Bloody Beautiful - Tarlin Saye 2016-05-31

I checked my rearview mirror for the thousandth time and released a slow breath. Nothing behind me. Seemed I was the only one foolish enough to brave the weather in an attempt to escape. With each blur past my driver side, it meant a new destination, a new start, only to end the same old way. Who am I? Have you ever had to ask yourself that question? Does the answer change often? It does for me. Today, I'm Naomi Perks. Funny. Just yesterday, I was Amber Perkins. A new town, a new name. Might seem strange to most, but it's become routine for me. Naomi Perks is young, vibrant, and sexy with "killer" moves, ready to snatch up the heart and money of the perfect man. But when she meets Ethan, a handsome jock with a good heart, she becomes conflicted in her desires. Has she finally met the one person who could change her life for the better? But Naomi's not the only one on the fence. Ethan's new friend, Jillian, a beautiful, nerdy, computer geek trying to find herself, has possibly stolen his heart as well. Caught in between, Ethan discovers all these two women have to offer, and he's forced to choose between his heart and his head... One path may lead to his untimely demise. Tarlin Saye's romantic thriller, full of love, passion, and blood, leaves readers with the question: Is seduction convincing someone to follow you? Or making them believe it was their idea to begin with? Find the answer in Bloody Beautiful.

Race Tech's Motorcycle Suspension Bible -
Paul Thede 2010-06-19

Suspension is probably the most misunderstood aspect of motorcycle performance. This book, by America's premier suspension specialist, makes

the art and science of suspension tuning accessible to professional and backyard motorcycle mechanics alike. Based on Paul Thede's wildly popular Race Tech Suspension Seminars, this step-by-step guide shows anyone how to make their bike, or their kid's, handle like a pro's. Thede gives a clear account of the three forces of suspension that you must understand to make accurate assessments of your suspension's condition. He outlines testing procedures that will help you gauge how well you're improving your suspension, along with your riding. And, if you're inclined to perfect your bike's handling, he even explains the black art of chassis geometry. Finally, step-by-step photos of suspension disassembly and assembly help you rebuild your forks and shocks for optimum performance. The book even provides detailed troubleshooting guides for dirt, street, and supermoto--promising a solution to virtually any handling problem.

50 Wild Motorcycle Tales - Walter F. Kern 2014-06-21

This book is an anthology of motorcycle stories. These 50 stories were submitted to me over a 13-year period by a wide range of motorcyclists from all walks of life. These authors tell their own personal stories of what happened to them as they rode their motorcycles. Among these writers are a few professionals who made some of their works available to me early in their careers. They now have books of their own. Some tales are very short, and some are very long. I've tried to

mix them up. You may find the stories of some authors grouped together. Each tale was intensively edited to provide a good reader experience. You'll find humor, risk-taking, adventures, poetry, rhyming verse, 2-up excursions, world travelers, stupid tricks on bikes, lessons learned, winter riding perils, hazards while riding, and stories told by returning riders. I wrote five of these stories. Two of my stories relate my experiences on my motorcycle trips. Two stories are fictional children's stories that involve fantasy and motorcycles. The last story is a short fictional tale that describes an alternate world of motorcycles. Got a better original tale? Send it to me for consideration in a possible sequel.

Timeless on the Silk Road - Heather Ellis 2019

Timeless On The Silk Road is a travel memoir based on one woman's solo motorcycle odyssey along the fabled Silk Roads of antiquity. Faced with her mortality, this is a profoundly confronting tale of life and death. An evocative journey of courage, hardship and immense beauty of landscape and culture, Heather brings to life every character she meets along the way. She pays homage to the fallen ANZACs; crosses oil-rich Azerbaijan and the Caspian Sea. In Turkmenistan and Uzbekistan, she enters the ancient world of Islam, then rides over the high snow-capped mountain passes to the lush valleys of Kyrgyzstan where the nomads take her into their yurts and their hearts. She becomes lost in the vastness of the birch forests of Kazakhstan's Altai Mountains where she is rescued by Russian mountain men. And in China, she is repeatedly told there will soon be a new world order.

