look at the treatment of older materials by later authors.

Rámáyan of Válmíki - Válmíki 2018-10-29
Ramayana is an ancient Indian epic poem

which narrates the struggle of the divine prince Rama to rescue his wife Sita from the demon king Ravana. Along with the Mahabharata, it forms the Hindu Itihasa. The epic, traditionally ascribed to the Hindu sage Valmiki, narrates the life of Rama, the legendary prince of the Kosala Kingdom. It follows his fourteen-year exile to the forest from the kingdom, by his father King Dasharatha, on request of his second wife Kaikeyi. His travels across forests in India with his wife Sita and brother Lakshmana, the kidnapping of his wife by Ravana, the demon king of Lanka, resulting in a war with him, and Rama's eventual return to Ayodhya to be crowned king.

Java in the 14th Century - Theodore G.Th. Pigeaud 2013-03-09

Essentially the following commentary on the contents of the Nāgara-Kertāgama has been made up from notes by former editors of the text together with remarks, criticisms and digressions by the present author. As Kern, Krom and their contemporaries were especially interested in dynastie history and archeology their notes on those subjects are legion, and as a result of their studies on many points a communis opinio has been reached. The argumentations which led up to this end are not reproduced in the present edition. The interested reader is referred to Krom's great books: Oud-Javaansche Kunst and Hindoe-Javaansche Geschiedenis. It is to be expected that before long the results of Krom's life-work will be made accessible for English readers by De Casparis. On the other hand cultural history, religion, economics and sociology

have been rather neglected by the first editors of the Nāgara-Kertā gama. The present author has done his best to remedy that omission. The reader will find that the greater part of the following commen taries is concerned with those subjects. The contemporaneous minor texts and the charters that are published, translated and annotated in the present book in the same manner as the Nāgara-Kertāgama have been chosen almost exc1usively for the valuable information on social, economic and religious conditions in the 14th century Majapahit realm that is afforded by them.

Connected Places - A. Feldhaus 2003-12-18

This book examines the words and actions of people who live in regions in the state of Maharashtra in Western India to illustrate

the idea that regions are not only created by humans, but given meaning through religious practices. By exploring the people living in the area of Maharashtra, Feldhaus draws some very interesting conclusions about how people differentiate one region from others, and how we use stories, rituals, and ceremonies to recreate their importance. Feldhaus discovers that religious meanings attached to regions do not necessarily have a political teleology. According to Feldhaus, 'There is also a chance, even now, that religious imagery can enrich the lives of individuals and small communities without engendering bloodshed and hatred'.

What Shiva Told Shakti - Devdutt Pattanaik 2017-10-09

Ramayana isn't a single text. It is a belief, a tradition, a subjective truth, a thought materialized, ritualized and celebrated through narrations, songs, dances, sculptures, plays, paintings, and puppets across hundreds of locations over hundreds of years.' But where did it all originate? It is believed that when Shakti wanted to hear a tale that had the power to comfort during turbulent times, Shiva narrated the Ramayana. It is from this brief exchange that all that came followed. With *What Shiva Told Shakti*, Devdutt Pattanaik offers

a brief glimpse into the vast and historical tradition that is the Ramayana. From versions and formats to cultures and countries, explore the epic with the master himself.

Hanuman's Tale - Philip Lutgendorf
2007-01-11

Hanuman, the devoted monkey helper of Rama and Sita, has long been recognized as a popular character in India's ancient Ramayana epic. But more recently he has also become one of the most beloved and worshiped gods in the Hindu pantheon - enshrined in majestic new temples, but equally present in poster art, advertising, and mass media. Drawing on Sanskrit and vernacular texts, classical iconography and modern TV serials, and extensive fieldwork and interviews, Philip Lutgendorf challenges the academic cliché of Hanuman as a "minor" or "folk" deity by exploring his complex and growing role in South Asian

religion and culture. This wide-ranging study examines the historical evolution of Hanuman's worship, his close association with Shiva and goddesses, his invocation in tantric ritual, his physical immortality and enduring presence in sacred sites, and his appeal to devotees who include scholars, wrestlers, healers, politicians, and middle-class urbanites. Lutgendorf also offers a rich array of entertaining stories not previously available in English: an expanding epic cycle that he christens the "Hanumayana." Arguing that Hanuman's role as cosmic "middle man" is intimately linked to his embodiment in a charming and provocative simian form, Lutgendorf moves beyond the Indian subcontinent to interrogate the wider human fascination

with anthropoid primates as boundary beings and as potent signifiers of both Self and Other.