Timeless On The Silk Road is essentially the story

of one woman's last adventure; her one last search for meaning as she navigates the pendulum of denial and hope: depression and faith. But it is through this search that the narrative is infused with a deep spiritual power leaving the reader questioning their own mortality and leaving them with a deeper understanding of what it means for the millions globally living with HIV; for the newly diagnosed; and for those, without access to effective treatments, continue to die from AIDS. Timeless on the Silk Road is Heather's eagerly anticipated second book and follows *Ubuntu: One Woman's Motorcycle Odyssey Across Africa*, a travel memoir about a life-changing adventure into the soul of Africa. Published by Black Inc in April 2016 and *Illuminatio* in Poland in June 2017, *Ubuntu* has received rave reviews in Australia and internationally, and continues to be listed as a 'Bestseller' in travel on Amazon. Heather has worked as a radiation safety technician, a motorcycle courier in London, a journalist and in communications in international community development. She lives in the Yarra Valley, Australia with her three children. And she still rides motorcycles.

Addressing Challenging Moments in

Psychotherapy - Jerome S. Gans 2021-09-30

"This practical and helpful volume details how clinicians can work through various and common challenges inherent to psychotherapy, whether within the context of individual, marital, or group settings. Chapters draw upon wisdom gleaned from the author's 48 years as a practicing psychiatrist to address topics such as using countertransference for therapeutic purposes; resistance, especially when it needs to be the focus of the therapy; and a prioritization of exploration over explanation and favor working in the here-and-now. Along with theory and clinical observations, Dr. Gans offers a series of "Clinical Pearls," pithy comments that highlight different interventions to a wide range of clinical challenges. These include patient hostility, the abrupt termination of therapy, treating a couple that's lost compassionate neutrality, and more. In addition to offering advice and strategies for therapists, the book also addresses foundational concerns like the matter of fees in private practice and the virtue of moral courage on the part of the therapist. Written with clarity, heart, and an abundance of clinical wisdom, Challenging Moments in Psychotherapy is essential reading for all clinicians, teachers, and supervisors of psychotherapy"--

An Earthly Paradise - Raziuddin Aquil 2020-02-25

This collection of articles on varied facets of early modern Bengal showcases cutting edge work in the field and hopes to encourage new research. The essays explore the trading networks, religious traditions, artistic and literary

patronage, and politico-cultural practices that emerged in roughly sixteenth-eighteenth centuries. Using a wide array of sources, the contributors to this volume, coming from diverse academic affiliations, and including many young researchers, have attempted to address various historiographical 'black holes' bringing in new material and interpretations. Early modern Bengal's history tends to get overshadowed by the later developments of the nineteenth century. What this assortment of articles highlights is that this period needs to be studied afresh, and in depth. The region underwent rapid transformations as it got politically integrated with Northern India and its empires and economically with extensive global economic networks. Combined with its unique geography, the trajectory of this region in all spheres manifest an almost constant interplay of local and extra-local forces – be it in literature, art, economic domain, political and religious cultures – and considerable enterprise and ingenuity. Thus, a variety of themes – including travel accounts, Portuguese and Arakanese presence, early Dutch, French, Ostend companies' forays into the region, artistic production in the Nizamat and later collections of art and missionaries, the English company state's intrusions in local economy in salt and raw silk production and indigenous reactions and rebellions, consumption practices related to religious activities, circulation and translation of texts, representation of women in vernacular writings, and organization of religious traditions – have been analysed in this volume, with a wide ranging introduction tying up the themes to the broader historiographical issues and contexts. The collection will be an invaluable reference tool for students and scholars of history, especially of early modern India. Please note: This title is co-published with Manohar Publishers, New Delhi. Taylor & Francis does not sell or distribute the Hardback in India, Pakistan, Nepal, Bhutan, Bangladesh and Sri Lanka.

Boulevard - Adam Bartos 2005

Boulevard is a visual tale of two disparate cities: Paris and Los Angeles. In the early 1970s Adam Bartos began to use color photography to document the contemporary urban landscape, infusing his images with a quiet calm and finding composition in even the most random corners. He often focused his lens on his native New York and published a monumental series of photographs examining the modern architecture of the United Nations. In the late 1970s and then again in the early 1980s, Bartos traveled to Los Angeles and to Paris. These two influential trips would have a strong and lasting impact upon his vision. And yet, until recently, Bartos had never considered the two cities--or bodies of work--together. In this book, an intriguing dialogue takes place before our eyes. As we venture through the scarcely inhabited hotel rooms, backyards, gas stations, and, inevitably, city streets, we are struck by the graphical relationships, the surprisingly similar color palate between the two. There is a magnetism and repulsion operating here polar opposites--in art and life--that at unexpected moments converge and suddenly attract. Novelist, essayist and travel writer Geoff Dyer examines the two.
